# Great American Safety Drive

---

**Please join us for the 2015 Great American Safety Drive**  
Indianapolis “Safety Stop” hosted by Indiana University Health LifeLine

The Great American Safety Drive is a one-day event that promotes safety education and philanthropic support earmarked specifically for safety-related research projects and educational opportunities that promote safety with our medical transport programs and valued partner organizations across the country. In 2015, Indianapolis will serve as a “safety stop” for this event. IU Health LifeLine, Indiana Emergency Response Conference and IU Health Level One Trauma Center will partner to offer safety education, technology and training for local air and ground medical personnel and emergency medical service providers.

All proceeds will go to AAMS MedEvac Foundation for safety education and research.

**When:** August 19, 2015 9:00AM - 3:30PM

**Where:** Indianapolis Motor Speedway
