RE: Final Adoption of State Trauma Registry Rule, 410 IAC 34 (LSA Document #12-617)

The Indiana State Department of Health requests that the Executive Board, at the Board's September 11, 2013 meeting, finally adopt the State Trauma Registry rule at 410 IAC 34. The rule adds 410 IAC 34 to establish a state trauma registry for the collection of information regarding the delivery of traumatic injury care services in Indiana for purposes of improving the statewide trauma system.

The Notice of Intent to Adopt a Rule was published in the Indiana Register on November 28, 2012, starting the one year period to adopt this rule. An AROC Notice was filed on July 10, 2013, extending the rulemaking process for one additional year. The proposed rule was preliminarily adopted by the Executive Board at the January 9, 2013 meeting. Although minor changes have been made based on public comment, the rule has not substantively changed.
