Dear Mr. Black:

Pursuant to IC 4-22-2-28, the Indiana Economic Development Corporation (“IEDC”) has reviewed the economic impact analysis for small business associated with rule changes contained in LSA Document 12-157 and proposed by the Indiana State Department of Health (“ISDH”). The proposed rule adds 410 IAC 6-10.1 to update and clarify agency requirements pertaining to the design, construction, installation, maintenance, and operation of commercial on-site sewage systems.

The economic impact statement prepared by the ISDH indicates that the proposed rule is being added in order to update and replace 410 IAC 6-10, which was originally promulgated in 1988. The economic impact statement also states that no additional administrative or fiscal burden will be experienced by small businesses as a result of the proposed rule.

The IEDC does not object to the economic impact to small businesses associated with the proposed rule. If you have any questions about the comments contained herein please contact me at 234-3997 or [eshields@iedc.in.gov](mailto:eshields@iedc.in.gov).

Regards,
