RE: Preliminary Adoption of Disposition of Aborted Remains, 410 IAC 35

The Indiana State Department of Health requests that the Executive Board, at the Board's June 24, 2105 meeting, adopt the proposed rules for the disposition of aborted remains at 410 IAC 35. The proposed rule amendments would add definitions and specify the disposal standards to be used by abortion clinics and health care facilities to dispose of aborted remains.

A Notice of Intent was published on the Indiana Register Website on May 27, 2015 starting the one year period to adopt this rule amendment.
