W0149	<p>483.420(d)(1) STAFF TREATMENT OF CLIENTS The facility must develop and implement written policies and procedures that prohibit mistreatment, neglect or abuse of the client.</p> <p>Based on observation, record review and interview, the facility neglected to implement its "Human Rights of Clients Policy" by failing to protect 7 of 8 clients who lived in the home (clients B, C, D, E, F, G and H) from being physically aggressed upon at the group home by client A. The facility neglected to implement their policy to protect client A from his elopement behaviors.</p> <p>Findings include:</p> <p>Observations were conducted at the day program which was facility owned/operated on 2/21/12 from 2:28 P.M. until 2:55 P.M.. Client A was laying on a sofa covered with a blanket. Client A was holding a charger with the cord hanging down loose. Client A repeatedly stated in a loud tone of voice, "I was taking a nap." Each of the other clients in the area would walk way out of their way to get past client A. When client A's van arrived to transport him home staff prompted him to get his coat. Client A got up dragging the charger cord behind him flipping the cord. It appears that until the incident on 2/16/12 when client A jumped out of a moving vehicle that nothing significant had been done to search for alternative living arrangements for client A. While awaiting placement options for client A, the agency hired a behavior consultant to assist with the individual. The plan was implemented and is effective in responding to client A's behavior. It is very difficult to anticipate when client A will run away or become physically aggressive. In order to prevent future occurances the facility will continue to staff at high levels so that if client A is to elope, there will be adequate staff to assist him home. Staffing levels are also increased to protect the peers of client A from being physically assaulted. These interventions have been effective thus far. A referral packet for a ESN group home as well as a SOF have both been completed and submitted. The agency has been informed of an opening at a facility for Client A but the facility as of this date</p>	03/07/2012

Client A was cleaning his room one on one with staff. Client A had reportedly thrown all of his shoes and clothing around his room when he was looking for something he thought someone had taken from him. At 4:08 P.M. client A was sitting at the table on the edge of his chair eating a snack. Client A was closely watching each of his housemates. Client A looked into the bowls to see what the other clients were eating. Client A watched the interactions between the other clients and staff. Client A repeatedly looked at client C's shoes, and client C, who is non-verbal, would motion for him to stop. Client A continued to carry the charger with the cord hanging down through out the observation period making sure the metal end hit the floor. Client A frequently made statements in a threatening tone of voice such as, "They better not mess with my paper." "Nobody better mess with my paper." "Better leave my stuff alone." Client A did not have a paper. Staff continually reassured him no one would mess with his things. It appears that until the incident on 2/16/12 when client A jumped out of a moving vehicle that nothing significant had been done to search for alternative living arrangements for client A. While awaiting placement options for client A, the agency hired a behavior consultant to assist with the individual. The plan was implemented and is effective in responding to client A's behavior. It is very difficult to anticipate when client A will run away or become physically aggressive. In order to prevent future occurances the facility will continue to staff at high levels so that if client A is to elope, there will be adequate staff to assist him home. Staffing levels are also increased to protect the peers of client A from being physically assaulted. These interventions have been effective thus far.A referral packet for a ESN group home as well as a SOF have both been completed and submitted.</p>	03/07/2012

Client A repeatedly looked at client C's shoes, and client C who is non-verbal would motion for him to stop. Client A continued to carry the charger with the cord hanging down through out the observation period making sure the metal end hit the floor. Client A frequently made statements in a threatening tone of voice such as, "They better not mess with my paper." "Nobody better mess with my paper." "Better leave my stuff alone." Client A did not have a paper. Staff continually reassured him no one would mess with his things. Client B was observed to take steps backwards or take the long way around to avoid being near client A.</p>		<p>The agency has been informed of an opening at a facility for Client A but the facility as of this date has not notified ADEC of the possible admission. There is ongoing communication with BDDS to find a placement for Client A. There is one agency that has requested significant information on Client A but we have not heard if they will be admitting him or not. It has been requested to BDDS that if this placement is not firm, that we be notified of other options they are persuing. Person Responsible: Director Of Residential Operations</p>

	<p>jumped out of a moving vehicle while it was traveling at 25 miles per hour. He (client A) rolled several times, abraiding part of his body. He ended up getting up and then running. He ran for about 45 minutes, they (staff/police) about a mile and a half. His care providers were able to keep him from running into the road. Police eventually assisted in restraining him. He was brought in for evaluation. He has multiple abrasions. These were cleaned and dressed...He needs to be on a locked down unit because of his impulsive behavior. He becomes violent at times...."</p> <p>The DRO was interviewed on 2/21/12 at 1:59 P.M.. When asked about client A's behaviors, the DRO stated, "We have tried everything. We gave notice to the BDDS in September letting them know we could no longer provide services for him. We keep in constant communication with BDDS requesting help. We have also filled out a request for an Extensive Behavioral Support Needs (ESN) home dated 2/17/12. We can't provide him with active treatment. The local mental health facilities will not admit him anymore. His psychiatrist says she can not prescribe him any more behavior medications. She prescribed him Thorazine (anti-psychotic) 100mg (milligrams) three times a day after he jumped out of the van last week,</p>

	<p>and it is already wearing off, and he is gearing up to have another behavior. He has a very high tolerance for medications. He has psychotic/manic episodes, which just happen out of the blue. He will think someone is wearing his clothing or has taken something of his and he will forcefully try to remove the shirt or pants from the client. If we try to stop him from eloping he becomes violent. Staff run with him to keep him safe. He has hurt many staff and would hurt the clients if the staff did not step between them."</p> <p>This federal tag relates to complaint #IN00104169.</p> <p>9-3-7(a)</p>
