TITLE

(X6) DATE

Any deficiency statement ending with an asterisk (*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (see instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.

	<p>accommodation of resident needs and preferences except when to do so would endanger the health or safety of the resident or other residents.</p> <p>Based on observation, record review, and interview, the facility failed to meet a resident's need, related to a call light not placed within reach for 1 of 6 residents observed for call light placement. (Resident G)</p> <p>Finding includes:</p> <p>During an observation on 5/26/21 at 11:07 a.m., Resident G was sitting in a wheelchair, located in the middle of the room. The call light was laying across the bed, not in reach of the resident.</p> <p>During an observation on 5/26/21 at 11:49 a.m., Resident G remained in the wheelchair, in the middle of the room. The call light remained on the bed out of the reach of the resident.</p> <p>During an interview on 5/26/21 at 11:51 a.m., Resident G was asking for more water. The Social Service Director entered the room. She indicated the call light was not in the resident's reach.</p> <p>Resident G's record was reviewed on 5/27/21 at 10 a.m. The diagnoses included, but were not limited to, Parkinson's disease.</p> <p>A Quarterly Minimum Data Set assessment, dated 4/8/21, indicated an impaired cognition status, extensive assistance of two staff for bed mobility, transfers, and toileting.</p> <p>A Care Plan, dated 1/17/20 indicated a risk for falls. The interventions included, the call light was to be within reach.</p>	F 0558	<p>It is the policy of Crown Point Christian Village to follow all federal, state and local guidelines, laws and statutes. This plan of correction is not to be construed as an admission of deficient practice by the facility manager, employee, agents or other individuals. The response to the alleged insufficient practice cited in this statement does not constitute agreement with the insufficiency. The preparation, submission and implementation of this plan of correction will serve as credible allegation of compliance.</p> <p>F558 Reasonable Accommodations Needs/Preferences 483.10(e)(3) Corrective actions accomplished for those residents found to have been affected by the alleged deficient practice:</p> <p>On 5/26/2021 at 12:00 PM, Resident G was repositioned and given water then the call light was placed within easy reach.</p> <p>How other residents having the potential to be affected by the same alleged deficient practice will be identified and what</p>	06/22/2021

	<p>to prevent further decrease in range of motion.</p> <p>§483.25(c)(3) A resident with limited mobility receives appropriate services, equipment, and assistance to maintain or improve mobility with the maximum practicable independence unless a reduction in mobility is demonstrably unavoidable.</p> <p>Based on observation, record review, and interview, the facility failed to ensure residents who required Restorative Nursing for range of motion and ambulation received treatment and services to increase or maintain range of motion and ambulation status, related to Restorative Nursing not completed as scheduled for 2 of 3 residents reviewed for Restorative Nursing. (Residents B and E)</p> <p>Findings include:</p> <p>1) Resident B was observed on 5/26/21 from 10:45 a.m. through 1:30 p.m. The resident had not been assisted to ambulate nor was she assisted with active range of motion (AROM). At 1:16 p.m., she activated her call light and indicated she needed to use the bathroom. At 1:22 p.m., Employee 3 and 4 entered the room, used a sit to stand lift, and assisted her to the bathroom. Employee 3 indicated the resident was unable to walk. She was assisted back to the recliner with the sit to stand lift when she was finished using the bathroom.</p> <p>Resident B's record was reviewed on 5/26/21 at 12:32 p.m. The diagnoses included, but were not limited to, dementia.</p> <p>A Quarterly Minimum Data Set (MDS) assessment, dated 3/3/21, indicated an impaired</p>	F 0688	<p>F688 Increase/Prevent Decrease in ROM/Mobility 483.25(c)(1)-(3) Corrective actions accomplished for those residents found to have been affected by the alleged deficient practice:</p> <p>On 5/27/2021, the Restorative manager and Director of Nursing reviewed the restorative programs for residents B and E with referrals made for therapy follow up screenings.</p> <p>How other residents having the potential to be affected by the same alleged deficient practice will be identified and what corrective action(s) taken:</p> <p>On 6/01/2021, the Director of Nursing, Restorative manager and restorative aides reviewed clinical records to identify other residents having the potential to be affected by the alleged deficient practice with updates to restorative program plans as indicated.</p> <p>What measures will be put into place and what systemic</p>	06/22/2021

	<p>cognitive status, no behaviors, required extensive assistance of one staff for bed mobility and locomotion. She required extensive assistance of two staff for transfers. Ambulation of assistance of one staff occurred once or twice within the past 7 days. She was not steady while walking without staff assistance, had no impairment of range of motion of the upper and lower extremities, and received one day of restorative walking.</p> <p>A Care Plan, dated 6/18/19, indicated an Activity of Daily Living (ADLs) self care deficiency. The interventions included, the Restorative Nursing Assistant (RNA) to assist with ambulation up to 20 feet with a rolling walker and two assistants six to seven days per week and AROM to all extremities for 20 repetitions twice daily, six to seven days per week. Extensive toileting and transfer assistance and to use a gait belt and rolling walker.</p> <p>A CNA care information form, dated 5/26/21, indicated to educate CNAs to use gait belt for all transfers, Extensive assistance of one person and a gait belt to be used when transferred. The rolling walker was always to be used. Restorative was to assist with ambulation up to 20 feet with a rolling walker and two staff, six to seven times a week and AROM to all extremities for 20 repetitions, two times a day, six to seven days per week.</p> <p>A Physical Therapy Discharge Summary, dated 4/30/21, indicated Nursing education and training was provided for the restorative programs of lower extremity exercises and ambulation with a rolling walker. The resident would remain in long term care with a restorative program.</p>		<p>changes will be made to ensure that the deficient practice does not recur: The Director of Nursing or designee will provide in-service education to the restorative manager and restorative aides on restorative nursing requirements, scheduling of restorative services, and facility expectations that restorative nursing services are completed as scheduled.</p> <p>How the corrective action(s) will be monitored to ensure the alleged deficiency practice will not recur (i.e., what quality assurance program will be put into place): The Restorative manager will conduct restorative nursing audits for eight (8) residents weekly for four (4) weeks then four (4) residents weekly for twenty (20) weeks to ensure compliance with completing restorative nursing programs as scheduled. Concerns identified from the audit will be reported to the Director of Nursing or designee for follow up corrective actions. Findings from the restorative nursing audits will be presented to the Quality Assurance Committee for review and recommendations in sustaining compliance with providing restorative nursing services to residents as scheduled.</p>
