TITLE

(X6) DATE

Any deficiency statement ending with an asterisk (*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (see instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.

	<p>requirements specified in subpart I of part 489 of this chapter related to maintaining written policies and procedures regarding advance directives. These requirements include provisions to inform and provide written information to all adult residents concerning the right to accept or refuse medical or surgical treatment and, at the individual's option, formulate an advance directive. This includes a written description of the facility's policies to implement advance directives and applicable State law. Based on interview and record review, the facility failed to have a system in place to determine code status for 2 of 2 residents who were not provided Cardiopulmonary Resuscitation. The facility failed to perform Cardiopulmonary Resuscitation (CPR) on a resident who had requested to be a full code. (Resident #51) The facility failed to obtain a valid code status for Resident #36. (Resident #51, Resident #36)</p> <p>This deficient practice resulted in an Immediate Jeopardy. The Immediate Jeopardy began on 8/2/15 when the staff failed to provide CPR for a resident without a valid Advanced Directive. The Administrator and DON were notified of the Immediate Jeopardy on 10/6/15 at 1:40 p.m. The Immediate Jeopardy was removed on 10/8/15 at 3:01 p.m., but the noncompliance remained at the lower scope and severity level of isolated, no</p>	F 0155	<p>1. Unable to correct for the identified residents 2. Code status audit completed on all residents to ensure every resident has a code status in place. 3. All staff members returned to work after completing in-service on how to respond to codes. Code drills will be conducted weekly times 90 days, then monthly on each shift. All staff will be trained during orientation on steps to take when responding to a code. Unit Managers to review code status at clinical start up of any admissions from the previous day. During off hours the admitting nurses will verify the residents code status. 4. Results of code drills and code status will be reviewed at QAPI monthly times 6 then quarterly for 2 months to track trends.</p>	11/18/2015

CNA #10 further indicated she notified the DON. CNA #10 indicated on the evening of the alleged abuse, she had entered Resident H's room. CNA #10 indicated Resident H's eyes were watery, but stated she had not wanted to get anyone in trouble. Resident H further indicated to CNA #10 she had wished CNA #10 was still caring for her. CNA #10 questioned Resident H further and Resident H indicated the following: Upon pressing the call light the CNA who had been caring for Resident H looked in the room and asked Resident H what the resident had wanted. Resident H indicated the CNA had kicked a box of her belongings. Resident H had asked that CNA how the CNA was and the CNA stated he did not have time to speak to her because he had other residents to care for. CNA #10 indicated at that time Resident H felt the CNA that had been</p>

	<p>10:23 a.m., Staff #2 indicated the facility is frequently short staffed. She indicated there had been 1 CNA for 18 (eighteen) residents at times. Staff #2 indicated when Resident A would request to smoke, the CNA would have to escort him outside. Staff #2 indicated Resident A would usually be outside for 40 minutes or longer with the CNA in attendance. Staff #2 indicated this would happen 5-6 times a day. Staff #2 further indicated she has seen an increase in pressure wounds on the residents due to the lack of staff. Staff #2 indicated frequently there were 2 CNAs for the 400 and 500 units during the day and evening and only 1 CNA on the night shift. Staff #2 indicated the facility would often use "hospitality" aides to assist the staff but the "hospitality" aides could only pass trays, pass water, and answer call lights. Staff #2 indicated the hospitality aides were not able to give any resident care. Staff #2 indicated the "hospitality" aides were normally staffed from the ancillary departments.</p> <p>8. During an interview on 10/14/15 at 11:45 a.m., Staff #3 indicated the units are frequently short staffed. Staff #2 indicated the staff oftentimes were not able to take their lunch and would get a "warning" if they were unable to take their lunch. Staff #3 indicated the staff</p>
