Dear Mr. Borum:

Enclosed you will find two sets of Appendix A's along with supporting calculations for the following member systems of Wabash Valley:

Marshall County REMC  
Northeastern REMC

These exhibits are being filed on behalf of said members to track a change in wholesale rates charged by Wabash Valley to its member systems. The change in rates will be passed through to its member systems' retail rates via the wholesale power cost tracking procedure.

I have included original verified statements for Northeastern REMC and a copy of the verified statement for Marshall County REMC (an original will follow in a few days). I expect to receive proofs of publication within the next week or two and I will forward those to you as I receive them. The verified statements and the Notices of rate increase have been modified to meet the requirements under Title 170 IAC 1-6-6 (Notice requirements).

Upon approval of these trackers, please forward one set of Appendix A's and verified statements to my attention and the other set to the appropriate REMC's. We would like to have approval for these increases effective with **May, 2009** consumption if possible.

Thank you for your assistance in this matter. If you have any questions or concerns please contact me at (317) 481-2874.

Sincerely,

INDIANA UTILITY  
REGULATORY COMMISSION

**NOTICE**

Notice is hereby given that Marshall County Rural Electric Membership Corporation ("Marshall") intends to file before the Indiana Utility Regulatory Commission (IURC) a request for approval of the application of the Wholesale Power Cost Tracking procedures established by the Indiana Utility Regulatory Commission in Cause No. 34614.

This request is being made by Marshall as a result of a change in Wabash Valley Power Association, Inc.'s (WVPA) wholesale rates to its member Rural Electric Membership Corporations (REMC). Marshall is a member of WVPA. This change in wholesale rates will be passed through to its member systems' retail rates via the wholesale power cost tracking procedure.

This action will result in an increase in the wholesale power cost tracker included in the rates charged by Marshall. The increase is expected to be \$0.000233 per kWh.

This increase will result in an increase to all consumers of Marshall receiving service pursuant to the schedule of tariffs set forth in Appendix A on file at the IURC showing the revised schedules and the rates to the members which will be effective for the first practical consumption period following approval of such revised rates by the IURC (anticipated to be applicable to May, 2009 consumption).

Any objections to this filing should be addressed to either the Secretary of the IURC, National City Center, 101 West Washington Street, Suite 1500E, Indianapolis, IN 46204 (317) 232-2701 or the Secretary of the Indiana Office of Utility Consumer Counselor (OUCC), 115 West Washington Street, Suite 1500 South, Indianapolis, IN 46204 (317) 232-2494.
