Re: Frontier Communications of Thorntown, Inc.; Frontier Telephone of Rochester, Inc.'s Trans. No. 115

Dear Ms. Darlington:

Pursuant to the filing procedures established by Ind. Code § 8-1-2-42 and the "Guidelines to be Followed When Making Access Parity Filings," we hereby submit the following access tariff filing for Frontier Communications of Thorntown, Inc. and its affiliate, Frontier Telephone of Rochester, Inc. ("FTR"):

1. The transmittal letter and tariff pages filed under FTR's FCC Transmittal No. 115. With this filing, FTR revises terms and conditions dealing with Term Discount Plans.
2. Revised intrastate check sheet for the Frontier Communications of Thorntown, Inc. Tariff
3. An updated Intrastate Access Parity Log
4. An updated Rate History Log

FCC Transmittal No. 115 of Frontier Telephone of Rochester, Inc. became effective at the Federal Communications Commission on August 27, 2009.

Thank you for your attention to this matter. If you have any questions with regard to the enclosed, please call me at 585-777-5754.

Sincerely,

A handwritten signature in cursive script, appearing to read "Kevin Clinefelter". The signature is written in dark ink and is positioned above the typed name.

Frontier Telephone of Rochester
TARIFF F.C.C. NO. 1
DESCRIPTION AND JUSTIFICATION
TRANSMITTAL NO. 115
August 12, 2009

Frontier Telephone of Rochester, Inc. ("Frontier") submits herewith its Description and Justification ("D&J") in support of changes to its Tariff F.C.C. No. 1 filed under Transmittal No. 115. In this Transmittal, Frontier revises terms and conditions dealing with Term Discount Plans.

In Frontier's current tariff, Minimum Term Discount Plans are described as part of High Capacity service. Frontier makes three types of changes to these plans in the current filing. First, the name is changed to Term Discount Plans to promote greater clarity. Second, most of the descriptive language is moved to an area that applies to all Special Access, to allow for other services to create Term Discount Plans. Third, the termination liability provisions are changed for new Term Discount Plans. The current termination liability provisions will continue to apply to Term Discount Plans in service or ordered before the effective date of this tariff.

This filing is being made on a streamlined basis on 15 days' notice under Section 204(a)(3) of the Communications Act of 1934, as amended.

7.2 Service Descriptions (Cont'd)

7.2.7 High Capacity Service (Cont'd)

(D) Optional Features and Functions (Cont'd)

(5) Clear Channel Capability (Cont'd)

(d) This option is provided on a per circuit basis. After a High Capacity Circuit (i.e., 24 channels) has been modified to provide this service, a customer may request Clear Channel Capability on any or all of the channels of that circuit at no additional charge.

(6) Term Discount Plans

(a) Customers may purchase DS1 or DS3 services with Term Discount Plans ("TDPs"), as described in Section 7.4.9 following. Customers purchasing DS1 or DS3 services with TDP may choose between 18, 36, or 60 month service commitments. The 36 month commitment rate will be no less than a 5% discount from the month to month rate. The 60 month term plan will be no less than a 10% discount from the month to month rate. TDP installation charges will not exceed those installation charges assessed for installation on a month to month service.

(6) Term Discount Plans (Cont'd)

(T)

For DS1 and DS3 term discount plans ordered after July 26, 2008, the following provision applies:

(T)

Should any of the monthly recurring charge rate elements for a term discount plan increase by more than 10% from the rates in effect at the start of the term of any given plan, the customer may, at their option, terminate the service without penalty or liability.

ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.3 Reserved For Future Use7.4.4 Minimum Periods

The minimum service period for all services except part-time and occasional Video and Program Audio and Term Discount Plan services is one month. (T)

The minimum service period for part-time and occasional Video and Program Audio services is one day (i.e., a continuous 24-hour period, not limited to a calendar day).

The minimum service period for Term Discount Plan (TDP) services is the length of the specified TDP. (T)
(T)

7.4.5 Moves

A move involves a change in the physical location of either a point of termination at a customer premises or a customer's premises. The charges for the move are dependent on whether the move is to a new location within the same building or to a different building.

(A) Moves Within the Same Building

When the move is to a new location within the same building, the charge for the move will be an amount equal to one half of the nonrecurring (i.e., installation) charge for the service termination affected. There will be no change in the minimum period requirements.

ACCESS SERVICE

7. Special Access Service (Cont'd)

7.4 Rate Regulations (Cont'd)

7.4.8 Shared Use Digital High Capacity Services (Cont'd)

Switched Access Service rates set forth in 6.8 preceding will apply for each channel of the shared use facility that is used to provide a Switched Access Service. Where Special Access Service is provided utilizing a channel of the shared use facility to a Hub, high capacity rates and charges will apply to the facility to the Hub as set forth preceding and individual service rates and charges will apply from the Hub to the customer designated premises. The rates and charges that will apply to the portion from the Hub to the customer designated premises will be dependent on the specific type of Special Access Service that is provided (e.g., Voice Grade, Telegraph, etc.). The applicable rates and charges will include a Channel Termination and Channel Mileage (if applicable). Rates and charges for optional features and functions associated with the service, if any, will apply as set forth in 7.5. following.

7.4.9 Term Discount Plans

Term Discount Plans ("TDPs") offer reduced rates to customers who commit to purchase service for a specified period of time. The length of the available TDPs may vary by type of service.

A customer with a service purchased under a month to month agreement may convert that service to a TDP. A customer may convert an existing TDP service to a longer period TDP service. Upon converting an existing service to a TDP or an existing plan to a longer term plan, the customer's existing application contract obligation will be deemed satisfied and a new term plan will be initiated. No service credit will apply towards the new plan; the new TDP service will be treated as a new service and subject to the full rate and contract obligations of the new TDP service, with the exception that nonrecurring charges do not apply.

A customer who discontinues a service under a TDP prior to the end of the term may, without penalty, transfer the remaining months of the term commitment to a new like service which has been installed within 90 days prior to the disconnection of the service under the original TDP. The new service must connect the customer and the end user entirely over the Telephone Company's facilities.

Upon expiration of a TDP, the customer may choose to initiate a new TDP, convert to month to month service, or terminate service. If the customer fails to make a choice by the end of the term, the service will be converted to month to month. Initiation of a new TDP will require the customer to submit a change order. Conversion of existing term service to month to month or initiation of a new TDP at expiration of the current TDP will be allowed without application of any nonrecurring charges.

Customers who choose to initiate a TDP following conversion to month to month may do so at any time without penalty or credit against the selected TDP.

ACCESS SERVICE

7. Special Access Service (Cont'd)

7.4 Rate Regulations (Cont'd)

7.4.9 Term Discount Plans (Cont'd)

(C)

Customers purchasing TDPs commit to keep a service for the duration of the chosen plan period. If a customer chooses to discontinue the service prior to the duration of a chosen plan period, that customer is liable for a termination charge.

(M)
(M)
(M)

(A) For TDPs ordered after August 27, 2009, the termination liability equals the remaining monthly charges for the term commitment period applied at the rates in effect on the termination date.

(N)

(B) For TDPs in effect or ordered before August 27, 2009, the termination liability is computed as follows: The amount of the termination charge is determined in two ways as set forth in (1) and (2) following. The method which provides the customer with the lowest termination liability will be applied.

(N)
(M)

(1) Method 1

The termination liability equals a one-time charge of 75% of the payments remaining under the chosen plan.

(2) Method 2

Where there exists a TDP period less than the actual time the service has been in effect, the termination charge will be the difference between the rate for the longest TDP period that could have been satisfied prior to discontinuation of service and the rate for the contracted plan period multiplied by the actual number of months the service has been in effect. For example, if a service under a 60 month TDP is discontinued after 40 months, the highest plan period that could have been satisfied is 36 months. The termination charge is the 36 month TDP rate less the 60 month TDP rate multiplied by 40.

(M)

Where the actual time the service was in effect is less than the shortest TDP period, the month-to-month rate will be used. For example, if a service under the 36 month TDP is discontinued after 10 months, which is less than the shortest TPD period of 18 months at present, the termination charge will be the month-to-month rate less the 36 month TDP rate multiplied by 10.

(M) Material on this page previously appeared on page 7-69.
