Ms. Brandy Darlington
Indiana Utility Regulatory Commission
National City Center
101 West Washington Street
Suite 1500 East
Indianapolis, IN 46204

Dear Ms. Darlington:

Attached are the IURC tariff pages for FCC Transmittals 1256 & 1257. This transmittal filing affects CCI and all IN companies that concur with CCI's tariff:

Transmittal 1256 modifies the nonrecurring charge waiver provisions for the early discontinuance of eligible A/SDSL Access Services. This filing also expands the listing of technical standards associated with ADSL Access Service. In addition, this filing removes outdated material for the DSL Discount Pricing Plan (DPA) and the DSL DPA Term Plan Waiver promotional offering. Lastly, this filing also makes additions and miscellaneous changes to the list of companies in the DSL Access Services Availability section.

(FCC Approval Date: 10/31/09)

Transmittal 1257 adds a new service in Section 16.4 called "Internet Protocol Gateway Access". This service is an optional interstate transport service that provides and end-to-end transmission path using packet technology at speeds of 1.544 Mbps or 44.736 Mbps. IPG enables the customer to interconnect its IP based network with the Telephone Company's switched network at the Telephone Company's IP gateway. IPG provides the customer the ability to terminate interexchange voice traffic originated on or transported across its IP based network to the Telephone Company local exchange service subscribers when used in conjunction with terminating Feature Group D (FGD) Switched Access Service.

This filing also revises Section 6 to permit the interconnection of terminating FGD Switched Access Service with IPG. There are other minor modifications to the tariff on Technical Publications, Use of PIU Factors, Minimum Periods, Definitions, Ordering Requirements, and Rates and Charges.

(FCC Approval Date: 12/28/09)
