INDIANA UTILITY REGULATORY COMMISSION
TELECOMMUNICATIONS DIVISION

RE: Communications Corporation of Indiana; FCC Transmittal 1267

Dear Ms. Darlington:

Attached are the IURC tariff pages for FCC Transmittal 1267:

Transmittal 1267 allows a customer to migrate its ORP-committed High Capacity Service(s) to a qualifying Synchronous Optical Channel Service (SOCS) ORP, to a qualifying Asynchronous Transfer Mode Cell Relay Access Service (ATM-CRS) Term Discount Plan or to a qualifying Ethernet Transport Service (ETS) Term Discount Plan without incurring termination liability charges. Additionally, an ORP-committed SOCS can be migrated to a qualifying ATM-CRS Term Discount Plan or to a qualifying ETS Term Discount Plan without incurring termination liability charges. Details and conditions will be shown in the tariff.

In addition, this filing reflects a reduction from fifty percent to thirty-five percent in the termination liability charge for disconnecting a Special Access High Capacity DS3 Service and/or SOCS OC12 Service included in an Optional Rate Plan prior to the expiration of the term commitment period. *(FCC Approval Date: 3/6/2010) This filing affects all TDS Telecom IN companies and any non-TDS Telecom companies that concur with CCI and this service. The service will be offered on both an interstate and intrastate basis.*

Please feel free to contact me with any questions you may have.

Sincerely,

Kris A. Groth
Tariff Administration
