Re: MCC Telephony of the Midwest, LLC:
Initial Access Services Tariff (IURC Tariff No. 2)

Dear Ms. Howe,

With this filing, pursuant to 170 IAC 1-6, MCC Telephony of the Midwest, LLC (“MCC”) submits its proposed intrastate Indiana access services tariff. MCC respectfully requests that the Commission approve this tariff in order that the Company may provide access services to customers in Indiana. This filing is appropriately made pursuant to 170 IAC 1-6 because it consists of “*rates and charges for new services and [n]ew rules and regulations of the utility.*” (170 IAC 1-6-3 ALLOWABLE FILINGS)

Questions or other follow-up regarding this filing should be directed to:

Winafred Brantl

With respect to the requirements of 170 IAC 1-6-5(4), MCC notes that it is mirroring the rates contained in its interstate access services tariff, on file with the Federal Communications Commission, which, in turn, mirrors the approved incumbent rates for each operating territory. Consequently, the Company believes that submission of underlying calculations and other costing data is not required.

Pursuant to 170 IAC 1-6-5(5), appended is a verified statement by MCC's management, confirming that potentially affected customers have been notified regarding this filing as required by 170 IAC 1-6-6. Notice of the impending filing was published in the *Indianapolis Star*. A copy of the notice is attached to the verification and is being posted on MCC's corporate website at <http://mediacomcable.com/CustomerSupport/manuals.php?panel=3#Accordion1>. The Company's Indiana end user intrastate services tariff is posted in the same location and, once effective, the access tariff will be posted as well.

Pursuant to 170 IAC 1-6-5(b), a copy of this filing is being provided concurrently to the OUCC in electronic form.

If there are any questions regarding this tariff filing, please contact me at 202-342-8819 or via email at wbrantl@kelleydrye.com. Thank you for your assistance with this matter.

Cordially,

Winafred R. Brantl
