Process through the IURC 30-Day Filing Procedure

RE: Filing for a change in the fuel adjustment factor

Dear Mr. Borum:

On June 10, 2011, we learned of a corrected Hoosier Energy REC, Inc. wholesale power cost tracker adjustment that will be \$0.003140 per kWh instead of \$0.004180 listed on the original notice that we received on May 12, 2011. (See enclosed Hoosier Energy Summary Corrected Tracker Rates Exhibit A) As recommended through discussions with Michael Whitmore, I would like to replace Jackson County REMC's IURC 30-Day filing ID #2858 for its purchased power fuel cost adjustment and submit the enclosed purchased power fuel cost adjustment dated June 15, 2011 for approval.

On July 1, 2011, Hoosier Energy will start billing a corrected wholesale power cost tracker of \$0.003140 per kWh to Jackson County REMC, as shown on the enclosed Hoosier Energy Summary Corrected Tracker Rates Exhibit A.

Accordingly, Jackson County REMC would like to set its purchased power fuel cost adjustment to \$ 0.003308 per kWh effective starting with July 1, 2011 usage that will be billed in August 2011.

Yours truly,

A handwritten signature in black ink that reads "Mark A. McKinney".

News Release:

Jackson County REMC has asked the Indiana Utility Regulatory Commission to approve an increase in its metered rates that is based upon the cost of purchased electricity that is being charged by Jackson's power supplier, Hoosier Energy, Inc.

The request of a \$0.84 per 1,000 kWh increase stems from a pending July 1, 2011 quarterly adjustment in Hoosier's power cost tracker that matches its net change in costs for energy fuels, market power purchases, and other highly fluctuating expenses. The power cost adjustment factor would change from \$.002465 to \$.003308 per kWh.

The request would increase a typical Jackson REMC bill of 1,000 kWh from \$113.02 to \$113.86, an increase of 0.75%. As submitted, the new rates will become effective on July 1, 2011, and should first appear on bills mailed after August 1, 2011.
