Secretary of the Commission  
Indiana Utility Regulatory Commission  
PNC Center  
101 West Washington Street, Suite 1500 East  
Indianapolis, Indiana 46204

August 26, 2016

Dear Secretary:

Pursuant to 170 IAC 1-6 and as approved in Cause No. 44511, I&M submits this thirty-day filing requesting approval of an updated fixed block Monthly Rate for I&M's Green Power Rider (GPR). In support of this thirty-day filing, I&M represents that on February 4, 2015 in Cause No. 44511, the Commission approved I&M's GPR. I&M's GPR provides customers the opportunity to support the development of solar power by voluntarily subscribing each month to a specific number of 50 kWh blocks of Solar Renewable Energy Certificates (SRECs). In addition, in Cause No. 44511, the Commission approved I&M's request to establish the GPR fixed block Monthly Rate using the most appropriate vintage of Pennsylvania Solar REC (PA SREC), as published by SNLEnergy in its Power Daily Newsletter RECs Index.

As provided in Attachment A, the fixed block Monthly Rate is based on the 2016 Vintage 52-week average of the Pennsylvania Solar REC for the period ending July 1, 2016. One Solar REC represents 1,000 kWh. Therefore, as shown below, the resultant 52-week average Solar REC price (\$18.67) is divided by 20 to derive the 50 kWh block rate.

**50 kWh Block Monthly Rate = 52-Week Average SREC Price (\$18.67) / 20 = \$0.93**

I&M requests approval of the updated 50 kWh block Monthly Rate, derived above, with an effective date of December 30, 2016 as shown on the attached GPR tariff sheet. The requested approval of I&M's GPR block rate will establish the GPR block rate to be in effect through 2017. In accordance with the Commission's Orders in Cause Nos. 44511 and 44511-SPR1, all revenues received under the GPR will be used toward GRP marketing expenses and to offset the cost of the Solar Power Rider (SPR). Also, in accordance with the Order, I&M will retire all SRECs purchased by its customers.

August 26, 2016  
Page 2

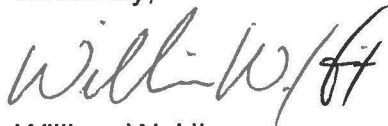

In support of this 30-Day filing, I&M is submitting the following information:

1. Indiana Michigan Power Company's Green Power Rider (GPR), Tariff Sheet SECOND REVISED SHEET NO. 32A.
2. Supporting SNLEnergy REC Index documentation, Attachment A, and
3. Verified Statement of Publication.

Upon completion of your review, please return to I&M one set of the stamped approved tariff sheet.

If you have any questions regarding I&M's filing please contact me at (260) 408-3503 or [wwhix@aep.com](mailto:wwhix@aep.com).

Sincerely,

A handwritten signature in black ink that reads "William W. Hix". The signature is written in a cursive, slightly slanted style.

William W. Hix  
Regulatory Consultant Staff

Enclosures

**GREEN POWER RIDER (GPR)**

Availability of Service.

Available on a voluntary basis to customers who are in good standing and desire to purchase renewable energy credits from the Company's owned solar resources. Participation under this Rider shall be limited by the availability of Solar Renewable Energy Certificates (SRECs). If the annual total of all kWh under this Rider equals or exceeds 90% of the Company's Indiana retail jurisdictional share of projected SRECs to be produced by the Clean Energy Solar Pilot Project, the Company shall suspend the availability of this Rider to new participants.

Conditions of Service.

Customers who wish to additionally support the development of electricity generated by I&M's solar resources may voluntarily subscribe to purchase each month a specific number of fixed SREC blocks in increments of 50 kWh per block. The Company will retire the SRECs associated with the energy purchased by participating customers on an annual basis upon receipt of payment from the customer. The proceeds of this rider will be used towards GPR Marketing Expenses and offsetting the cost of the Solar Power Rider (SPR) for all customers.

Monthly Rate.

In addition to the monthly charges determined according to the Company's rate schedule under which the customer takes service, the customer shall participate in the Green Power Rider by subscribing to a specific number of fixed blocks at a rate of:

\$0.93 for each 50 kWh block subscribed.

R

The Company will update the fixed block rate on an annual basis, based on the most appropriate vintage of Pennsylvania Solar REC, as published by SNLEnergy in its Power Daily Newsletter RECs Index. If the SREC product index is no longer available or the state of Indiana adopts a Renewable Portfolio Standard that includes solar, the Company will select a replacement SREC product as the basis for establishing the monthly rate.

Terms of Service.

This is a voluntary program. Customers eligible for this Rider may participate by applying to the Company for service under this Rider. Once approved for service under this Rider, service will begin within a minimum of fifteen (15) days of the customer's regular scheduled meter reading date. Customers may terminate service under this Rider by notifying the Company with at least thirty (30) days notice prior to the customer's regular scheduled meter reading date.

VERIFIED STATEMENT OF PUBLICATION

William W. Hix, being duly sworn upon oath, deposes and says that:

1. I am a Regulatory Consultant Staff for Indiana Michigan Power Company (I&M).
2. Pursuant to 170 IAC 1-6-5(a), I affirm that affected customers have been notified of I&M's thirty-day filing of an updated fixed block Monthly Rate for I&M's Green Power Rider (GPR) to be effective from December 30, 2016 as required under 170 IAC 1-6-6.
3. Notification of the thirty-day filing regarding the updated fixed block rate for GPR was made by publication of a Legal Notice in a newspaper of general circulation that has a circulation encompassing the highest number of I&M's customers, and posting the notice on I&M's website.
4. A true and correct copy of I&M's Legal Notice is attached hereto as Exhibit "A".

# get Long on field

ASSOCIATED PRESS

LAKE FOREST, Ill. — When Chicago Bears quarterback Jay Cutler took snaps Wednesday, he saw a handful of unfamiliar jersey numbers on the offensive line.

This is nothing unusual for the Bears in a preseason marred by injuries, but losing Pro Bowl guard Kyle Long for any amount of time is an obstacle.

Long remains out with a shoulder injury and coach John Fox isn't giving out details about its severity.

"When he plays, he's going to play," Cutler said. "Until then, we've got a good crew out there. He'll get back out there whenever he's ready to get back out there."

"He's still in the building. He's still in meetings, still at practice, so his voice can be heard."

Cutler said it will be difficult for Long missing time.

"Just the way he carries himself through this transition that he's in now is going to speak volumes about him," Cutler said. "He's going to do it the right way."

An offensive line that included center Cornelius Edison, regular center Ted Larsen at right guard and Garry Williams at right tackle is not quite what the Bears had in mind when camp started, but that's who is blocking for Cutler heading into Saturday's home preseason game with Kansas City.

"We had a lot of guys coming in and out," Cutler said. "I think through training camp we saw a lot of different faces coming in and out of the huddle."

"So I think the comfort level kind of grew a lot with a lot of guys. So it'll be a test. It's preseason. It's a good time to do these things."

Williams, who signed Aug. 4, played in 41 games for Carolina from 2009-2014. Edison was a practice squad player who moved up the

Bosa's holdout turned ugly Wednesday when the San Diego Chargers pulled their contract offer to the first-round draft pick and said they'll restructure a new deal that would reflect him playing less than a full season.

Bosa has missed all of training camp as his agents and the team wrangle over how much of his \$17 million signing bonus he'll get up front, as well as offset language in the case he gets out.

The Chargers were counting on the former Ohio State star to help bolster their pass rush and bring some excitement to a season that could be pivotal to their future in San Diego.

It's not clear whether Bosa is willing to sit out the season. Also unclear is how the situation could affect the Chargers' push for \$1.1 billion in a public subsidy for a new downtown stadium, which could be their last chance at remaining in San Diego.

The Chargers said in a statement that they gave Bosa's agents their best offer on Tuesday night, and it was rejected Wednesday.

Bosa is the only

an initial signing bonus payment larger than any draftee received in the past two drafts, and more money in 2016 than any draftee except Eagles quarterback Carson Wentz.

## Jags' Blackmon gets DUI sentence

Jacksonville Jaguars receiver Justin Blackmon has been given a one year suspended sentence and probation for driving under the influence in Oklahoma.

Blackmon was sentenced Wednesday in Carter County District Court in his hometown of Ardmore.

Authorities arrested the former Oklahoma State standout in December after an officer said he smelled alcohol in Blackmon's vehicle. Blackmon pleaded guilty to the charge in April.

## Around the NFL

Minnesota quarterback Teddy Bridgewater says he'll play this weekend in the first game at the team's

### LEGAL NOTICE STATE OF INDIANA INDIANA UTILITY REGULATORY COMMISSION

Indiana Michigan Power Company (I&M), an Indiana corporation, gives notice that on or before August 26, 2016, it will submit for approval under the Indiana Utility Regulatory Commission's thirty-day filing process a request to approve an updated monthly fixed block rate per 50 kWh for I&M's Green Power Rider to be effective October 1, 2016. The referenced filing will consist of Indiana Michigan Power Company's calculation of a fixed block monthly rate per 50 kWh for I&M's Green Power Rider based upon an average of Solar Renewable Energy Credits. I&M customers potentially affected by this filing include those customers currently subscribed under I&M's Green Power Rider and those interested in voluntarily supporting the development of electricity generated by solar resources by subscribing to blocks of Solar Renewable Energy Certificates. A decision on the fixed block rate per kWh for I&M's Green Power Rider should be received from the Indiana Utility Regulatory Commission on or before September 28, 2016.

Please direct inquiries to:
