Excavator Activities/Cause of damage information:

Excavator request locates: Yes Indiana 811 ticket Number: 1208073007

Type of Equipment: Backhoe/Trackhoe

Type of work performed: Sewer

Synopsis: Damage to a natural gas service occurred during a procedure to install a sewer line.

Findings: Reported by Carrie Ludwig (NIPSCO); excavator's response to initial notice was received on 2/6/2013. Excavator reports that they did not excavate within the service line area; however, the gas operator and contract locator maintain the service line was compromised, taped and buried.

Conclusion: Excavator failed to plan excavation to avoid interference with underground facilities.

Violation: IC 8-1-26-20(b)(1): Violation (a)(1): Failure to plan excavation to avoid damage or interference with underground facilities.

Pipeline Safety Division – Case No. 3927
DeAnna L. Poon
Indiana Utility Regulatory Commission
101 West Washington Street, Suite 1500 E
Indianapolis, IN 46204

Dear Deanna,

As per our letter dated January 16 2013, we have investigated your claim #3927. As of this time we have only one correspondence from you on claim #3927, which is the original letter dated November 30, 2013 exhibit A. Our investigation has confirmed that we never came into contact with the mentioned service at 208 S. Main Street, Lapaz IN. The report from our field personnel is that the claimed damage was a kinked gas service line in the front yard area of 208 S Main Street, Lapaz IN, in an area which we made no excavation. Please see our exhibit B which shows our excavation trench line, the existing gas main to the west of our storm sewer trench, and the alleged NIPSCO service line claimed to be damaged. As you can see, we never exposed the service line to the house because it was west of the gas main and over 12 feet west of our storm sewer installation. The main was pot holed as required. Just because we excavated for storm sewer installation past that area we cannot understand why NIPSCO has falsely claimed that we damaged the line, when we had no contact with the service in question. We are now being sued for damages we have not caused and the result is we have a false claim against us from the regulatory commission. NIPSCO'S claim has shown that their lack of investigation, reporting, and record keeping, is not reliable and their willingness to wrongfully accuse an innocent party of wrong doing should be investigated by the regulatory commission in itself. As a result, our firm has been damaged.

In conclusion, we deny any negligence, wrong doing, or responsibility for all said claims by any party regarding this matter at 208 S. Main Street, Lapaz IN. Should you have any other questions or comments, please feel free to call or email.

Respectively Submitted

John W. Boettcher

**Re: Notice of Preliminary Determination of Violation
Pipeline Safety Division Case No. 3927**

Date of Event: 8/11/2012
Event Location: 208 S Main St, Lapaz, Marshall County
Excavator: John Boettcher Sewer And Excavating
Facility Owner: Northern Indiana Public Service Company

Dear John Boettcher Sewer And Excavating,

On behalf of the Indiana Utility Regulatory Commission ("Commission"), I am writing to inform you that information has been filed with the Commission's Pipeline Safety Division regarding an alleged violation of Indiana Code chapter 8-1-26, the Indiana Damage to Underground Facilities Act ("the Act"). You are receiving this letter because you have been identified as the Respondent Excavator.

To ensure safety, the Indiana Underground Plant Protection Service (Indiana 811) and gas operators routinely provide reports to the Pipeline Safety Division when an operator's facility is damaged. The Division has received a report from one of these entities that on **8/11/2012**, you or your business damaged a pipeline facility owned by **Northern Indiana Public Service Company** and located at **208 S Main St, Lapaz, Marshall County**.

Based upon the information received, the Pipeline Safety Division is commencing an investigation into the event concerning you or your business to determine whether any statutory violations were committed regarding public safety, specifically the following:

- IC 8-1-26-16(g): Failure to provide notice of excavation.
- IC 8-1-26-16(h): Failure to perform required white lining.
- IC 8-1-26-20(b): Failure to maintain two (2) feet clearance with mechanized equipment.
- IC 8-1-26-18(f): Failure to properly locate facilities (operator violation)

The Division provides both you and Northern Indiana Public Service Company with an opportunity to send in documentation explaining what occurred. This may include maps, photographs, narrative statements, and any other evidence you wish to provide. You have thirty (30) days from the date this letter is received to send in information, but an extension may be given for good cause shown. Please note that the Division's investigation will be completed after this time period, even if you do

A

not respond or fail to provide additional evidence for the Pipeline Safety Division to consider. The Division's findings will then be forwarded to the Advisory Committee. If the Advisory Committee confirms the violation, it will send its recommendation on the appropriate penalty to the Commission.

If you are a business entity, please provide your full personal name and business title, as well as your legal authority to represent the business in this matter. If you lack such authority or are mistakenly named as the Respondent, please notify the Pipeline Safety Division as soon as possible, providing the name of the proper representative, if known.

If you believe there are other parties or witnesses with relevant information for the Pipeline Safety Division to consider in its investigation, we request that you *immediately* provide their name, address, telephone number and email address *in writing* to the Pipeline Safety Division.

You are encouraged to fill out the required information form electronically by going to <http://www.in.gov/iurc/2335.htm> and clicking on the "Operator/Excavator Information Request Form" under the Indiana's Damage to Underground Facilities Act section. You may call Kelsey Klingler at (317) 232-0037 to request a hard copy to return by mail. In addition to the information form, you can forward additional documentation such as maps and drawings by mailing them to the address below or by scanning and emailing them. Please include your assigned Pipeline Safety Division Case Number on all communications and add your Case Number and denote "INITIAL DOCUMENTS - EXCAVATOR" at the top of your materials or in the subject heading of your email.

Summary of Procedures and Respondent's Rights

Please note that the following is offered for informational purposes and does not constitute legal advice. Anyone involved in this process is entitled to individual legal representation and is encouraged to retain their own counsel in order to be fully apprised of their rights.

What is the purpose of Indiana's Damage to Underground Facilities Act, IC 8-1-26?

The purpose of this Act is to promote excavation and pipeline safety and to reduce imminent danger to life, health, property, or loss of service associated with unsafe digging practices.

Who reports possible violations?

Any person or entity may report a violation of the Indiana Damage to Underground Facilities Act ("Act") to the Indiana Utility Regulatory Commission ("Commission") Pipeline Safety Division ("Division"), but most reports of violations are communicated regularly to the Pipeline Division from the Indiana Plant Underground Protection Service, commonly referred to as Indiana 811 Association Office. Pursuant to 170 IAC 5-5-2(b), violations shall be reported to the Pipeline Division within thirty (30) days of their occurrence.

What is the process for investigating alleged violations?

The Division shall commence an investigation of each report by contacting the excavator and gas operator involved by sending a written request for information within sixty (60) days, per 170 IAC 5-5-3(a). The initial letter you received requesting information commenced the investigation in your case. If there was a contact person from your company listed on the letter, that is the name the Division was provided with from Indiana 811 (i.e. the person who called in the locate ticket or reported the line hit).

You have thirty (30) days to respond to the investigation with information that demonstrates that you called in a proper locate ticket and hand excavated within two (2) feet of the gas pipeline. You also have the opportunity to provide the names of anyone else who may have information in your case. A similar letter was provided to the gas operator. The Division will review the excavator and operator responses and from there provide their findings to the Underground Plant Protection Advisory Committee ("Advisory Committee") regarding whether you or the gas operator violated a provision of Indiana's Damage to Underground Facilities Act, IC 8-1-26. If the Division does not find a violation was committed, you will receive a letter stating that the case will be closed and the Division will not forward findings to the Advisory Committee.

The Advisory Committee meets monthly to review the Division's findings. If your case will go before the Advisory Committee, you will receive a letter noting the date, time, and location of the meeting and a copy of the Division's Investigation Report for your case. You will have an additional opportunity to provide documentation disputing the Division's findings.

If the Advisory Committee agrees with the Division's findings, they will assess a civil penalty. You will be notified of the penalty assessed and provided the opportunity to accept the penalty or request a public hearing to dispute it. If you accept the penalty or fail to properly request a public hearing, the Commission will consider the penalty and approve or disapprove the findings.

A

Who is on the Advisory Committee?

Pursuant to IC 8-1-26-23(b), the Advisory Committee was created by the Act and includes seven (7) members, representing a cross section of participants, appointed by the Governor from the following entities: two (2) representing commercial excavators; one (1) representing the 811 Association; one (1) representing investor owned gas utilities; one (1) representing operators of pipeline facilities or pipelines; one (1) representing municipal gas utilities; one (1) representing providers of facility locate marking service companies.

Do I have to attend the Advisory Committee meeting? What happens there?

No, you do not have to attend. The Advisory Committee's deliberations will be conducted in public and you are entitled to attend because it is a public meeting. However, at this stage of the proceedings there is not yet an opportunity for a hearing. There will be no opportunities to present witnesses, cross examine witnesses, or to present verbal evidence. If you have additional documentation, you may bring it to the meeting; we request you bring eight (8) copies for the Committee members and their attorney.

In lieu of bringing documents to the Advisory Committee meeting, you may send correspondence to the Advisory Committee regarding the Pipeline Division's findings so long as it is received seven (7) days in advance of the meeting. This deadline is necessary in order to allow administrative staff adequate time to photocopy, organize and distribute the additional documents to the Advisory Committee members.

At the meeting, the Advisory Committee meeting will accept or dismiss the Division's findings of violation. If they accept a finding, they will assess a civil penalty to recommend to the Commission.

What penalties are possible?

Pursuant to the Act, civil penalties may include any or all of the following:

1. A warning letter.
2. Required participation of employees in a mandatory education and training program sponsored by the IURC.
3. Required development of a plan to avoid future violations, which must be approved by the IURC.
4. A civil penalty up to a maximum of ten thousand dollars (\$10,000).

For first time violators in an instance where no one was personally injured, generally the initial civil penalty is a warning letter. Multiple violations, evidence of recklessness, personal injury, and property damage over ten thousand dollars (\$10,000) may be grounds for the Advisory Committee to institute monetary penalties.

What if I disagree with the assessed penalties?

Once you have been notified of the assessed penalties, you have thirty (30) days to request a public hearing to dispute the Advisory Committee's penalty recommendation. Please note that requests for public hearing must be drafted according to the Commission's rules for practice and procedure, found at IAC 1-1.1: http://www.in.gov/legislative/iac/iac_title?iact=170. Individuals may represent themselves, but companies must be represented by legal counsel. You are strongly encouraged to seek legal counsel if you plan to request a public hearing before the Commission.

Does the Division determine criminal violations?

No, the Pipeline Safety Division's investigation under IC 8-1-26 does not entail determining criminal liability or a civil determination of fault or damages. It determines whether any statutory violations were committed regarding public safety.

I still have questions.

For technical questions, you can contact the Division Director, Bill Boyd, at (317) 232-2718. Legal inquiries should be directed to DeAnna L. Poon, Advisor to the Advisory Committee and Assistant General Counsel at the IURC, at (317) 232-6735.

Second, if you notify us in writing, within 30 days after receipt of this notice, that you dispute the debt, or any portion thereof, we will obtain and mail proof of the debt to you. Third, if the creditor stated above is not the original creditor, we will provide you with the name and address of the original creditor upon your written request within the 30 day period. The law does not require me to wait until the end of the thirty-day period before filing a lawsuit against you to collect this debt. If, however, you request proof of the debt or the name and address of the original creditor within the 30 day period that begins with your receipt of this letter, the law requires me to suspend my efforts (through litigation or otherwise) to collect the debt until I mail the requested information to you. This is an attempt to collect a debt and any information obtained will be used for that purpose.

IMPORTANT INFORMATION CONCERNING THIS CLAIM

1. Either the Plaintiff or the Defendant may represent himself or be represented by an attorney. However, all corporations MUST be represented by an attorney where the claim exceeds \$6,000 (six thousand dollars).
2. If the claim arises out of a written contract, a copy shall be attached. If the claim is on account, an itemized statement shall be attached to the Notice of Claim.
3. The Defendant must provide the Court and the Plaintiff with a written statement of any counterclaim arising out of the Plaintiff's claim at least seven (7) calendar days before the pre-trial conference.
4. If, for a good cause shown to the Court, the Defendant is unable to appear at the date and time designated for pre-trial date, he must contact the Small Claims Clerk of this Court. The Small Claims Clerk may be contacted by telephone and notified that the Defendant intends to request a continuance. However, all requests for a continuance must be made in person or in writing and received by the Court at least seven (7) calendar days before the date set for pre-trial. Except for extreme circumstances, the Court will grant only one (1) continuance to each party. All correspondence regarding this matter should be directed to: Small Claims Clerk, Marshall Superior Court No. 2, Courts Building, 211 W. Madison Street, Plymouth, Indiana 46563 or by calling (574) 936-8922.
5. Plaintiffs and Defendants must bring to the trial all documents in their possession or control concerning this claim. At the trial, both parties must be prepared to present their case. The parties must have all evidence or witnesses at the trial. No continuances will be granted due to a party's failure to prepare for the trial. Either party may request the Court to issue a subpoena for a witness who is reluctant to attend. There is a service of process fee established by law for each subpoena issued.
6. The pretrial conference date is stated on the front of this document. If the Defendant fails to appear at the pretrial, a default judgment may be rendered against him.
7. If the Defendant intends to appear and contest this claim, he must notify the Small Claims Clerk of this Court of the fact at least seven (7) calendar days prior to the pretrial date.
8. If the Defendant does not wish to dispute this claim, he may appear in Court at the time specified to establish the method by which the judgement is to be paid.
9. If a settlement of this claim is made out of court, the parties must submit the settlement in writing to the judge of this Court for his approval before the settlement can become a judgement against the Defendant, or a dismissal may be entered on the record.
10. The Defendant may request a jury trial of this claim. However, one must be requested in writing within ten (10) calendar days of receipt of this Notice of Claim or the right to a jury trial is waived. Upon payment of a transfer fee, the claim will then be transferred to the plenary docket and tried according to the formal rules of procedure and evidence.
11. Both the Defendant and the Plaintiff MUST advise the Court of any change in their address or telephone number which occurs after receipt of this Notice of Claim.
