INDIANA UTILITY REGULATORY COMMISSION

OPEN RANGE COMMUNICATIONS INC. )  
APPLICATION FOR A CERTIFICATE OF ) CAUSE NO. 43904  
TERRITORIAL AUTHORITY FOR )  
COMMUNICATIONS SERVICE PROVIDERS ) APPROVED: JUL 07 2010

**BY THE COMMISSION:**  
**DeAnna Brunner, Administrative Law Judge**

On May 27, 2010, Open Range Communications, Inc. (“Applicant”) filed with the Indiana Utility Regulatory Commission (“Commission”) its Application for a Certificate of Territorial Authority (“CTA”) to provide communications services, **specifically information services as defined in 47 U.S.C. 153(20)** as described in the Application within the State of Indiana. On June 18, 2010, Applicant filed amendments to its Application. The Commission published notice that Applicant filed an application for a CTA to provide communications services within the State of Indiana. Absent a timely request, the Application may be granted without a hearing.

Based upon information contained in the Application and applicable law, the Commission makes the following findings:

1. **Commission Notice and Jurisdiction.** Due, legal and timely notice of the Application was given and published by the Commission in accordance with General Administrative Order (“GAO”) 2009-4 and I.C. § 8-1-32.5-9. Applicant requests the issuance of a CTA pursuant to I.C. § 8-1-32.5 and, therefore, the Commission has jurisdiction over the Applicant and the subject of this Cause.
  
2. **Commission Discussion and Findings.** The Applicant filed an application for a CTA and information describing its legal authority and demonstrating its financial, managerial and technical ability to provide the proposed communications services in certain identified service areas. The Applicant also provided information indicating the type, means and location of service that the Applicant proposes to provide.

The Application was filed with the Commission on May 27, 2010. Notice of the Application was posted to the Commission’s website. No timely written request for intervention or a hearing was made by any entity during the 30-day posting period, and the Commission has not, on its own motion, determined a need for a hearing in this Cause. Accordingly, no hearing is required in this Cause.

Therefore, based upon the information provided by the Applicant in its Application, the Commission finds that a Certificate of Territorial Authority for information services proposed to be offered within the service areas identified in the Application should be issued to the Applicant, consistent with and subject to the following findings.

The Applicant shall comply with all applicable legal requirements pertaining to the provision of the communications services authorized by this CTA, including, but not limited to, the following:

a. **E-911.** Where applicable, Applicant shall provide notice to all counties and Public Service Answering Points (“PSAPs”) covering areas in which the Applicant provides local exchange service when the offering of service commences in the county and the PSAP’s area, in order to facilitate the continued operation of the enhanced emergency telephone systems, provide PSAP database updates to applicable 911 Service Providers and perform all other applicable obligations and responsibilities as set forth in I.C. § 36-8-16, *et seq.*

b. **Notice of Initiation of Service.** Pursuant to I.C. §§ 8-1-32.5-6(b)(3)(D) and 8-1-32.5-6(a)(9)(A), Applicant shall file a notice with the Secretary of the Commission of Applicant’s “in service” dates (i.e., the dates on which Applicant commences offering communications service in each service area identified in the Application in accordance with I.C. § 8-1-32.5-6(a)(4)) within ninety (90) days of each “in service” date.

c. **Additional Filing Requirements.** Applicant shall file any other data, information, or reports required or requested by the Commission, including but not limited to information concerning the types of service offered, the areas in which the services are offered and any information needed by the Commission.

d. **Indiana Underground Plant Protection Service.** To the extent Applicant owns, maintains, or otherwise has control over underground facilities, Applicant shall establish and maintain contact with, and provide appropriate notice to, the Indiana Underground Plant Protection Service, the designated administrator of the 811 dialing code in Indiana, and comply with I.C. § 8-1-26.

e. **Notice of Changes.** Applicant shall notify the Commission, pursuant to I.C. § 8-1-32.5-12, of any change involving either the Applicant or the CTA occurring after the issuance of this CTA. Such notice shall be provided using a Notice of Change form in accordance with GAO 2009-4. If the change involves the provision of other types of services than those approved herein or the reclassification of a communications service approved in this CTA, additional obligations and fees may apply.

f. **Other Customer Notifications.** Applicant shall provide appropriate notice to customers when Applicant offers new communications services, discontinues communications services, and/or increases rates and charges for communications services in any of the Applicant’s service areas in Indiana pursuant to I.C. § 8-1-32.5-11(b) and any regulations adopted by the Commission.

**IT IS THEREFORE ORDERED BY THE INDIANA UTILITY REGULATORY COMMISSION that:**

1. Subject to the Findings set forth in this Order, the Applicant Open Range Communications Inc. is hereby issued a Certificate of Territorial Authority as a Communications Service Provider to provide **Information Services** as requested in the Application that is the subject of this Order.

2. This Order shall be effective on and after the date of its approval.

**HARDY, ATTERHOLT, LANDIS, MAYS AND ZIEGNER CONCUR:**

**APPROVED: JUL 07 2010**

**I hereby certify that the above is a true and correct copy of the Order as approved.**

**Brenda A. Howe**  
**Secretary to the Commission**
