APPROVAL OF CHANGES TO THE)
SERVICE AREA BOUNDARIES WITHIN)
U.S.G.S. FACET MAP S-22.)

CAUSE NO. 44241

APPROVED: OCT 10 2012

ORDER OF THE COMMISSION

Presiding Officer:

Loraine L. Seyfried, Administrative Law Judge

On August 29, 2012, Decatur County Rural Electric Membership Corporation (“Decatur REMC”) and Bartholomew County Rural Electric Membership Corporation (“Bartholomew REMC”) (collectively, “Joint Petitioners”) filed a Verified Joint Petition to Modify Service Area Boundaries (“Joint Petition”) with the Indiana Utility Regulatory Commission (“Commission”). On September 25, 2012, Joint Petitioners filed a Proof of Publication of notice of this Cause.

The Commission, having considered the evidence and applicable law, now finds:

1. Commission Jurisdiction. Decatur REMC is a rural electric membership corporation organized and existing under the laws of the State of Indiana, with its principal office located in Greensburg, Decatur County, Indiana. Decatur REMC is engaged in the business of distributing, furnishing, and selling retail electric service to the public in the state of Indiana, including Decatur County, and has charter authority to do so.

Bartholomew REMC is a rural electric membership corporation organized and existing under the laws of the State of Indiana, with its principal place of business located in Columbus, Indiana. Bartholomew REMC is engaged in the business of distributing, furnishing, and selling retail electric service to the public in the state of Indiana, including Decatur County, and has charter authority to do so.

Each Joint Petitioner is an “electricity supplier” within the meaning of Ind. Code § 8-1-2.3-2(b). Joint Petitioners have sought the Commission’s approval to change their service area boundaries pursuant to Ind. Code § 8-1-2.3-6(2), which provides that the assigned service area boundaries of electricity suppliers may be changed upon a mutual agreement of the affected electricity suppliers and the approval of this Commission. Therefore, the Commission has jurisdiction over the Joint Petitioners and the subject matter of the Joint Petition.

2. **Relief Sought.** Pursuant to Ind. Code § 8-1-2.3-6(2), the Joint Petition seeks Commission approval of the electric service area boundary changes to which Decatur REMC and Bartholomew REMC have mutually agreed. Joint Petitioners have agreed to change service area boundaries located on U.S.G.S. Facet Map S-22 in Jackson Township, Decatur County, Indiana. Drawings of the agreed upon boundary changes were attached to the Joint Petition.

The proposed boundary changes would move approximately 20 acres from Bartholomew REMC's territory to Decatur REMC's territory. Joint Petitioners assert that since the initial approval of the service area boundaries on February 22, 1984, in Cause No. 36299-S227(X), certain modifications to the boundaries located on U.S.G.S. Facet Map S-22 are required because it is more efficient for Decatur REMC to serve the 20 acre area and the proposed boundary is more practical based on the geography of the area. Joint Petitioners state that the proposed modifications detailed in the Joint Petition and attached exhibits will not cause: a duplication of electric utility facilities; waste of materials or resources; or uneconomic, inefficient, or inadequate electric service to the public. There is no evidence to the contrary before the Commission in this proceeding.

3. **Notice.** Ind. Code § 8-1-2.3-6(2) provides:

If notice of a verified request for a change of boundary lines by mutual agreement under this subdivision is published in a newspaper of general circulation in every county in which the boundary lines are located and an affected electricity customer does not request a hearing within twenty (20) days of the last date of publication, the Commission may approve the change without a hearing.

The evidence shows that notice of Joint Petitioners' petition for a change of boundary lines located on U.S.G.S. Facet Map S-22 was published on August 31, 2012, in *The Greensburg Daily News*. This is a newspaper of general circulation in Decatur County, Indiana, which is the County where the affected boundary lines are located. Proof of publication of this notice was filed with the Commission, and is hereby incorporated into the record of this Cause. Twenty (20) days have passed since the date of publication of the notice and no affected electricity customer has requested a hearing. Therefore, pursuant to Ind. Code § 8-1-2.3-6(2), the Commission may approve the requested boundary line changes without a hearing.

4. **Approval of Requested Boundary Line Modification.** Based upon the findings above, the Commission concludes that the agreed upon change to Joint Petitioners' respective assigned service area boundaries located on U.S.G.S. Facet Map S-22 in Decatur County, as specifically depicted in the Joint Petition and attached exhibits, will promote economical, efficient, and adequate electric service to the public consistent with the legislative policies set forth in Ind. Code § 8-1-2.3-1.

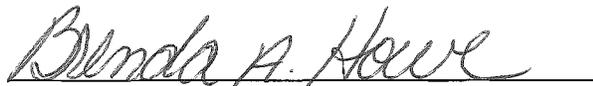

IT IS, THEREFORE, ORDERED BY THE INDIANA UTILITY REGULATORY COMMISSION that:

1. Joint Petitioners' agreed change in service area boundary lines as set forth above and in the Joint Petition and attached exhibits is approved.
2. Within thirty (30) days of the date of this Order, Joint Petitioners shall coordinate with Commission's Technical Staff to update the service territory mapping system to reflect the modified service area boundaries approved by this Order.
3. This Order shall be effective on and after the date of its approval.

LANDIS, MAYS AND ZIEGNER CONCUR; ATTERHOLT AND BENNETT ABSENT:

APPROVED: OCT 10 2012

I hereby certify that the above is a true and correct copy of the Order as approved.

Brenda A. Howe
Secretary to the Commission
