ORDER OF THE COMMISSION

**Presiding Officer:**  
**Marya E. Jones, Administrative Law Judge**

On December 10, 2012, Duke Energy Indiana Inc. (“Duke Energy Indiana”) and Wabash County Rural Electric Membership Corporation (“Wabash County REMC”) (collectively “Joint Petitioners”) filed a *Verified Joint Petition To Modify Service Area Boundary* (“Joint Petition”) with the Indiana Utility Regulatory Commission (“Commission”). Pursuant to Indiana Code § 8-1-2.3-6(2), the Joint Petition seeks Commission approval of the electric service area boundary change to which Joint Petitioners have agreed on U.S.G.S. Facet Maps Q-8 and Q-9 in Wabash County, Indiana. Copies of portions of Facet Maps Q-8 and Q-9 were attached to the Joint Petition.

The Commission, having considered the evidence and applicable law, now finds:

**1. Commission Jurisdiction.** Joint Petitioner Duke Energy Indiana is a corporation organized and existing under the laws of the State of Indiana, with its principal place of business in Plainfield, Hendricks County, Indiana. It is engaged in the business of distributing, furnishing, and selling retail electric service to the public in various counties, including Wabash County, and has charter authority to do so. Duke Energy Indiana is an “electricity supplier” within the meaning of Indiana Code § 8-1-2.3-2(b).

Joint Petitioner Wabash County REMC is a rural electric membership corporation organized and existing under the laws of the State of Indiana with its principal place of business in Wabash, Wabash County, Indiana. It is engaged in the business of distributing, furnishing, and selling retail electric service to the public in various counties, including Wabash County, and has charter authority to do so. Wabash County REMC is an “electricity supplier” within the meaning of Indiana Code § 8-1-2.3-2(b).

Joint Petitioners have sought the Commission’s approval to change their service area boundaries pursuant to Indiana Code § 8-1-2.3-6(2), which provides that the assigned service area boundaries of electricity suppliers may be changed upon a mutual agreement of the affected

electricity suppliers and approval of the Commission. Accordingly, the Commission has jurisdiction over the Joint Petitioners and the subject matter of the Joint Petition.

2. **Relief Sought.** Joint Petitioners assert that since the initial approval of the assigned service area boundaries in Cause No. 36299-S211(X) a change in circumstances has occurred involving portions of U.S.G.S. Facet Maps Q-8 and Q-9 in Wabash County, Indiana. Upon Commission approval Joint Petitioners' area boundaries in Wabash County would change in a manner that Wabash County REMC would gain service area and Duke Energy Indiana would lose service area on U.S.G.S. Facet Maps Q-8 and Q-9. Copies of portions of U.S.G.S. Facet Maps Q-8 and Q-9 attached to the Joint Petition as Exhibits "A" and "B" respectively depict in detail the proposed service area modification.

Joint Petitioners state that the proposed modification will not cause duplication of facilities; cause a waste of materials or resources; or cause uneconomic, inefficient, or inadequate electric service to the public. There is no evidence to the contrary before the Commission in this proceeding.

3. **Notice.** Indiana Code § 8-1-2.3-6(2) in part provides:

If notice of a verified request for a change of boundary lines by mutual agreement under this subdivision is published in a newspaper of general circulation in every county in which the boundary lines are located and an affected electricity customer does not request a hearing within twenty (20) days of the last date of publication, the commission may approve the change without a hearing.

The evidence shows that notice of Joint Petitioners' Joint Petition for a change of boundary lines located on U.S.G.S. Facet Maps Q-8 and Q-9 was published on January 23, 2013 in *'the paper' of Wabash County Inc.*. This is a newspaper of general circulation in Wabash County, which is the county where the affected boundary lines are located. Proof of publication of this notice was filed with this Commission on February 4, 2013, and is hereby incorporated into the record of this Cause. Twenty (20) days have passed since the date of publication of the notice and no affected electricity customer has requested a hearing. Therefore, pursuant to Indiana Code § 8-1-2.3-6(2), the Commission may approve the requested boundary line change without a hearing.

4. **Approval of Requested Boundary Modification.** Based upon the foregoing findings, the Commission concludes that the agreed-upon change to Joint Petitioners' respective assigned service area boundaries located on U.S.G.S. Facet Maps Q-8 and Q-9, as specifically depicted in the Joint Petition and exhibits attached thereto, will promote economical, efficient, and adequate electric service to the public consistent with the legislative policy set forth in Indiana Code § 8-1-2.3-1 and, therefore, should be approved.

**IT IS THEREFORE ORDERED BY THE INDIANA UTILITY REGULATORY COMMISSION, that:**

1. Joint Petitioners' agreed-upon service area boundary lines change as set forth above and in the Joint Petition and exhibits attached thereto is hereby approved.

2. Within thirty (30) days of the date this Order is approved, Joint Petitioners shall coordinate with Commission Technical Staff to update the service territory mapping system to reflect the modified service area boundaries approved by this Order.

3. This Order shall be effective on and after the date of its approval.

**APPROVED: FEB 13 2013**

**I hereby certify that the above is a true  
and correct copy of the Order as approved.**
