STATE OF INDIANA

INDIANA UTILITY REGULATORY COMMISSION

APPLICATION OF HUGHES NETWORK ) CAUSE NO. 44476  
SYSTEMS, LLC FOR A CERTIFICATE OF )  
TERRITORIAL AUTHORITY FOR ) APPROVED:  
COMMUNICATIONS SERVICE PROVIDERS )

MAY 28 2014

ORDER OF THE COMMISSION

**Presiding Officer:**  
**Marya E. Jones, Administrative Law Judge**

On April 3, 2014, Hughes Network Systems, LLC (“Applicant”) filed with the Indiana Utility Regulatory Commission (“Commission”) its Application for a Certificate of Territorial Authority (“CTA”) to provide communications services, specifically information service as described in the Application, within the State of Indiana. However, on May 1, 2014, Applicant amended and corrected its CTA application to indicate that it plans to offer telecommunications service in Indiana, as defined in 47 U.S.C. § 153(46)<sup>1</sup>, not information service; the specific type of service Applicant is proposing to offer remains the same, “VoIP Telecommunications Services”. The Commission published notice that Applicant filed an application for a CTA to provide communications services within the State of Indiana. Absent a timely request, the Application may be granted without a hearing.

Based upon information contained in the Application and applicable law, the Commission makes the following findings:

**1. Commission Notice and Jurisdiction.** Due, legal and timely notice of the Application was given and published by the Commission in accordance with General Administrative Order (“GAO”) 2011-2 and Ind. Code § 8-1-32.5-9. Applicant requests the issuance of a CTA pursuant to Ind. Code ch. 8-1-32.5 and, therefore, the Commission has jurisdiction over the Applicant and the subject of this Cause.

**2. Commission Discussion and Findings.** The Applicant filed an application for a CTA and information describing its proposed communications services in the State of Indiana.

The Application was filed with the Commission on April 3, 2014 and amended on May 1, 2014. Notice of the Application was posted to the Commission’s website. No timely written request for intervention or a hearing was made by any entity during the 30-day posting period,

<sup>1</sup> The definition of telecommunications service referenced and cited in Indiana Code ch. 8-1-32.5 as 47 U.S.C. §153(46) was amended October 8, 2010, by Public Law 111-260. P.L. 111-260 added seven new definitions to 47 U.S.C. §153. The definition of telecommunications service was not changed, but redesignated as 47 U.S.C. §153(53). The current version of Indiana Code ch. 8-1-32.5 refers to the definitions in 47 U.S.C. §153 prior to its amendment.

and the Commission has not, on its own motion, determined a need for a hearing in this Cause. Accordingly, no hearing is required in this Cause.

Therefore, based upon the information provided by the Applicant in its Application, the Commission finds that a Certificate of Territorial Authority for communications services, specifically VOIP Telecommunications services, proposed to be offered within the State of Indiana should be issued to the Applicant, consistent with and subject to the following findings.

The Applicant shall comply with all applicable legal requirements pertaining to the provision of the communications services authorized by this CTA, including, but not limited to, the following:

a. **InTRAC.** Applicant shall establish and maintain contact with the Indiana Telephone Relay Access Corporation for the Hearing and Speech Impaired (“InTRAC”) and pay all fees required by Ind. Code ch. 8-1-2.8.

b. **211 Dialing Code.** Applicant shall establish and maintain contact with, and provide appropriate notice to, the Indiana 211 Partnership, Inc. (the designated administrator of the 211 dialing code in Indiana) to coordinate proper switch translations for the 211 dialing code described in Ind. Code ch. 8-1-19.5 to ensure that its customers can dial “211” when desired or, in the case of a bundled reseller of local exchange service, to ensure the facilities-based carrier has provided 211 Service

c. **E-911.** If and to the extent Applicant is a “provider” (as defined in Ind. Code § 36-8-16.7-19), Applicant shall provide notice to all counties and Public Service Answering Points (“PSAPs”) covering areas in which the Applicant offers communications service (as defined in Ind. Code § 36-8-16.7-7) in Indiana to users (as defined in Ind. Code ch. 36-8-16.7-21), when the offering of communications service commences in the county and the PSAP’s area, in order to facilitate the continued operation of the enhanced emergency telephone systems, provide PSAP database updates to applicable 911 Service Providers and perform all other obligations and responsibilities as set forth in Ind. Code ch. 36-8-16.6 and/or Ind. Code ch. 36-8-16.7, as applicable.

d. **Indiana Universal Service Fund.** Applicant shall pay all required assessments into the Indiana Universal Service Fund (“IUSF”), based on the “net billed intrastate retail telecommunications revenue,” pursuant to the Order in Cause No. 42144<sup>2</sup> and the “Implementation Guidelines” attached to the July 25, 2007 Docket Entry issued in Cause No. 42144, and pursuant to any subsequently issued IUSF-related requirements, rules, or procedures.

e. **Notice of Initiation of Service.** Pursuant to Ind. Code §§ 8-1-32.5-6(b)(3)(D) and 8-1-32.5-6(a)(9)(A), Applicant shall file under this Cause a notice with the Secretary of the Commission of Applicant’s “in service” dates (i.e., the dates on which Applicant commences offering communications service) within ninety (90) days of each “in service” date.

---

<sup>2</sup> *Commission Investigation*, Cause No. 42144, 2004 Ind. PUC LEXIS 61 (IURC March 17, 2004).

f. **Additional Filing Requirements.** Applicant shall file any other data, information, or reports required or requested by the Commission, including but not limited to information concerning the types of service offered and any information needed by the Commission.

g. **Indiana Underground Plant Protection Service.** To the extent Applicant owns, maintains, or otherwise has control over underground facilities, Applicant shall establish and maintain contact with, and provide appropriate notice to, the Indiana Underground Plant Protection Service, the designated administrator of the 811 dialing code in Indiana, and comply with Ind. Code § 8-1-26.

h. **Notice of Changes.** Applicant shall notify the Commission, pursuant to Ind. Code § 8-1-32.5-12, of any change involving either the Applicant or the CTA occurring after the issuance of this CTA. Such notice shall be provided using a Verified Notice of Change form in accordance with GAO 2011-2. If the change involves the provision of other types of services than those approved herein or the reclassification of a communications service approved in this CTA, additional obligations and fees may apply.

i. **Other Customer Notifications.** Applicant shall provide appropriate notice to customers when Applicant offers new communications services, discontinues communications services, and/or increases rates and charges for communications services in any of the Applicant's service areas in Indiana pursuant to Ind. Code § 8-1-32.5-11(b) and any regulations adopted by the Commission.

**IT IS THEREFORE ORDERED BY THE INDIANA UTILITY REGULATORY COMMISSION that:**

1. Subject to the Findings set forth in this Order, the Applicant, Hughes Network Systems, LLC, is hereby issued a Certificate of Territorial Authority as a Communications Service Provider to provide telecommunications services, specifically VOIP services, as requested in the amended Application that is the subject of this Order.

2. This Order shall be effective on and after the date of its approval.

**STEPHAN, MAYS, WEBER, AND ZIEGNER CONCUR:**

**APPROVED:    MAY 28 2014**

**I hereby certify that the above is a true and correct copy of the Order as approved.**

**Brenda A. Howe  
Secretary to the Commission**
