SEMINAR NOVEMBER 4, 2010

Public Awareness

For Master Meter Operators

IURC/PSD 2010 MASTER METER
SEMINAR NOVEMBER 4, 2010

Baseline Messages

- ▶ Pipeline Purpose & Reliability

Natural Gas, one of the world's cleanest & safest fuels

- ▶ Awareness of Hazards

Dead vegetation, blowing, hissing. Use your senses: See, Hear, Smell

- ▶ Damage Prevention Methods

Call (Indiana 811) 2 days before digging

Baseline Messages Cont.

- ▶ Leak Recognition and Response

Can I recognize? What do I do? What not to do?

- ▶ How to get Additional Information

Visit safegasindiana.org or call your local gas supplier

Requirements

- ▶ Must have a written procedure in your O & M describing YOUR Public Awareness plan
- ▶ Distribution = 2x a calendar year
We would like to see them included with Move-in packets
We recommend adequately spaced and timely
- ▶ Document the distribution dates

Additional

- ▶ Posted on bulletin boards, laundry rooms, recreation areas
- ▶ Periodic newsletters to residents
- ▶ Good to incorporate Carbon Monoxide Awareness
