Pipeline Safety Division Investigation Report

Investigation regarding: D. R. Watson Company

UPPAC Database Record ID: 723

Investigator: Rich Medcalf

Report Date: 05/24/2012

Damage Date: 10/13/2009 10:03:44 AM

Damage Address: 8058 Eskerban Dr, Lot 543

City: Avon

County: Hendricks

The Parties

Excavator: **D. R. Watson Company**

Contact: Chuck Watson, Vice President

Address: 1966 Midwest Boulevard, Indianapolis, In 46214

Telephone: 317-271-1667

Facility Owner: Vectren

Contact: Darlene Kulhanek

Address: 1 N Main Street, Evansville, IN 47702

Pipeline Facility

Facility Type: Natural Gas

Facility Function: Distribution

Investigation regarding: D. R. Watson Company

UPPAC Database Record ID: 723

Damage Impact

Product release: Yes

Ignition: No

Service Interruption: False

Number of Customers Affected: 0

Injuries: 0

Fatalities: 0

Repair Cost (if known): $4267

Excavator Activities/Cause of damage information:

Excavator request locates: Yes Indiana 811 ticket Number: 0910051016

Type of Equipment: Boring

Type of work performed: Water

Synopsis: A two inch plastic gas main was damaged during a boring procedure to install water lines.

Findings: Reported by Indiana 811; excavator's response to initial notice was received on 02/18/2012. Excavator failed to pot-hole the main to verify location and depth prior to beginning bore.

Conclusion: Excavator failed to maintain the required clearance with mechanized equipment.

Violation: IC 8-1-26-20(b): Failure to plan excavation to avoid damage or interference with underground facilities; Failure to maintain two (2) feet clearance with mechanized equipment.

D. R. Watson Company currently has 12reports of damages in the record, between 08/27/2009 9:52:29 AM and 04/30/2012 12:33:15 PM.

Submitted to IURC-Pipeline Safety on: 02-10-2012

Who is submitting this information?

Name of person providing this information: Darlene Kulhanek

Business address *(number and street)*: 1 Main Street

City, State, and ZIP code: Evansville, IN 47711

Telephone number *(area code)*: 812-491-4227

Fax number *(area code)*: 812-491-4504

E-mail address: dkulhanek@vectren.com

Excavator Information, if known

Full name: D R Watson Co.

Business address *(number and street)*: 1966 Midwest Blvd.

City, State, and ZIP code: Indianapolis, IN 46214

Telephone number *(area code)*: 317-271-1667

Fax number *(area code)*:

E-mail address: Unknown

Excavation or Demolition Information

Excavator type: Contractor

Excavation or demolition equipment: Boring

Type of work performed: Water

Date and Location of Damage

Date of damage (*month, day, year*): 10-13-2009

County: Hendricks

City: Avon

Street address (*number and street, city, state, and ZIP code*):
8058 Eskerban Drive, Lot 543, Avon

Nearest intersection: CR 900

Right of way where damage occurred: Dedicated Public Utility Easement

Was there a release of product? Yes

If yes, was there an ignition of product? No

Were evacuations necessary as a result of release? No

If yes, how many evacuated? 0

Was there a customer service interruption? No

If yes, how many affected? 0

Time to restore service (*in hours*): 0

Enter number of injuries, if applicable and known: 0

Enter number of fatalities, if applicable and known: 0

Property damage, Estimate $4,267.22

Affected Facility Information

What type of pipeline was damaged? Natural Gas

What was the affected facility? Distribution

What was the depth of the facility, in inches? _____

Notification, Locating, Marking

Did excavator request locates prior to commencing work? Yes

Enter Indiana 811 ticket number, if known: 0910051016

Was the locate request completed within two working days? Yes

If locates were performed, were they done so by a contractor or pipeline employee? Contract Locator

If a contractor locator, enter the company name, if known: USIC/SMP

Were facility marks visible in the area of excavation? Yes

Were facilities marked correctly? Yes

Type of markings used: Paint and Flags

If other, please specify: _____

Was site marked by "White Lining"? No

Were special instructions part of the locate request? No

Were maps used to complete the locate request? Unknown/Other

Were pipeline company representatives on site during excavation? No

Did the excavator notify the operator in the event of this damage? No

Did the excavator notify Indiana 811 in the event of this damage? Yes

Did the excavator notify 911 in the event of a release of product? Unknown/Other

Description of Cause

Select from the list the most accurate cause for the damage: --Failure to verify location by test-hole (pot-holing)

Additional Comments

2" plastic main damaged by bore. Failure to hand expose or pot-hole.

Utility Regulatory Commission

Case # 723

In response to pipeline safety division cases I have received, we have filled out the Information request as completely as we could. I would like to state that we do call in all job locations with the proper notice as required.

We do lots in residential subdivisions so all locations are called in with addresses and lot numbers. We also describe the area to be located when calling these addresses in. Normally this is front and both sides of the property and if boring both sides of the street. Where exactly we are digging depends on a lot of different factors that we determine after we start digging. We do not white line for this reason.

We completed 990 homes in 2009, 1231 homes in 2010 and 1171 homes in 2012.

I only mention amount of homes we do to emphasize the amount of crossings we do in a year but I do understand the seriousness of these cuts and I am determined to eliminate as many if not all of these cuts if possible.

With that being said I held a meeting with all operators, helpers and my field supervisor. I have attached the topics discussed in this meeting with the information you requested.

Sincerely,

Chuck Watson

D.R. Watson Co., Inc

Meeting 2/13/2012 Gas cuts since 2009

8/27/09 gas service our fault

10/13/09 gas main our fault

3/26/10 gas service our fault

4/9/10 gas main our fault

9/24/10 gas service our fault

8/20/10 gas main not our fault

8/28/11 gas service not our fault

8/30/11 gas service not our fault

9/6/11 gas main our fault

That's four mains and 5 service lines

With a total paid out so far of $ 9247.00

All of the above cuts have been and all future cuts will be turned in the Utility Regulatory Commission for review.

We could get fined up to $10,000.00 per cut!

We have been fortunate not to have someone hurt or killed by these cuts.

Check lots first before digging. Look at locates if not located check date to be located on job card. If you see something that is not located call office and we will call it back in.

Check for possible gas power services that may have been added since the locator marked the lot.

We must hand dig and expose all services and mains before for digging around them with backhoes.

Stop well short of any locates and hand dig to expose before you are close to locates.

There is no reason to take a chance and dig right up to the two or three foot allowance on marks, Stop short and hand dig first.

Don't feel with probing rod and trust this. You must expose by hand digging before digging with backhoe.

Never use pipe pusher or directional bore without exposing lines.

If locates are off and you know it's there it's not ok to go ahead and take a chance or cut it. This is still a safety issue even if we don't have to pay.

Although the topic today is gas line safety these steps should be taken on all utilities.

Not only will we reduce the danger of these cuts we will can save thousands of dollars a year in cost.

Any questions or suggestions.

In attendance at today's meeting:

Chuck Watson
Chad Barker
Tim Deal
Josh Vernon
Jeff Chapman
Ben Brown
Mark Fry
Wes Vernon
Danny Patterson
Steve Brown

I have attended this meeting and understand the importance of hand digging first not only for our safety but for safety of those in the communities we work.
