Re: Hancock Rural Telephone Corporation d/b/a NineStar Connect
30-Day Filing (Pursuant to 170 IAC 1-6) and Explanation of Compliance with FCC
Requirements

Enclosed for filing with the Commission on behalf of Hancock Rural Telephone
Corporation d/b/a NineStar Connect ("NineStar") are the following NineStar tariff pages:

Title	Original Page 1
Concurrence and Exceptions	Original Pages 2-9
Check Sheets	Original CS Pages 1 – 24

The purpose of this filing is to establish a complete baseline intrastate access tariff. NineStar proposes to concur in the John Staurulakis, Inc. (JSI) Interstate Access Tariff F.C.C. No. 1 with exceptions effective July 1, 2016. Effective with the approval of the new NineStar Intrastate Access Tariff No. 2, NineStar will no longer concur in the West Point Telephone Company Tariff I.U.R.C. No. 1.

NineStar requests that the Commission issue an emergency order to temporarily approve NineStar Tariff I.U.R.C. Tariff No. 2 in less than 30 days. Pursuant to 170 IAC 1-1.1-8(d), attached is a verification statement which includes evidence to support the request.

Enclosures

cc: Scott Hiatt, Hancock Rural Telephone Corporation d/b/a NineStar Connect
Office of the Utility Consumer Counselor

VERIFICATION STATEMENT OF HANCOCK RURAL TELEPHONE CORPORATION
D/B/A NINESTAR CONNECT

Effective July 1, 2016, Hancock Rural Telephone Corporation d/b/a NineStar Connect ("NineStar") will exit NECA Tariff F.C.C. No. 5 and become an issuing carrier for the JSI Tariff F.C.C. No. 1 for interstate access service. NineStar is therefore filing to cancel its concurrence with West Point Telephone Company Tariff I.U.R.C. No. 1 and establish the new NineStar Intrastate Access Tariff I.U.R.C. No. 2 to concur with JSI Tariff F.C.C. No. 1 effective July 1, 2016.

The JSI Tariff F.C.C. No. 1 Transmittal No. 198 was filed June 16, 2016 on behalf of 75 issuing carriers to include the addition of NineStar as an issuing carrier. See <https://apps.fcc.gov/etfs/public/tariff.action?idTariff=29>

The filing was made on 15 days' notice pursuant to the Federal Communications Commission ("FCC") Annual Access Charge Tariff Filing Order.¹ The FCC annual access 15-day tariff filing procedures did not allow for the JSI Tariff pages relevant to NineStars' new Intrastate Access Tariff I.U.R.C. No 2 to be finalized and filed within a timeframe to meet the 30-day filing required under 170 IAC 1-6.

For the above reasons, NineStar respectfully requests that the Commission, as allowed under Indiana Code 8-1-2-113, issue an emergency order to temporarily approve the NineStar intrastate access tariff in less than 30 days, pending final approval by the Commission after at least 30 days have passed from the June 20 filing date.

I, Michael R. Burrow, President and CEO of NineStar, affirm under penalties for perjury that the foregoing representation is true to the best of my knowledge, information and belief.

Signed

Date

06/15/2016

INTRASTATE ACCESS SERVICE

CONCURRENCE AND EXCEPTIONS (Cont'd)

JSI Section	Concur	NineStar Exceptions
6. Switched Access Service	Yes	In addition to concurrence with Section 6 regulations for Switched Access Service, the following regulations apply to NineStar intrastate access service.

6. Switched Access Service (Cont'd)6.1 General (Cont'd)6.1.1 Description and Provision of Switched Access Service Arrangements (Cont'd)(C) VoIP PSTN Traffic

Identification and Rating of VoIP-PSTN Traffic

This section governs the identification of Toll VoIP-PSTN Traffic which the FCC in its Report and Order in WC Dockets Nos. 10-90, etc., F.C.C. Release No. 11-161 (November 18, 2011) (F.C.C. Order) has allowed to be tariffed in both federal and state access tariffs unless the parties have a negotiated agreement.¹ The Company recognizes that according to the FCC Order all VoIP-PSTN traffic is governed by section 251(b)(5) Framework including Toll PSTN VoIP Traffic which is included in this tariff.

For the purposes of this Tariff Toll VoIP-PSTN Traffic is defined as interexchange traffic exchanged between a Company end user and the customer in Time Division Multiplexing (TDM) format that originates and/or terminates in Internet Protocol (IP) format. Toll VoIP-PSTN traffic originated and/or terminates in IP format when it originates from and/or terminates to an end user customer of a service that requires IP-compatible customer premises equipment.

¹ Although the Company has taken the position that this tariff, by its own terms, already applies to VoIP-PSTN traffic, as defined herein, the Company has included this Section in the tariff out of an abundance of caution to prevent any claim that it does not so apply, and to implement the decision by the Federal Communications Commission in its Report and Order in WC Docket Nos. 10-90, etc., FCC Release No. 11-161 (Nov. 18, 2011) ("FCC Order") that VoIP-PSTN access traffic should be exchanged at interstate access rates (unless the parties have agreed otherwise). By its terms, the FCC Order is prospective only, and does not address preexisting law with regard to the applicability of intercarrier compensation or the enhanced service providers ("ESP") exemption to VoIP-PSTN Traffic.

CONCURRENCE AND EXCEPTIONS (Cont'd)

6. Switched Access Service (Cont'd)

6.1 General (Cont'd)

6.1.1 Description and Provision of Switched Access Service Arrangements (Cont'd)

(C) VoIP PSTN Traffic (Cont'd)

Identification and Rating of VoIP-PSTN Traffic (Cont'd)

The customer shall deliver all Toll VoIP-PSTN traffic on its facilities that deliver other voice access traffic. Toll VoIP-PSTN traffic shall not be delivered on local trunk groups.

Specifically, this section establishes the method of separating Toll VoIP-PSTN Traffic from the customer's traditional intrastate access traffic, so that Toll VoIP-PSTN Traffic can be billed in accordance with the F.C.C. Order.

Toll VoIP-PSTN Traffic identified in accordance with this tariff section will be billed at rates equal to the Company's applicable tariffed interstate switched access rates as set forth in the JSI Tariff F.C.C. No. 1.

Calculation and Application of Percent-VoIP- Usage Factors

- (1) The Company will determine the number of intrastate Toll VoIP-PSTN Traffic minutes of use (MOU) to which interstate rates will be applied under B, preceding, by applying an originating Percent Toll VoIP-PSTN Usage (PVU) factor to the total intrastate access MOU originated by a Company end user and delivered to the customer and by applying a terminating PVU factor to the total intrastate access MOU terminated by a customer to the Company's end user.

6. Switched Access Service (Cont'd)

6.1 General (Cont'd)

6.1.1 Description and Provision of Switched Access Service Arrangements (Cont'd)

(C) VoIP PSTN Traffic (Cont'd)

- (2) The customer will calculate and furnish to the Company an originating PVU factor representing the whole number percentage of the customer's total originating intrastate access MOU that the customer exchanges with the Company in the state that is received from the Company and that is terminated in IP format and that would be billed by the Company as intrastate access MOU at rates equal to interstate rates. When the FCC rules allow, originating VoIP-PSTN traffic shall be billed at intrastate access rates.
- (3) The customer will calculate and furnish to the Company a terminating PVU factor representing the whole number percentage of the customer's total terminating intrastate access MOU that the customer exchanges with the Company in the state that is sent to Company and which originated in IP format and that would be billed by the Company as intrastate access MOU at rates equal to interstate.
- (4) The customer shall not modify their reported PIU factor to account for Toll VoIP-PSTN Traffic.
- (5) Both the customer provided originating PVU and the terminating PVU hall be based on information such as the number of the customer's retail Toll VoIP subscriptions in the state (e.g. as reported on F.C.C. Form 477), traffic studies, actual call detail or other relevant and verifiable information which will be provided to the Company upon request for subsequent PVU submissions.

6. Switched Access Service (Cont'd)

6.1 General (Cont'd)

6.1.1 Description and Provision of Switched Access Service Arrangements (Cont'd)

(C) VoIP PSTN Traffic (Cont'd)

- (6) The customer shall retain the call detail, work papers, and information used to develop the PVU factors for a minimum of one year.
- (7) If the Customer does not furnish the Company with a PVU factor according to this section, the Company will utilize a PVU equal to zero. At the time of this tariff filing, Company has a PVU of zero. If the Company offers VoIP at a future date, the tariff will be updated as appropriate.

(D) PVU Factor

The customer may update the PVU factors quarterly using the method set forth in (A)(3), preceding. If the customer chooses to submit such updates, it shall forward to the Company, no later than 15 days after the first day of January, April, July and/or October of each year, revised PVU factors based on data for the prior three months, ending the last day of December, March, June and September, respectively. The revised PVU factors will serve as the basis for future billing and will be effective on the bill date of each such month and shall serve as the basis for subsequent monthly billing until superseded by new PVU factors. No prorating or back billing will be done based on the updated PVU factors.

6. Switched Access Service (Cont'd)

6.1 General (Cont'd)

6.1.1 Description and Provision of Switched Access Service Arrangements (Cont'd)

(E) PVU Factor Verification

- (1) Not more than twice in any year, the Company may request from the customer an overview of the process used to determine the PVU factors, the call detail records, description of the method for determining how the end user originates and terminated call in IP format, and other information used to determine the customer's PVU factors furnished to the Company in order to validate the PVU factors supplied. The customer shall comply, and shall reasonably supply the requested data and information within 15 days of the Company's request.
- (2) The Company may dispute the Customer's PVU factor based upon:
 - (a) A review of the requested data and information provided by the customer
 - (b) The Company's reasonable review of other market information, F.C.C. reports on VoIP lines, such as F.C.C. Form 477 or state level results based on the F.C.C. Local Competition Report or other relevant data.
 - (c) A change in the reported PVU factor by more than five percentage points from the preceding quarter.

6. Switched Access Service (Cont'd)

6.1 General (Cont'd)

6.1.1 Description and Provision of Switched Access Service Arrangements (Cont'd)

(E) PVU Factor Verification (Cont'd)

- (3) If after review of the data and information, the customer and the Company established revised PVU factors, the Company will begin using those revised PVU factors with the next bill period.
- (4) If the dispute is unresolved, the Company may initiate an audit. The Company shall limit audits of the customer's PVU factor to no more than twice per year. The customer may request that the audit be conducted by an independent auditor. In such cases the associated auditing expenses will be paid by the customer.
 - (a) In the event that the customer fails to provide adequate records to enable the Company or an independent auditor to conduct an audit verifying the customer's PVU factors, the Company will bill the usage for all contested periods using the most recent undisputed accepted PVU factors reported by the customer or the FCC default PVU. These PVU factors will remain in effect until the audit can be completed.
 - (b) During the audit, the most recent undisputed PVU factors the previous reporting period will be used by the Company.
 - (c) The Company will adjust the customer's PVU factors based on the results of the audit and implement the revised PVU in the next billing period or quarterly report date, whichever is first. The revised PVU factors will apply for the next two quarters before new factors can be submitted by the customer.

6.1 General (Cont'd)

6.1.1 Description and Provision of Switched Access Service Arrangements (Cont'd)

(E) PVU Factor Verification (Cont'd)

- (d) If the audit supports the customer's PVU factors, the usage for the contested periods will be adjusted to reflect the customer's audited PVU factors.
- (5) The customer will calculate and furnish to the Company an originating PVU factor representing the whole number percentage of the customer's total originating intrastate access MOU that the customer exchanges with the Company in the state that is sent to Company and which terminated in IP format and that would be billed by the Company as intrastate access MOU charged at rates equal to interstate rates.
- (6) The customer will calculate and furnish to the Company a terminating PVU factor representing the whole number percentage of the customer's total terminating intrastate access MOU that the customer exchanges with the Company in the state that is sent to Company and which originated in IP format and that would be billed by the Company as intrastate access MOU charged at rates equal to interstate rates.

(F) Rate Regulation-VoIP-PSTN Traffic

Toll VoIP-PSTN Traffic identified in accordance with this tariff will be billed at rates equal to the Company's applicable tariffed interstate switched access rates as specified in JSI Tariff No. 1 Section 17.2 in which the Company concurs.
