Re: Proposed changes to new utility reform laws
(Apologies are in order that this memo is slightly tardy. Notice was just received from a volunteer that he was unable to write this memo.)

The Nora-Northside Community Council, Inc. (NCC) is a broad-based "umbrella" community organization based in northern Washington Township of Marion County. Our boundaries include some 12 square miles which include roughly 60 identifiable neighborhoods and a population of some 25 to 28 thousand citizens. This summer NCC celebrates 45 years of promoting orderly growth and development and conservation of our natural resources.

NCC's Board of Directors appreciates and applauds the studious efforts of the Indiana Tree Alliance and respectfully urges the Commission to adopt the Alliance's proposed amendments/changes for the new utility reform laws.

Thank you.

Sincerely,

Ruth R. Hayes, NCC President
