Ms. Poon

We are near the end of this phase. I would like to thank you and the rest of the staff for all of the work you put forth. I just hope that in the end we will all have a feeling of accomplishment.

Just a couple of Items.

1. **CUTTING DISTANCE:** There shall be no trimming outside of the Utility Easement without the Utility either obtaining an easement or the permission of the Property owner. Prescriptive easement is not an option. Moving the lines away from the easment line is the only option. No clear cutting or use of chemical treatment shall be allowed without the owners consent.

2. **NOTIFICATION:** Printed on all notification shall be the Phone Number and E-Mail address of the IURC and the OUCC.

Every time I think maybe the Utilities are getting the message that their customers are unhappy another horror story appears. I hope that you and your staff will work with Charlie to get their attention and come to an agreement that is fair for all.

Thanks  
Henry Junkersfeld
