Re: LSA Document #11-426; Commission RM #09-04

Dear Mr. Shields:

Pursuant to IC 4-22-2-28, the Indiana Utility Regulatory Commission ("Commission") received the comments of the Indiana Economic Development Corporation ("IEDC") regarding the rule proposed by the Commission in LSA Document #11-426, amending 170 IAC 6-1.1-4 regarding notice to wholesale customers when a utility makes a distribution system improvement charge filing and 170 6-1.1-8 regarding the filing of reconciliation reports for all reconciliation periods. The IEDC's comments were received on Monday, October 3, 2011, which is more than seven (7) days prior to the Public Hearing scheduled in this matter for Wednesday, October 12, 2011, at 2:00 p.m. local time.

The Commission understands that the IEDC has no objection to the economic impact associated with this proposed rule and has no suggested alternatives or changes to this proposed rule. In addition, the IEDC recognized that compliance with the proposed rule is voluntary and will therefore result in no increased costs to small businesses unless the business elects to participate.

Thank you for your review and consideration of this matter.

Sincerely,

DeAnna L. Poon
Assistant General Counsel
