

Public Notice of Required Communications Services Tariff Filings

pursuant to I.C. 8-1-2.6-1.5(d)

Notice requirements have recently changed for communications services tariff filings in Indiana, following the passage of Senate Enrolled law by Governor Pence on May 11, 2013. The applicable portion of the statute reads, as follows: **"If the commission requires a provider to provide switched access service, special access service, or any other service, the filing of the tariff with the commission serves as the public notice of the filing. The commission shall provide the public with notice of tariff filings through the commission's Internet web site or other electronic means."** SECTION 5, *codified* at Ind. Code 8-1-2.6-1.5-6(d)]. This requirement became effective on July 1, 2013. Posting of this "tariff notice" to the Commission's legal obligations under Ind. Code 8-1-2.6-1.5-6(d). No other notice is required by the Commission.
