**STATE OF INDIANA
INDIANA UTILITY REGULATORY COMMISSION**

**IN THE MATTER OF AN ORDER)
APPROVING UTILITY ARTICLES)
PURSUANT TO 170 IAC 1-6.)**

APPROVED:

APR 08 2015

ORDER OF THE COMMISSION

The Indiana Administrative Code provides for Thirty-Day Administrative Filing Procedures and Guidelines pursuant to the authority of Ind. Code 8-1-1-3 and Ind. Code 8-1-2-42. The thirty-day filing process is available for certain routine and non-controversial requests to facilitate expedited consideration of these matters by the Commission. The rule sets forth the requirements for the thirty-day administrative filings.

The thirty-day filings received pursuant to 170 IAC 1-6 and ripe for Commission action are attached hereto and collectively referred to as the Utility Articles. There are no controversial filings in the Utility Articles approved today.

The Commission Technical Divisions have submitted their recommendations to the Commission. The Commission finds that the requirements of 170 IAC 1-6 have been met and that the Utility Articles attached are hereby approved.

IT IS SO ORDERED.

Filing Party: Richmond Municipal Power & Light (RP&L)

30-Day Filing ID No.: 3327

Date Filed: March 4, 2015

Filed Pursuant To: 170 IAC 1-6-1

Request: Currently a normal disconnect charge is \$30. The new charge proposed by the utility allows for an option for a customer to call the customer service office and make a credit card payment while the service person is at the residence for disconnect. The customer will only be charged fifteen dollars (\$15) to cover the labor cost of a service person making the trip to the residence. The service person will not be required to pull the meter if the customer makes the payment. Furthermore, if the service person makes a trip to a residence for reason of notice of disconnect, or cannot access the meter, the \$15 trip charge will apply. The Appendix B will contain new language that will read: *Trip Charge Labor \$15.00 per trip.*

Customer Impact: RP&L saves the time and labor of pulling the meter and making a follow up trip to reconnect service, and saves the customer fifteen dollars (\$15) and the interruption in service.

Tariff Page(s) Affected: Appendix B

Staff Recommendations: 170 IAC 1-6-3(4) allows for a utility to use the Commission's 30-Day Administrative Filing Procedures for the implementation of a nonrecurring charge. The nonrecurring charge in this case allows for a less expensive option for a customer wanting to restore service under certain conditions. Staff believes this is nonrecurring charge will be a benefit for both customers and the utility and recommends approval.
