The following new miscellaneous item will be eligible for final consideration at the next Commission Conference and based upon a review of it by staff members of the Commission, I recommend approval.

1. North Lawrence Water Authority

The utility is proposing to add a Minimum Charge per Month for a 6 inch meter, increase the Connection Charge, increase the Reconnect Fee, add a charge for a Visit to Customer Premise (in order to disconnect a past due account, but payment arrangements are made and service is left on), and increase the Meter Test Charge. The reason for the increases is to make these services cost supported. Cost support has been provided.
