

Indiana Court Technology

TECHNOLOGY STATS

2015 UPDATE

Odyssey Case Management System

- Approximately 60% of all new cases filed in trial courts are filed in Odyssey
- Courts in 54 counties use the system, including 225 trial and 3 appellate courts
- Information is available in more than 19,000,000 cases
- Next counties scheduled to join system: Vigo, Bartholomew, Boone, Crawford, Delaware, Fulton, Marshall, Perry, Starke, Tippecanoe, and Lake

E-filing

- In July 2015 Hamilton County started e-filing
- Approximately 800 registered users filed 4,441 documents in Hamilton County in the first 90 days
- On November 9, the Supreme Court and Court of Appeals began e-filing
- More than 80 documents filed electronically in the first week of appellate e-filing
- Other counties are scheduled to accept e-filings in the coming months

For more information about Indiana's statewide e-filing project, and to sign up for email updates, see our e-filing website:

E-file Indiana
courts.in.gov/efile

Protection Order Registry

- 425,800 protection and no-contact orders available to police and public
- 48,844 protection and no-contact orders filed electronically in 2015 alone

Guardianship Registry

- 27 counties using the registry
- 2,338 protected juveniles and adults listed in registry

Other Technology Information

- More than 18,000 attorneys submitted annual registration via Indiana Courts Portal this year
- Over 1,900 applicants took the bar exam via a laptop over the past three years
- Information has been exchanged between courts and BMV electronically since 2005—with approximately 15,000 cases sent each week
- Court recognizes the importance of communication through technology—parenting time guidelines provide for time via Skype and internet
- 8,891 mental health adjudication cases reported to National Instant Criminal Background Check System

Information sharing and services

STATE

Appellate courts and agencies use INcite to pass information back and forth with local courts, such as receiving trial court statistics or providing access to benchbooks that summarize laws and rules based on jurisdiction.

Many other state agencies get information from local courts through INcite, including:

Department of Revenue

Tax Warrants
Tax Intercept

State Auditor

Report of Collections

Department of Health

Marriage Licenses

Department of Child Services

Protection Order Registry
Juvenile Placements & Services

Prosecuting Attorneys Council
