Family Court Forms Available on Website

The 2007 Data/Financial Report form and the 2008 Family Court Grant Terms are now available on the Family Court website, <http://www.in.gov/judiciary/family-court>. You will need Microsoft Excel 2000 or newer to complete the Data/Financial Report. If you do not have Microsoft Excel, you may use Family Court grant funds to purchase the software. For information on the state of Indiana's discount arrangement with ASAP Software, contact Steven Parks at 800.231.5559 or sparks@asap.com. Instructions for completing the forms are on the web site, but if you have any questions please feel free to call. Please remember that 2008 distributions will be held until these forms are received.

Assessment Reports and Updated Manuals Received

Thanks to everyone for your hard work in completing the Phase IV Assessment Report and updating your Project manuals. As you know, I will be incorporating some of the results from the Assessment Report into an article I am working on with Judge Francie Hill. I also appreciate all of you who provided me with an electronic copy of your manual. Once the dust settles from our move, I will be working to develop a resource library that I hope to eventually add to our Family Court website. I realize you are all very busy and that this project took a significant chunk of your time, but I think we will all see the benefit in the months to come. **If you have not yet returned your assessment and manual, please do so ASAP.**

STAD's Big Move

Just a reminder that STAD will be moving the week between Christmas and New Year's Day. Many staff, myself included, will be on vacation during that time to stay out of the way of the movers! If you are trying to reach anyone in our offices, please be aware that there may be intermittent outages in our phone and e-mail systems, but our voice mail will be operational the entire time. We will be settling into our new home after the holidays are over on January 2.
