

**CONFERENCE COMMITTEE REPORT
DIGEST FOR ESB 2**

Citations Affected: IC 31-30.

Synopsis: Custody modification. Allows a court in which a paternity or marriage dissolution action is filed to modify a child custody order when another court has juvenile jurisdiction over the child if the other juvenile court: (1) enters an order approving the custody modification; or (2) terminates its proceeding. (This conference committee report removes the second reading amendment to ESB 2 adopted by the House of Representatives, which provided that a juvenile court may not issue an order to enjoin or to modify the actions of a school corporation taken under the law concerning suspensions, expulsions, and student discipline. It also removes the part of the House Judiciary Committee report that provided that a petition to terminate the parent-child relationship must indicate whether certain factors apply that would require a party to file a motion to dismiss the termination petition. Removes the provision in the law that requires a party in a termination proceeding to file a motion to dismiss the petition to terminate the parent-child relationship if the child is being cared for by a custodian who is a parent, stepparent, grandparent, or by certain other responsible adults or relatives who are caring for the child as a guardian. Requires a person or entity who files a motion to dismiss a petition to terminate the parent-child relationship to send notice to certain persons.)
