Citations Affected: IC 16-18-2; IC 16-36-5.

Synopsis: Out of hospital do not resuscitate orders. Provides for use of do not resuscitate orders for certain patients in locations other than acute care hospitals. Provides for revocation of an "out of hospital do not resuscitate declaration and order". Provides guidance and immunity for health care providers in caring for a patient with an executed "out of hospital do not resuscitate declaration and order". Establishes criminal penalties.

shall not be artificially prolonged under the circumstances set forth below. I declare:

My attending physician has certified that I am a qualified person, meaning that I have a terminal condition or a medical condition such that, if I suffer cardiac or pulmonary failure, resuscitation would be unsuccessful or within a short period I would experience repeated cardiac or pulmonary failure resulting in death, or resuscitation would cause significant physical pain or harm that would outweigh the possibility that my cardiac or pulmonary function would be restored for an indefinite period.

My medical care may include any medical procedure necessary to provide me with comfort care or to alleviate pain.

I understand that I may revoke this out of hospital DNR declaration at any time by a signed and dated writing, by destroying or canceling this document, or by communicating to health care providers at the scene the desire to revoke this declaration.

1 order under this chapter does not affect the sale, issuance, or terms
2 of a life insurance policy.

3 (c) A policy of life insurance is not legally impaired or
4 invalidated by the execution of an out of hospital DNR declaration
5 and order or by the withholding or withdrawal of CPR from an
6 insured declarant, notwithstanding any term of the policy to the
7 contrary.

8 (d) An out of hospital DNR declaration and order may not be
9 considered in the establishment of insurance premiums for a
10 declarant.

11 (e) A person may not require another person to execute an out
12 of hospital DNR declaration and order as a condition for being
13 insured for or receiving health care services.

14 (f) This chapter does not impair or supersede any legal right or
15 legal responsibility that a person may have to effect the
16 withholding or withdrawal of CPR in a lawful manner.

17 **Sec. 24.** This chapter does not create any presumption
18 concerning the intent of a person who has not executed an out of
19 hospital DNR declaration and order to consent to the withholding
20 or withdrawal of CPR if a terminal condition exists, or if a medical
21 condition exists such that the outcome of performing CPR would
22 have the results specified in section 10(2) of this chapter.

23 **Sec. 25.** This chapter does not authorize euthanasia or any
24 affirmative or deliberate act or omission to end life other than to
25 permit the natural process of dying.

26 **Sec. 26.** The act of withholding or withdrawing CPR, when done
27 under:

- 28 (1) an out of hospital DNR declaration and order issued under
29 this chapter;
- 30 (2) a court order or decision of a court appointed guardian; or
- 31 (3) a good faith medical decision by the attending physician
32 that the patient has a terminal illness;

33 is not an intervening force and does not affect the chain of
34 proximate cause between the conduct of a person that placed the
35 patient in a terminal condition and the patient's death.

36 **Sec. 27.** A person who knowingly or intentionally:

- 37 (1) physically cancels or destroys an out of hospital DNR
38 declaration and order without the declarant's consent;
- 39 (2) physically cancels or destroys an out of hospital DNR
40 declaration and order without the declarant's representative's
