FISCAL IMPACT STATEMENT

LS 7119
BILL NUMBER: HB 1398

NOTE PREPARED: Feb 3, 2003
BILL AMENDED:

SUBJECT: Funding of Minority Health Initiatives.

FIRST AUTHOR: Rep. Summers
FIRST SPONSOR:

BILL STATUS: CR Adopted - 1st House

FUNDS AFFECTED: GENERAL
 DEDICATED
 FEDERAL

IMPACT: State

Summary of Legislation: This bill establishes the Minority Health Initiatives Fund, consisting of money from the sale of cigarette tax stamps, to further minority health initiatives. The bill reduces the amount of the discount given distributors who purchase Cigarette Tax stamps.

Effective Date: July 1, 2003.

Explanation of State Expenditures: *State Department of Health (ISDH):* This bill would require the ISDH to administer the Minority Health Initiatives Fund and transfer monies in the fund to the Indiana Minority Health Coalition to research and address the healthcare needs of underserved minorities in the state. Any costs associated with this proposal are expected to be covered using money in the fund or with existing Department staff and resources.

Funding for the Minority Health Initiatives Fund: The bill shifts 0.03% of the total revenue generated from the Cigarette Tax to the Minority Health Initiatives Fund. Based on the *December 18, 2002, Revenue Forecast*, this amount will equal approximately \$120,000 in both FY 2004 and FY 2005. The bill also provides that the fund may receive funding from other sources or as appropriated by the General Assembly.

Explanation of State Revenues: This bill will not reduce the revenue the state receives from the Cigarette Tax, nor will it change the current amount or distribution of cigarette tax revenue to funds currently receiving Cigarette Tax revenue. While the bill dedicates 0.03% of Cigarette Tax revenue to the Minority Health Initiatives Fund, it also reduces the vendor discount given to cigarette distributors on their purchase of Cigarette Tax stamps from 1.20% to 1.17%. This change effectively shifts revenue from cigarette distributors to the Minority Health Initiatives Fund.

Background Information: Based on sales estimates from the *December 18, 2002, Revenue Forecast*, cigarette distributors are expected to receive a total of approximately \$4.8 M in FY 2004 and FY 2005 alike from the discount they receive on Cigarette Tax stamps. This bill will reduce that revenue by approximately \$120,000 in each of the upcoming biennium's fiscal years.

Explanation of Local Expenditures:

Explanation of Local Revenues:

State Agencies Affected: State Department of Health.
