       (A) sixteen dollars ($16); plus
       (B) the amount withheld from the person's paycheck for that
           month for payment of state income tax, federal income tax,
           and the tax prescribed by the federal Insurance Contribution

SB 41—LS 6119/DI 97+
Act (26 U.S.C. 3101 et seq.); plus
(C) transportation expenses for that month; plus
(D) any mandatory expenses required by the employer as a
condition of employment.

(h) The division, of disability, aging, and rehabilitative services, in
cooporation with the state department of health taking into account
licensure requirements under IC 16-28, shall adopt rules under
IC 4-22-2 governing the reimbursement to facilities under this section.
The rules must be designed to determine the costs that must be incurred
by efficiently and economically operated facilities to provide room,
board, laundry, and other services, along with minimal administrative
direction to individuals who receive residential care in the facilities
under this section. A rule adopted under this subsection by:
(1) the division; or
(2) the state department of health;
must conform to the rules for residential care facilities that are licensed
under IC 16-28.
(i) A rate established under this section may be appealed according
to the procedures under IC 4-21.5.
(j) The division shall annually review each facility's rate using the
following:
(1) Generally accepted accounting principles.
(2) The costs incurred by efficiently and economically operated
facilities in order to provide care and services in conformity with
quality and safety standards and applicable laws and rules.

SECTION 43. IC 12-10-6-2.1 IS AMENDED TO READ AS
FOLLOWS [EFFECTIVE JULY 1, 2006]: Sec. 2.1. (a) An individual
who is incapable of residing in the individual's own home may apply
for residential care assistance under this section. The determination of
eligibility for residential care assistance is the responsibility of the
division. Except as provided in subsections (g) and (i), an individual is
eligible for residential care assistance if the division determines that the
individual:
(1) is a recipient of Medicaid or the federal Supplemental Security
Income program;
(2) is incapable of residing in the individual's own home because
of dementia, mental illness, or a physical disability;
(3) requires a degree of care less than that provided by a health
care facility licensed under IC 16-28; and
(4) can be adequately cared for in a residential care setting.
(b) Individuals suffering from mental retardation may not be
admitted to a home or facility that provides residential care under this
section.

(c) A service coordinator employed by the division may:

1. evaluate a person seeking admission to a home or facility
   under subsection (a); or

2. evaluate a person who has been admitted to a home or facility
   under subsection (a), including a review of the existing
   evaluations in the person's record at the home or facility.

If the service coordinator determines the person evaluated under this
subsection is mentally retarded, the service coordinator may
recommend an alternative placement for the person.

(d) Except as provided in section 5 of this chapter, residential care
consists of only room, board, and laundry, along with minimal
administrative direction. State financial assistance may be provided for
such care in a boarding or residential home of the applicant's choosing
that is licensed under IC 16-28 or a Christian Science facility listed and
certified by the Commission for Accreditation of Christian Science
Nursing Organizations/Facilities, Inc., that meets certain life safety
standards considered necessary by the state fire marshal. Payment for
such care shall be made to the provider of the care according to
division directives and supervision. The amount of nonmedical
assistance to be paid on behalf of a recipient living in a boarding home,
residential home, or Christian Science facility shall be based on the
daily rate established by the division. The rate for facilities that are
referred to in this section and licensed under IC 16-28 may not exceed
an upper rate limit established by a rule adopted by the division. The
recipient may retain from the recipient's income a monthly personal
allowance of fifty-two dollars ($52). This amount is exempt from
income eligibility consideration by the division and may be exclusively
used by the recipient for the recipient's personal needs. However, if the
recipient's income is less than the amount of the personal allowance,
the division shall pay to the recipient the difference between the
amount of the personal allowance and the recipient's income. A reserve
or an accumulated balance from such a source, together with other
sources, may not be allowed to exceed the state's resource allowance
allowed for adults eligible for state supplemental assistance or
Medicaid as established by the rules of the office of Medicaid policy
and planning.

(e) In addition to the amount that may be retained as a personal
allowance under this section, an individual shall be allowed to retain
an amount equal to the individual's state and local income tax liability.
The amount that may be retained during a month may not exceed
one-third (1/3) of the individual's state and local income tax liability for
the calendar quarter in which that month occurs. This amount is
exempt from income eligibility consideration by the division. The
amount retained shall be used by the individual to pay any state or local
income taxes owed.

(f) In addition to the amounts that may be retained under
subsections (d) and (e), an eligible individual may retain a Holocaust
victim's settlement payment. The payment is exempt from income
eligibility consideration by the division.

(g) The rate of payment to the provider shall be determined in
accordance with a prospective prenegotiated payment rate predicated
on a reasonable cost related basis, with a growth of profit factor, as
determined in accordance with generally accepted accounting
principles and methods, and written standards and criteria, as
established by the division. The division shall establish an
administrative appeal procedure to be followed if rate disagreement
occurs if the provider can demonstrate to the division the necessity of
costs in excess of the allowed or authorized fee for the specific
boarding or residential home. The amount may not exceed the
maximum established under subsection (d).

(h) The personal allowance for one (1) month for an individual
described in subsection (a) is the amount that an individual would be
entitled to retain under subsection (d) plus an amount equal to one-half
(1/2) of the remainder of:

(1) gross earned income for that month; minus
(2) the sum of:
   (A) sixteen dollars ($16); plus
   (B) the amount withheld from the person's paycheck for that
   month for payment of state income tax, federal income tax,
   and the tax prescribed by the federal Insurance Contribution
   Act (26 U.S.C. 3101 et seq.); plus
   (C) transportation expenses for that month; plus
   (D) any mandatory expenses required by the employer as a
   condition of employment.

(i) An individual who, before September 1, 1983, has been admitted
to a home or facility that provides residential care under this section is
eligible for residential care in the home or facility.

(j) The director of the division may contract with the division of
mental health and addiction or the division of disability aging, and
rehabilitative services to purchase services for individuals suffering
from mental illness or a developmental disability by providing money
to supplement the appropriation for community residential care
programs established under IC 12-22-2 or community residential
programs established under IC 12-11-1.1-1.

(k) A person with a mental illness may not be placed in a Christian Science facility listed and certified by the Commission for Accreditation of Christian Science Nursing Organizations/Facilities, Inc., unless the facility is licensed under IC 16-28.
