FISCAL IMPACT STATEMENT

LS 6372

BILL NUMBER: SB 50

NOTE PREPARED: Feb 12, 2007

BILL AMENDED:

SUBJECT: Sexual Battery.

FIRST AUTHOR: Sen. Wyss

FIRST SPONSOR: Rep. VanHaften

BILL STATUS: As Passed Senate

FUNDS AFFECTED: GENERAL
 DEDICATED
 FEDERAL

IMPACT: State & Local

Summary of Legislation: The bill provides that a person commits sexual battery when, with the intent to arouse or satisfy sexual desires, the person touches another person who is unaware that the touching is occurring.

Effective Date: July 1, 2007.

Explanation of State Expenditures: The definition of sexual battery, a Class D felony, would be expanded to include touching when the victim is unaware that the conduct is occurring.

A Class D felony is punishable by a prison term ranging from six months to three years or reduction to Class A misdemeanor, depending upon mitigating and aggravating circumstances. The average expenditure to house an adult offender was \$22,734 in FY 2006. (This does not include the cost of new construction.) If offenders can be housed in existing facilities with no additional staff, the average cost for medical care, food, and clothing is approximately \$1,825 annually, or \$5 daily, per prisoner. The estimated average cost of housing a juvenile in a state juvenile facility was \$63,139. The average length of stay in Department of Correction (DOC) facilities for all Class D felony offenders is approximately ten months.

Explanation of State Revenues: If additional court cases occur and fines are collected, revenue to both the Common School Fund and the state General Fund would increase. The maximum fine for a Class D felony is \$10,000. Criminal fines are deposited in the Common School Fund.

If the case is filed in a circuit, superior, or county court, 70% of the \$120 court fee that is assessed and collected when a guilty verdict is entered would be deposited in the state General Fund. If the case is filed

in a city or town court, 55% of the fee would be deposited in the state General Fund. In addition, some or all of the judicial salaries fee (\$15), the public defense administration fee (\$3), the court administration fee (\$2), the judicial insurance adjustment fee (\$1), and the DNA sample processing fee (\$1) are deposited into the state General Fund.

Explanation of Local Expenditures: If more defendants are detained in county jails prior to their court hearings, local expenditures for jail operations may increase. The average cost per day is approximately \$44.

Explanation of Local Revenues: If additional court actions occur and a guilty verdict is entered, local governments would receive revenue from the following sources: The county general fund would receive 27% of the \$120 court fee that is assessed in a court of record. Cities and towns maintaining a law enforcement agency that prosecutes at least 50% of its ordinance violations in a court of record may receive 3% of court fees. In addition, several additional fees may be collected at the discretion of the judge and depending upon the particular type of criminal case.

State Agencies Affected: Department of Correction.

Local Agencies Affected: Trial courts, local law enforcement agencies.

Information Sources: Indiana Sheriffs' Association, Department of Correction.
