 21 (c) If the department elects to use a request for qualifications phase,
 22 it must provide a public notice of the request for qualifications, for the

9 (2) contain or incorporate by reference the specifications and
10 contractual terms and conditions applicable to the procurement
11 and the qualifying project;

12 (3) specify the factors, criteria, and other information that will be
13 used in evaluating the proposals;

4 (j) The department may select one (1) or more offerors for
5 negotiations based on the evaluation criteria set forth in the request for
6 proposals. If the department believes that negotiations with the selected
7 offeror or offerors are not likely to result in a public-private agreement,
8 or, in the case of a best value selection process, no longer reflect the
9 best value to the state and the public, the department may commence
10 negotiations with other responsive offerors, if any, and may suspend,
11 terminate, or continue negotiations with the original offeror or offerors.
12 If negotiations are unsuccessful, the department shall terminate the
13 procurement, may not award the public-private agreement, and may
14 commence a new procurement for a public-private agreement. If the
15 department determines that negotiations with an offeror have been
16 successfully completed, the department shall, subject to the other
17 requirements of this article, award the public-private agreement to the
18 offeror.

19 (k) Before awarding a public-private agreement to an operator, the
20 department shall schedule a public hearing on the proposed
21 public-private agreement and publish notice of the hearing one (1) time

23 The notice must include the following:

30 (l) At the hearing, the department shall allow the public to be heard
31 on the proposed public-private agreement.

32 (m) When the terms and conditions of multiple awards are specified
33 in the request for proposals, awards may be made to more than one (1)
34 offeror.
