Requires the board to distribute money from the fund to counties containing an eligible public safety answering point (PSAP). Requires the board to adopt rules to establish a distribution formula that ensures that each eligible county receives a monthly distribution that is not less than a specified base distribution (based on wireline and wireless enhanced 911 fees received by the county during the six month period beginning July 1, 2007, and ending December 31, 2007). Specifies the permissible uses for the funds distributed to an eligible PSAP. Requires the board to commission an audit of each eligible PSAP every two years. Provides that funds distributed to the county by the board may be used to establish and operate the system if the expenses of operating an eligible PSAP in an adequate and efficient manner have been met. Requires a provider to provide to a PSAP the necessary subscriber data to enable the PSAP to implement and operate an enhanced 911 system. Provides that proprietary information submitted to the board or the treasurer of state is confidential. Provides that after January 1, 2012, a county may not contain more than one PSAP. Requires each political subdivision or agency that operates a PSAP in a county containing more than one PSAP to enter, not later than January 1, 2012, into an interlocal agreement with every other political subdivision or agency that operates a PSAP in the same county. Provides that the interlocal agreement must: (1) provide for the staffing and funding obligations of each county, political subdivision, or agency participating in the establishment of a county or regional PSAP; and (2) be approved by the board. Repeals the statutes concerning: (1) the local monthly enhanced emergency telephone system fee; (2) the statewide monthly wireless enhanced 911 fee; and (3) emergency telephone notification systems. Provides for the expiration on January 1, 2012, of provisions that: (1) establish a public safety communications system and computer facilities district in a county having a consolidated city; and (2) allow certain other counties to establish a public safety communications systems district. Specifies that the funds remaining in the wireless emergency telephone system fund on July 1, 2008, are transferred to the enhanced 911 system fund. Allows the board to make grants to the appropriate state agencies for use in upgrading the state's emergency alert system. Specifies that funds remaining in: (1) a county wireless emergency telephone system fund; or (2) a county or municipal wireline emergency telephone system fund; on July 1, 2008, are transferred to the county's new enhanced 911 system fund. - (2) fund the operation of a public communications system and computer facilities district as provided in an election, if any, made by the county fiscal body under IC 36-8-15-19(b) **(before its expiration on January 1, 2012);**

- (6) make distributions of distributive shares to the civil taxing units of a county; and
- (7) make the distributions permitted under sections 27, 28, 29, 30, 31, 32, and 33 of this chapter.

(b) The county auditor shall retain from the payments of the county's certified distribution, an amount equal to the revenue lost, if any, due to the increase of the homestead credit within the county. This money shall be distributed to the civil taxing units and school corporations of the county as though they were property tax collections and in such a manner that no civil taxing unit or school corporation shall suffer a net revenue loss due to the allowance of an increased homestead credit.

(c) The county auditor shall retain:

- (1) the amount, if any, specified by the county fiscal body for a particular calendar year under subsection (i), IC 36-7-15.1-17.5, IC 36-8-15-19(b) **(before its expiration on January 1, 2012),** and IC 36-9-4-42 from the county's certified distribution for that same calendar year; and

(e) The amount of distributive shares that each civil taxing unit in a county is entitled to receive during a month equals the product of the following:

(1) The amount of revenue that is to be distributed as distributive shares during that month; multiplied by

(2) A fraction. The numerator of the fraction equals the allocation amount for the civil taxing unit for the calendar year in which the month falls. The denominator of the fraction equals the sum of the allocation amounts of all the civil taxing units of the county for the calendar year in which the month falls.

The fractional amount such a civil taxing unit is entitled to receive each month during that calendar year equals the product of the following:

(1) The amount to be distributed as distributive shares during that month; multiplied by

(2) A fraction. The numerator of the fraction equals the budget of that civil taxing unit for that calendar year. The denominator of the fraction equals the aggregate budgets of all civil taxing units of that county for that calendar year.

(h) If for a calendar year a civil taxing unit is allocated a part of a county's distributive shares by subsection (g), then the formula used in subsection (e) to determine all other civil taxing units' distributive shares shall be changed each month for that same year by reducing the amount to be distributed as distributive shares under subsection (e) by the amount of distributive shares allocated under subsection (g) for that same month. The department of local government finance shall make any adjustments required by this subsection and provide them to the appropriate county auditors.

(i) Notwithstanding any other law, a county fiscal body may pledge revenues received under this chapter (other than revenues attributable to a tax rate imposed under section 30, 31, or 32 of this chapter) to the payment of bonds or lease rentals to finance a qualified economic development tax project under IC 36-7-27 in that county or in any other

(B) Excluding any new prepaid subscriber accounts described in clause (A), with respect to all of the provider's active prepaid subscriber accounts with a balance equal to or greater than the amount of the fee as of the last day of the calendar month, the provider shall remit to the board under section 32 of this chapter an amount equal to the fee amount multiplied by the number of active prepaid subscriber accounts described in this clause.

A provider shall first collect the enhanced 911 fee from prepaid subscribers in accordance with this subdivision with respect to the calendar month that begins July 1, 2008.

(b) A provider, as part of its monthly billing process, may not prorate the monthly enhanced 911 fee collected from a subscriber under this section.

(c) A provider is not required to take legal action to enforce the collection of the enhanced 911 fee for which a subscriber is billed. However, a collection action may be initiated by the board. A court finding for the board in the action may award reasonable costs and attorney's fees associated with the collection action.

Sec. 32. (a) A provider may keep two percent (2%) of the enhanced 911 fee collected each month from each subscriber for the purpose of defraying the administrative costs of collecting the fee.

(b) A fee collected by a provider under this chapter, less the administrative fee described in subsection (a), must be remitted to the board for deposit into the fund not more than sixty (60) days after the end of the calendar month in which the fee is collected.

Sec. 33. (a) As used in this section, "base distribution", with respect to an eligible county, means the sum of the following:

(1) The amount distributed to the county under IC 36-8-16.5-39(c)(2)(A) (before its repeal on July 1, 2008) during the six (6) month period beginning July 1, 2007, and ending December 31, 2007.

(2) The amount distributed to the county under IC 36-8-16.5-39(c)(2)(B) (before its repeal on July 1, 2008) during the six (6) month period beginning July 1, 2007, and ending December 31, 2007.

(3) If the county imposed a countywide fee under IC 36-8-16-5 (before its repeal on July 1, 2008) during the six (6) month period beginning July 1, 2007, and ending December 31, 2007, the amount remitted to the county by all service suppliers under IC 36-8-16-12 (before its repeal on July 1, 2008) during

the six (6) month period beginning July 1, 2007, and ending December 31, 2007.

(4) If:

(A) the county did not impose a countywide fee under IC 36-8-16-5 (before its repeal on July 1, 2008) during the six (6) month period beginning July 1, 2007, and ending December 31, 2007; and

(B) one (1) or more municipalities in the county imposed a fee under IC 36-8-16-5 (before its repeal on July 1, 2008) during the six (6) month period beginning July 1, 2007, and ending December 31, 2007;

the amount remitted to all municipalities described in clause (B) under IC 36-8-16-12 during the six (6) month period beginning July 1, 2007, and ending December 31, 2007.

(b) As used in this section, "eligible county" means a county that contains:

(1) before January 1, 2012, at least one (1) eligible PSAP; and
(2) after December 31, 2011, a PSAP authorized under section 39 of this chapter.

(c) As used in this section, "eligible PSAP", with respect to a county, means a PSAP that complies with the enhanced 911 requirements established by the FCC order and that:

(1) before January 1, 2012, is identified:

(A) by a county under IC 36-8-16.5-40 (before its repeal on July 1, 2008), with respect to distributions made under this section before January 1, 2009; or

(B) by the board as part of the state enhanced 911 plan prepared under section 26(a)(2)(B) of this chapter, with respect to distributions made under this section after December 31, 2008; or

(2) after December 31, 2011, is the PSAP that is:

(A) located in the county; and

(B) authorized to serve all or part of the county under section 39 of this chapter.

(d) The board shall manage the fund in the following manner:

(1) Two cents (\$0.02) of the enhanced 911 fee collected from each subscriber may be used by the board to recover the board's expenses in administering this chapter. However, to allow for full recovery of administration expenses, the board may increase the amount under this subdivision at such times as the board may adjust the monthly fee under section 30 of this chapter.

(2) Subject to subsection (e), the board shall distribute on a monthly basis to each eligible county an amount not less than the quotient of the county's base distribution divided by six (6). The board shall adopt rules under IC 4-22-2 to establish a distribution formula that ensures that each eligible county receives the monthly amount required by this subdivision. The rules adopted by the board under this subdivision may provide for:

(A) a part of the fee to be distributed to eligible counties based on each eligible county's percentage of the state's population;

(B) a part of the fee to be distributed equally among eligible counties;

(C) a combination of the distribution methodologies described in clauses (A) and (B); or

(D) any other distribution methodology that the board determines will ensure that each eligible county receives the monthly amount required by this subdivision.

(3) After making the distributions to eligible counties at the level required by subdivision (2), the board may deposit the remainder, if any, of the enhanced 911 fee collected from each subscriber into an escrow account to be used for costs associated with other enhanced 911 services mandated by the FCC and specified in the FCC order but not incurred by PSAPs. The board may invest money in the account in the manner prescribed by section 27 of this chapter and may use the proceeds of the investments for costs associated with other enhanced 911 services mandated by the FCC but not specified in the FCC order or to make distributions to eligible PSAPs under this section.

(e) The following apply to distributions made to eligible counties under subsection (d)(2):

(1) For distributions made before January 1, 2012, the board may adjust the amount distributed to eligible counties under subsection (d)(2) at such times as the board may adjust the monthly fee under section 30 of this chapter, as long as the amounts distributed to eligible counties under subsection (d)(2) after the adjustment are proportional to the amounts distributed under subsection (d)(2) before the adjustment.

(2) After December 31, 2011, the monthly amount distributed to a particular eligible county under subsection (d)(2) may not

1 exceed the amount reasonably necessary to operate and
 2 maintain in an adequate and efficient manner the PSAP
 3 authorized under section 39 of this chapter, as determined by
 4 the board under section 28(b) of this chapter.

5 Sec. 34. The distribution of enhanced 911 funds by the board to
 6 an eligible county under section 33 of this chapter must be
 7 deposited by the county treasurer in a separate fund set aside for
 8 the purposes allowed by section 35 of this chapter. The fund must
 9 be known as the _____ (insert name of county) enhanced 911
 10 system fund. The county treasurer may invest money in the fund
 11 in the same manner that other money of the county may be
 12 invested, but income earned from the investment must be deposited
 13 in the fund set aside under this section. The county treasurer shall
 14 distribute money from the fund as follows:

15 (1) Before January 1, 2012:

16 (A) to the county's eligible PSAP, if the county contains
 17 only one (1) eligible PSAP; or

18 (B) if the county contains more than one (1) eligible PSAP,
 19 in a manner that ensures that each eligible PSAP receives
 20 an amount that bears the same proportion to the total
 21 amount distributed to all PSAPs in the county under this
 22 clause that the amount the PSAP received before October
 23 1, 2008, under:

24 (i) IC 36-8-16 (before its repeal on July 1, 2008); and

25 (ii) IC 36-8-16.5 (before its repeal on July 1, 2008);

26 bears to the total amount received by all PSAPs in the county
 27 before October 1, 2008, under IC 36-8-16 (before its repeal on
 28 July 1, 2008) and IC 36-8-16.5 (before its repeal on July 1,
 29 2008).

30 (2) After December 31, 2011, to the PSAP authorized under
 31 section 39 of this chapter.

32 Sec. 35. (a) An eligible PSAP may use the funds distributed to it
 33 by the county treasurer under section 34 of this chapter only for
 34 the following:

35 (1) The lease, purchase, or maintenance of enhanced 911
 36 equipment, including necessary computer hardware,
 37 software, and data base equipment.

38 (2) Personnel expenses and training related to the
 39 maintenance and operation of the enhanced 911 system.

40 (3) The provision of enhanced 911 service, including:

41 (A) the rates associated with a provider's enhanced 911
 42 system network services; and

**C

(B) any charges or other payments owed to a provider under subsection (b).

(4) Educating consumers about the operations, limitations, role, and responsible use of enhanced 911 service.

(5) If the PSAP has funds remaining after paying for any expenses described in subdivisions (1) through (4), the establishment and operation of an emergency telephone notification system under section 36 of this chapter.

(b) A PSAP that provides enhanced 911 service is responsible to a voice communications service provider for all enhanced 911 installation, service, equipment, operation, and maintenance charges owed to the provider. A PSAP may contract with a provider on terms agreed to by the PSAP and the provider.

(c) An eligible county or a PSAP may not use any proceeds from a distribution from the board under section 33 of this chapter to pay for any of the following:

(1) The lease or purchase of real estate.

(2) Cosmetic remodeling of emergency dispatch centers.

(3) The purchase of mobile communications vehicles, ambulances, fire engines, or other emergency vehicles.

(d) The board shall select a third party to audit each eligible PSAP every two (2) years to determine the PSAP's compliance with this section. The board shall pay for an audit required by this subsection as an administrative cost of the board. The board shall cause a report of each audit conducted under this subsection to be filed with the state board of accounts.

(e) In addition to the audits required under subsection (d), if:

(1) the board receives a written complaint alleging that a county or a PSAP has used money received under this chapter in a manner that is inconsistent with this chapter; and

(2) a majority of the board votes to conduct an audit of the county or the PSAP;

the board may contract with a third party auditor to audit the county or the PSAP to determine whether the county or the PSAP has used money received under this chapter in a manner consistent with this chapter. The board shall cause a report of each audit conducted under this subsection to be filed with the state board of accounts.

Sec. 36. (a) As used in this section, "emergency telephone notification system" means an enhanced 911 system capability that provides service users within the territory served by a PSAP with a telephone warning of an emergency situation through a

**C

1 computerized warning system that uses 911 data base information
2 and technology.

3 (b) As used in this section, "service supplier" means a voice
4 communications service provider that provides telephone exchange
5 service (as defined in 47 U.S.C. 153(47)) to a service user.

6 (c) As used in this section, "service user" means a person to
7 whom telephone exchange service (as defined in 47 U.S.C. 153(47))
8 is provided.

9 (d) A county may establish an emergency telephone notification
10 system. Subject to section 35(a)(5) of this chapter, a PSAP in the
11 county may use funds distributed to it by the county treasurer
12 under section 33 of this chapter to establish and operate an
13 emergency telephone notification system under this section.

14 (e) A service supplier shall provide to a PSAP the necessary
15 subscriber data to enable the PSAP to implement an emergency
16 telephone notification system under this section. The provision of
17 data under this subsection is subject to section 37 of this chapter.
18 In providing data under this subsection, the service supplier shall
19 provide:

20 (1) the telephone number service address;

21 (2) the class of service; and

22 (3) a designation of listed, unlisted, or nonpublished;

23 for each service user in the PSAP's service territory. The service
24 supplier shall provide this data to the PSAP on a quarterly basis.
25 The service supplier may charge a reasonable fee to the PSAP for
26 the administrative costs of providing the data.

27 (f) A service supplier may not be held liable in an action arising
28 under this section.

29 Sec. 37. (a) A voice communications service provider shall, upon
30 request, provide to a PSAP the necessary subscriber data to enable
31 the PSAP to implement and operate an enhanced 911 system. A
32 provider shall provide any subscriber data requested under this
33 section at no cost to the requesting PSAP, the county in which the
34 PSAP is located, or the board. Subscriber data provided to a PSAP
35 for the purpose of implementing or updating an enhanced 911
36 system may be used only to identify:

37 (1) a subscriber;

38 (2) a subscriber's place of primary use (as defined in section
39 29(a) of this chapter); or

40 (3) both (1) and (2);

41 and may not be used or disclosed by the PSAP, or its agents or
42 employees, for any other purpose unless the data is used or

disclosed under a court order. A person who violates this subsection commits a Class A misdemeanor.

(b) After May 31, 1988, a contract entered into between a voice communications service provider and a subscriber who has an unlisted or nonpublished telephone number listing may not include a provision that prohibits the provider from providing the subscriber's telephone number to a PSAP for inclusion in an enhanced 911 system data base. A provider (other than a provider who before June 1, 1988, has contracted to not divulge a subscriber's unlisted or nonpublished telephone number) shall provide a requesting PSAP with the name, telephone number, and place of primary use (as defined in section 29(a) of this chapter) for each subscriber of the provider. A PSAP may not release a telephone number required to be provided under this subsection to any person except as provided in subsection (a).

(c) A provider may amend or terminate a contract with a subscriber if:

- (1) the contract contains a provision that prohibits the provider from providing the subscriber's telephone number to a PSAP for inclusion in an enhanced 911 system data base;
- (2) the exclusion of the number from the data base would negate the purpose of this chapter; and
- (3) the subscriber is notified of the proposed amendment or termination of that contract at least one hundred eighty (180) days before the provider takes that action.

Sec. 38. (a) All proprietary information submitted to the board or the treasurer of state is confidential. Notwithstanding any other law, proprietary information submitted under this chapter is not subject to subpoena, and proprietary information submitted under this chapter may not be released to a person other than to the submitting provider without the permission of the submitting provider.

(b) General information collected by the board or the treasurer of state may be released or published only in aggregate amounts that do not identify or allow identification of numbers of subscribers or revenues attributable to an individual provider.

Sec. 39. (a) For purposes of this section, a PSAP includes a public safety communications system operated and maintained under IC 36-8-15 (before its expiration on January 1, 2012).

(b) After December 31, 2011, a county may not contain more than one (1) PSAP.

(c) Before January 1, 2012, each political subdivision or agency

C

that operates a PSAP in a county that contains more than one (1) PSAP:

(1) shall enter into an interlocal agreement under IC 36-1-7 with every other:

(B) agency;

that operates a PSAP in the county; and

(2) may enter into an interlocal agreement under IC 36-1-7 with:

(A) other counties contiguous to the county;

(B) other political subdivisions in a county contiguous to the county; or

(C) other:

(i) political subdivisions; or

(ii) agencies;

that operate a PSAP in a county contiguous to the county; to ensure compliance with subsection (b).

(d) An interlocal agreement entered into under subsection (c) must:

(1) subject to subsection (e), provide for the staffing and funding obligations of each county, political subdivision, or agency participating in the establishment of a county or regional PSAP; and

(2) be approved by the board.

(e) If, under an interlocal agreement entered into under subsection (c)(2), a PSAP serves territory in more than one (1) county, the board shall make the distribution under section 33(d)(2) of this chapter to the county in which the PSAP is physically located, unless the parties to the interlocal agreement have specified otherwise in the agreement.

(f) This section may not be construed to require a county to contain a PSAP.

Sec. 40. A provider is not required to provide enhanced 911 service unless the elements requiring providers to provide enhanced 911 service under the FCC order are present.

Sec. 41. Notwithstanding any other law, the board, a PSAP, a political subdivision, a voice communications service provider, or an employee, director, officer, or agent of a PSAP, political subdivision, voice communications service provider, or a member of the board or the board chair, or an employee, agent, or representative of the board chair is not liable for damages in a civil action or subject to criminal prosecution resulting from death,

injury, or loss to persons or property incurred by any person in connection with establishing, developing, implementing, maintaining, providing data for, operating, or providing enhanced 911 service in compliance with the requirements established by the FCC order, except in the case of willful or wanton misconduct.

Sec. 42. (a) A person may not use an enhanced 911 system except to make emergency calls that may result in dispatch of the appropriate response for:

- (1) fire suppression and rescue;
- (2) emergency medical or ambulance services;
- (3) hazardous material, disaster, or major emergency occurrences; or
- (4) law enforcement activities.

(b) A person who knowingly or intentionally violates this section commits a Class A misdemeanor.

Sec. 43. (a) A person may not connect an automatic alarm or another automated alerting device to the network of a provider or to an enhanced 911 system if the alarm or device:

- (1) causes the number 911 to be automatically dialed; or
- (2) provides through a prerecorded message information regarding obtaining 911 emergency services.

(b) A person who knowingly or intentionally violates this section commits a Class A misdemeanor.

Sec. 44. (a) An enhanced 911 system may be used only for emergency communications by the public.

(b) Except as provided in subsection (c), a person who knowingly or intentionally uses or attempts to use an enhanced 911 system:

- (1) for a purpose other than obtaining public safety assistance; or
- (2) in an effort to avoid charges for voice communications service;

commits a Class A misdemeanor.

(c) A person who:

- (1) knowingly or intentionally uses an enhanced 911 system in a manner prohibited by subsection (b); and
- (2) obtains voice communications service with a value of at least one hundred dollars (\$100) from the use;

commits a Class D felony.
