HOUSE ENROLLED ACT No. 1197

AN ACT to amend the Indiana Code concerning environmental law.

Be it enacted by the General Assembly of the State of Indiana:

SECTION 1. IC 13-26-5-2.5 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 2.5. (a) As used in this section, "septic tank soil absorption system" has the meaning set forth in IC 13-11-2-199.5.

(b) Subject to subsection (d) and except as provided in subsection (e), a property owner is exempt from the requirement to connect to a district's sewer system and to discontinue use of a septic tank soil absorption system if the following conditions are met:

~~(1) The property owner's septic tank soil absorption system was installed not more than five (5) years before the district's sewer system's anticipated connection date.~~

~~(2) (1) The property owner's septic tank soil absorption system was new at the time of installation and was approved in writing by the local health department.~~

~~(3) (2) The property owner, at the property owner's own expense, obtains and provides to the district a certification from the local health department or the department's designee that the septic tank soil absorption system is functioning satisfactorily. If the local health department or the department's designee denies the issuance of a certificate to the property owner, the property owner may appeal the denial to the board of the local health department. ~~(4)~~ (3) The property owner provides the district with:

(A) the written notification of potential qualification for the exemption described in subsection (g); and

(B) the certification described in subdivision ~~(3)~~; (2); within the time limits set forth in subsection (g).

(c) If a property owner, within the time allowed under subsection (g), notifies a district in writing that the property owner qualifies for the exemption under this section, the district shall, until the property owner's eligibility for an exemption under this section is determined, suspend the requirement that the property owner discontinue use of a septic tank soil absorption system and connect to the district's sewer system.

(d) A property owner who qualifies for the exemption provided under this section may not be required to connect to the district's sewer system for a period of ~~three (3)~~ **ten (10)** years beginning on the ~~district's sewer system's anticipated connection date~~ **the new septic tank soil absorption system was installed**. If ownership of the property passes from the owner who qualified for the exemption to another person during the exemption period, the exemption does not apply to the subsequent owner of the property.

(e) The district may require a property owner who qualifies for the exemption under this section to discontinue use of a septic tank soil absorption system and connect to the district's sewer system if the district credits the unamortized portion of the original cost of the property owner's septic tank soil absorption system against the debt service portion of the customer's monthly bill. The amount that the district must credit under this subsection is determined in STEP TWO of the following formula:

STEP ONE: Multiply the original cost of the property owner's septic tank soil absorption system by a fraction, the numerator of which is ninety-six (96) months minus the age in months of the property owner's septic system, and the denominator of which is ninety-six (96) months.

STEP TWO: Determine the lesser of four thousand eight hundred dollars (\$4,800) or the result of STEP ONE.

The district shall apportion the total credit amount as determined in STEP TWO against the debt service portion of the property owner's monthly bill over a period to be determined by the district, but not to exceed twenty (20) years, or two hundred forty (240) months.

(f) A district that has filed plans with the department to create or expand a sewage district shall, within ten (10) days after filing the plans, provide written notice to affected property owners:

- (2) within sixty (60) days after the district receives the written notice provided under subdivision (1), provide the district with the certification required under subsection ~~(b)(3)~~: **(b)(2)**.
