## A Message from your State Representative

As high school graduation approaches, the question of whether to pursue further education lingers in the minds of many students. Some choose to move directly into the workforce. Others wish to attend a vocational or technical school. Some students decide that a four-year college or university is the best choice, while others attend a two-year junior college. There are many factors which go into such a decision, and not every student will make the same choice.

Those who choose to continue their education must plan and prepare for this next chapter of their lives. Is a private or public school better for a particular student? Will he or she have the financial resources to complete a degree? How can someone find information about a certain school? What high school classes are needed to be accepted into a college or university?

These are all common questions to which many high school students and their parents need answers. This booklet is a guide for finding those answers through state and federal agencies, the Internet and from various Indiana schools.

Throughout this book are addresses, phone numbers and/or websites which may be very helpful in a student's search for the right school.

If you have any further questions or concerns, please feel free to contact me at my Statehouse office.

Huntington College	796	\$15,600 Tuition \$6,090 Room & Board	United Brethren in Christ	about 50% live on campus; freshman and sophomore required.	62% women 32% men
Indiana Institute of Technology	2,700	\$16,680 Tuition \$6,272 Room & Board	Independent	Seniors, 21 yrs of age may live off campus. 70% live on campus	27% women 73% men
Indiana Wesleyan University	2,255	\$15,204 Tuition \$5,676 Room & Board	Wesleyan Church	70% live on campus; freshmen, sophomores & juniors required	65% women 35% men
Manchester College	1,070	\$18,060 Tuition \$6,710 Room & Board	Church of the Brethren	85% live on campus	47% women 53% men

School	Undergraduate Enrollment	In-state costs per academic year	Religious Affiliation	On-Campus Housing	Students
Marian College	\$1,217	\$17,600 Tuition \$6,000 Room & Board	Catholic	40% live on campus; freshmen required	72% women 28% men
Martin University	538	\$8,280 Tuition	Independent	Housing not available	79% women 21% men
Oakland City University	1,107	\$9,186 Tuition \$3,600 Room & Board	Baptist Church	40% live on campus; all students under 21 required	49% women 51% men
Oakland City University Bedford	248	\$9,163 Tuition	Baptist Church	Housing not available	61% women 39% men
Rose-Hulman Institute of Technology	1,600	\$25,700 Tuition/ \$7,200 Room & Board	Independent	50% live on campus; freshmen required	20% women 80% men
Saint Joseph's College	927	\$19,160 Tuition \$6,300 Room & Board	Catholic	over 80% live on campus	55% women 45% men
Saint Mary's College	1,412	\$23,284 Tuition \$7,663 Room & Board	Catholic - sponsored by Sisters of the Holy Cross	80% live on campus	98% women 2% men
Saint Mary-of-the-Woods College	320	\$16,530 Tuition \$6,010 Room & Board	Catholic	70% live on campus	100% women
Taylor University (Upland)	1,900	\$19,450 Tuition \$5,452 Room & Board	Christian	Single, Under 21: not living at home must live in residence halls	52% women 48% men
Taylor University Fort Wayne	500	\$15,790 Tuition \$4,680 Room & Board	Christian	50% live on campus; freshmen, sophomores & juniors required	56% women 44% men
Tri-State University	1,125	\$18,000 Tuition \$5,600 Room & Board	Christian	50% live on campus; freshmen & sophomores required	27% women 73% men
University of Evansville	2,500	\$19,995 Tuition \$3,200 Room & Board	United Methodist Church	80% live on campus; freshmen required	59% women 41% men
University of Indianapolis	2,506	\$15,350 Tuition \$5,490 Room & Board	United Methodist Church	about 50% of full-time students live on campus	47% women 53% men
University of Notre Dame	7,838	\$29,510 Tuition \$7,590 Room & Board	Catholic	90% live on campus; freshmen required	47% women 53% men
University of Saint Francis	1,529	\$17,670 Tuition \$6,180 Room	Catholic	Single, Under 21: not living at home must live in residence halls	72% women 28% men
Valparaiso University	2,887	\$21,000 Tuition \$4,840 Room & Board	Lutheran Church	70% live on campus; all students under 21 not living at home required	56% women 44% men
Wabash College	860	\$21,870 Tuition \$7,050 Room & Board	Independent	90% live on campus; freshmen & sophomores required	100% men

# the SAT: Your passport to higher education

- The SAT, known as the Scholastic Assessment Test and the Scholastic Aptitude Test, is a tool which measures a student's ability to do well during his or her first year in college. This test does not measure academic achievement; it supplies colleges with an idea of how well a prospective student may comprehend his or her freshman courses.
- The SAT is divided into two major sections: Verbal and Mathematics. Each section has a maximum score of 800; a perfect composite score is 1600.
- On the day of the test, students should take two or three #2 pencils, a calculator and identification. (See below)
- About three weeks after the test, students will receive their test scores. If he or she requested that scores be sent to colleges or scholarship programs, a report will be sent to the institution at approximately the same time. If the student has not received the scores eight weeks after the test, he or she should contact the College Board. (See page 7 for contact numbers.)

## Acceptable Identification

Acceptable identification is required for admission to the test center. If the student fails to take his or her ID, he or she will not be allowed to take the SAT. The ID must include a photograph or physical description, and the student's name and signature.

Examples are:

- driver's license
- school ID
- valid passport with current photo
- a brief physical description of the student written on school stationery that the student must sign in the presence of the school principal or counselor, who must also sign

Unacceptable ID includes:

- social security card
- credit card (even one with a photo)
- parent's driver's license
- birth certificate

## Calculators

The College Board recommends that students bring a calculator to the test. Research shows that students who do use a calculator on the SAT have slightly higher scores than those who do not. The use of a calculator helps students concentrate more on math reasoning, rather than focusing on computational errors.

Almost any four-function, scientific or graphing calculators are permitted. Students are not allowed to share calculators.

Types of calculators not permitted:

- hand-held minicomputers or laptop computers
- electronic writing pads or pen-input devices
- pocket organizers
- calculators with typewriter-like keypads
- calculators with paper tape
- calculators that make noise
- calculators that require an electrical outlet

## Top 6 Tips

for doing your best on the SAT

### 1. Practice!

There are several practice books available in bookstores and libraries. Using these practice books can help you brush up on your math and verbal skills while giving you a better idea of what to expect on test day. Also, the PSAT is administered by high schools to give students a "dress rehearsal" for the big day.

### 2. Study!

Review advanced vocabulary words, tricky grammar rules, fundamental math equations, etc., that you have learned in your high school English and math classes. Just seeing this information again will help refresh your memory.

### 3. Sleep!

Be sure to be well-rested when you take the SAT. Go to bed early, and wake up with plenty of time to feel alert before taking the test.

### 4. Eat!

It helps to eat a medium-sized breakfast the morning of the test. The SAT lasts for several hours, and rumbling stomachs can be distracting. But don't eat too much; it will make you drowsy.

### 5. Double check!

Before you leave home, make sure you have everything you need for the test: pencils, a calculator and appropriate ID.

### 6. Relax!

Don't be overcome by anxiety. Remember, the SAT can be taken more than once, and many students retake the test if they are not satisfied with the initial scores. Putting too much stress on yourself can be just as detrimental as not preparing at all.

## Average SAT Scores

Year	Indiana	National
1987	979	1008
1994	981	1003
1995	986	1010
1996	988	1013
1997	991	1016
1998	997	1017
1999	994	1016
2000	999	1019
2001	1000	1019
2002	1001	1020
2003	1004	1026

## Percentage of Grade 12 Students Taking the SAT

Year	Indiana	National
1995	52%	39%
1996	51%	40%
1997	52%	40%
1998	53%	41%
1999	60%	44%
2000	60%	44%
2001	60%	42%

 (847) 866-1700

# the SAT

Many factors influence how students perform on the SAT. Academic preparation, gender, family income and family education have been shown to impact statewide average scores. In addition to these circumstances, the percentage of students taking the SAT can make a difference in a state's average scores. Indiana's scores may rank below other states, but our state ranks much higher in the number of students who take the test.

# Choosing Your CAREER

Choosing which career is best for you is a strenuous task. No one expects you to set your life's plan in stone as soon as you graduate from high school. However, as you decide which college classes to take, or as you decide which vocational program to pursue, you may want to think about the types of jobs which interest you.

There are many points to consider when choosing a career path. It is up to you to decide which factors are high priority.

To help narrow your choices, set some guidelines for deciding. Find a field which truly interests you, one at which you can excel and one that will help you achieve your personal goals. You may want to choose a career that is in a growing industry where there is a greater chance of job openings, new positions to fill, opportunities to advance and/or higher pay.

## Fastest-Growing Jobs

Database Administrators/  
Computer Support  
Systems Analysts  
Personal and Home Care Aides  
Physical Therapy Assistants  
Home Health Aides  
Medical Assistants  
Desktop Publishers  
Physical Therapists  
Occupational Therapy Assistants

Although it is not absolutely crucial, it is very helpful to start planning as early as possible because it may take time to learn enough about yourself to know what type of job is best for you. It is also likely that you will change your mind several times before settling into the right career.

Talking to people who work in the field you find interesting can help you get an idea of the types of jobs available. Sometimes job shadowing is an option. Job shadowing is a chance to spend time in the workplace with someone who has a career about which you want to know more. Your guidance counselor may know of a program or company that provides an opportunity for job shadowing.

## Questions to Ask Yourself . . .

Do I want to COMBINE work and school?

Am I a "people person"?

Do I WRITE well?

What kind of EDUCATION will I need for this job?

What TALENTS do I have?

What do I ENJOY?

Do I want to work with COMPUTERS?

Do I want to work INDOORS or OUTDOORS?

## Fastest-growing fields

Computer and Data Processing  
Home Health Care Services  
Automotive Services (except repair)  
Water Supply and Sanitary Services  
Management and Public Relations  
Residential Care  
Freight Transport Arrangement  
Personnel Supply Services  
Individual Social Services  
Offices of Physicians

# Core 40 Requirements

Core 40 was developed in 1994 by business, labor, community and education leaders as a standard set of high school courses which provides students with the knowledge and experience essential for a well-rounded education. By completing this program, students secure their post-high school options, whether they choose further education or immediate entry into the workforce. Core 40 includes the courses required for regular admission at Indiana's public colleges and universities.

## I. Academic Core

26-28 credits distributed as shown:

### Language Arts

8 credits in literature, composition and speech

### Mathematics

6 to 8 credits from this list: Two credits in Algebra I; two in Geometry; and two in Algebra II, Trigonometry, Calculus, Discrete Mathematics, Statistics and Probability

### Science

6 credits in laboratory science, including:

2 in Biology

2 in Chemistry, Physics or Integrated Chemistry-Physics

2 additional credits from Chemistry, Physics, Earth and Space Science, Advanced Biology, Advanced Chemistry, Advanced Environmental Science, or Advanced Physics

### Social Studies

6 credits distributed as follows:

2 in U.S. History

1 in U.S. Government

1 in Economics

1 in World History or Geography

1 additional Social Studies credit

## II. Directed Electives

8 credits from the following subject areas:

### Foreign Language

Chinese, French, German, Italian, Japanese, Latin, Russian, Spanish, etc.

### Fine Arts

Art, Theater, Music

### Computers

Computer Applications, Computer Programming

### Career Area

At least 6 credits in a logical sequence from a technical career area

## III. Health, Physical Education, Safety

### Basic Physical Education

1 credit (two semesters)

### Health and Safety

1 credit (one semester)

## IV. Electives

2 to 4 more credits from any courses offered at the high school

# Graduation Qualifying Exam

High school students must pass the Graduation Qualifying Exam (GQE) to be eligible for a diploma. The Class of 2000 was the first class to be required to meet this standard. Students who do not pass the GQE on the first attempt (during fall of grade 10) have four more opportunities to pass the exam: twice in grade 11 and twice in grade 12. In addition to the GQE requirements, students must complete all other state and local graduation requirements.

There are three ways to meet the GQE requirement:

- 1 Passing the GQE in English and mathematics.
  - taking the test at least one time per year in the subject area(s) in which the student was not successful
- 2 Meet the requirement by:
  - maintaining a 95% high school attendance rate
  - completing remediation provided by the school
  - maintaining a "C" average in the 22 credit hours that are required of all Indiana high school graduates
  - having the written recommendation of the student's English and/or mathematics teacher. This recommendation must include documentation that the student has achieved Grade 9 academic standards and can demonstrate those skills through other classroom work or other tests. The principal must concur with this recommendation.
- 3 Complete Core 40 requirements with a "C" or better in all directed and elective Core 40 courses, as certified by the principal.

Financial Aid,  
Scholarships  
& Loan Information

# Applying for Financial Aid

Almost all financial aid requires you and your family to complete the **Free Application for Federal Student Aid (FAFSA)**. The deadline for completing the **FAFSA** form for state aid is March 1 of the year you wish to attend. If you want federal aid only, the federal year runs from July 1 through June 30, and you can file as late as June 30 of the college year for which you need assistance. For more details about when and how to do this, contact the financial aid office at your college or on-line with the U.S. Department of Education at **www.ed.gov**.

State aid in the form of grants, scholarships and work study are available. The State Student Assistance Commission offers grants based on need and on scholarship. For information on all these you may contact the State Student Assistance Commission at 150 West Market Street, Suite 500, Indianapolis, Indiana 46204 or by e-mail at **www.state.in.us/ssaci**. You may also contact them by phone by calling (317) 232-2350 or 1-888-528-4719 from outside the 317 area code.

## Average In-State Undergraduate Tuition and Fees (2003-04)

Public Four-Year  
\$4,936

Public Two-Year  
\$2,524

Private Four-Year  
\$18,273

Private Two-Year  
\$5,723

## Federal aid comes in many forms, including, but not limited to:

- Federal Pell Grants: These are not loans and need not be repaid. They are awarded based on need and may be used towards tuition, room and board or books.
- Federal Stafford Loans: These are self-help loans which need to be repaid, and are both subsidized (the government pays the interest until you graduate) and unsubsidized (not need-based and you pay the interest from the beginning).
- Federal PLUS Loans for parents: These are not need-based. Repayment of principal and interest begins within 60 days of disbursing the loan.
- Federal College Work-Study Programs (CWS): The student works "in the public interest" on campus or with a private not-for-profit or public agency.
- Federal Perkins Loan: These are funded at a low interest rate by the federal government and awarded by the institution. Repayment and interest begin nine months after a student leaves school.
- There are now tax credits available to parents through the HOPE Scholarship Program and Lifetime Learning Credits, IRA Education Savings Accounts and Student Loan Interest Deductions.

# Researching Scholarships

In addition to state and federal aid, many schools offer **scholarships**, as do businesses. Check with your parents' employers to see if they offer scholarships for their employees' children. Local fraternal organizations, churches and newspapers frequently offer scholarships and are worth contacting. Go to the library and ask to be directed to reference materials on scholarships and grants. The **State Student Assistance Commission** provides online access to various other sources of aid, including the College Board (SAT) Online, fastWeb (one of the best sites to start your scholarship search), FinAid, NCAA, Online Study Abroad Directory, U.S. Department of Education (for Pell Grants, Stafford Loans, etc.) and others. College is expensive, but you will be surprised at the number of resources which are available if you only take the time to check them out.

A four-year college may not be for every student, but **scholarship** and **grant money** is available for most post-secondary education. Students might also decide to work and go to school part-time. Some assistance is even available to part-time students. Talk with your financial aid officer for direction in getting started.

## Scholarships offered by the State Student Assistance Commission

• **The Indiana Higher Education Grant Program** is a need-based program for Indiana students attending Indiana post-secondary institutions which receive funding from the General Assembly.

• **The Hoosier Scholar Award** is a \$500 one-year scholarship awarded to high school seniors on the basis of academic merit.

• **The Twenty-First Century Scholars Program** is for families of low to moderate income and is based on a pledge made by 8th graders to stay drug and alcohol free, to maintain at least a C average, and to attend an Indiana college or university.

• **The Nursing Scholarship Award** is available to Hoosier students choosing nursing as a career and who agree, in writing, to work in nursing in Indiana for at least two years after graduation.

• Also available is a **Minority Teacher Scholarship** available to minority students who major in special education, occupational or physical therapy. This scholarship may not be based solely on merit. Need may be considered but is not required. Students must make a pledge to teach in an Indiana school or practice in an accredited school, vocational rehabilitation center or other developmental disabilities center for a certain period of time.

## Accessing Information

The Internet can be a very helpful tool in answering questions about financial aid, loans and scholarships. Many websites provide detailed explanations of the process of applying for assistance. They also may provide links to other informative and credible websites. These are only a few of the hundreds of websites available to students and their parents. If you do not have access to the Internet, try your local library or call one of the phone numbers provided below.

## TOP 10

### Mistakes Made on Scholarship Applications

1. Forgetting to include your name and address
2. Submitting an incomplete application
3. Being rude or abrasive to judges
4. Submitting an application with smudges or stains
5. Applying when you do not meet the minimum requirements
6. Sending it "postage due"
7. Mailing the envelope without the application
8. Submitting inappropriate supporting documentation (i.e. your baby picture)
9. Using messy handwriting or an illegible font
10. Misspellings and grammatical errors

source: FreSch! Scholarship Information Service

• **The Robert C. Byrd Honors Scholarship** is a very selective federally-supported merit-based scholarship program awarding \$1500 per year scholarships to selected Hoosier students.

• Finally, Indiana has a **Summer State Work Study Program** for students who have used an Indiana Higher Education Grant the previous academic year. The work may be performed at state, city and local government offices, post-secondary schools or private not-for-profit organizations.

# Indiana College Choice Savings Plan\_\_\_\_\_

The **College Choice** 529 Investment Plan is distributed by One Group Dealer Services, Inc. This information is provided for general educational purposes only. It is administered by Bank One. It is a program which assists students in saving money for their post-secondary education.

An adult (over 18 years old) can establish a College Choice account for a child as soon as he or she has been assigned a Social Security number. Accounts can be established for newborns (younger than one year) at any time during the year. Children older than one year must be enrolled between September 1 and January 15. **The earlier you start contributing, the better.**

Whoever opens the account is considered the “owner”, while the student is the “beneficiary.” The enrollment fee is \$10, and an annual fee of 0.5% of the value of the account will be charged to cover the costs of maintaining the account.

When you have received a confirmation that the account has been opened, you can begin making **contributions** (the first contribution is a minimum of \$50). All money deposited and earned will remain in the account until the student is enrolled in a post-high school educational institution. Once the enrollment is verified, the money can be distributed to pay all or a portion of the student’s tuition and/or room and board expenses. Institutions eligible to receive this money include most accredited four-year colleges and universities, many accredited two-year institutions and certain proprietary or vocational schools.

## Any Questions?

Call toll-free:

1-866-400-7526

Federal and state income and capital gains taxes on the account’s earnings are deferred until the money is used to pay higher education expenses. Also, the savings are taxable to the student, who usually has a lower tax rate than an adult.

This plan also allows for relatives or other interested parties residing in other states to open an account for a child who resides in Indiana. In the case of a child’s relocation to another state, contributions may continue to be made, and the student will remain eligible for benefits.

## The Voice of Experience

These tips can make the process of financing your education a bit easier:

- Answer ALL the questions on the forms.
- Be sure to sign your name on each of the appropriate spaces.
- If you take out loans, be sure to borrow only as much as you really need.
- Turn in your financial aid paper work early to ensure that it will be processed on time.
- Be patient when attempting to straighten out any miscommunication with the financial aid office.
- Keep a file folder of all documents and information concerning your loans, scholarships and grants.

# Community College of Indiana: What's the Difference?

The Community College of Indiana is a partnership between Ivy Tech State College and Vincennes University. It is designed to provide greater educational opportunities for Hoosiers. The Community College of Indiana offers technical certificates and associate degrees. Ivy Tech State College's technical curriculum, coupled with Vincennes University's liberal arts approach, gives students a broader range of courses and degree programs. Through the partnership, students have more opportunities than ever before to transfer credits to four-year institutions.

## Who Should Attend The Community College of Indiana?

The Community College of Indiana is for virtually anyone offering something for people of any age and any background. Those desiring to improve themselves by learning new skills, earning a degree or exploring possible avenues for their futures are all potential Community College of Indiana students.

## What are the Requirements?

The Community College of Indiana has an open enrollment policy, which means that enrollment is open to everyone. To apply, students must complete three steps:

- 1) fill out an admissions application (available online)
- 2) submit a high school transcript
- 3) take an academic skills assessment test

## What Are the Advantages of Attending The Community College of Indiana?

- The Community College of Indiana offers a broad range of high quality courses at convenient close-to-home locations.
- Since the Community College of Indiana has the lowest tuition in the state, students can afford to take the time to explore a variety of interests before settling on a specific career or path of study.
- Students at the Community College of Indiana receive more individual attention from experienced instructors in a smaller class setting.
- The Community College of Indiana can also serve as a launching pad towards a bachelor's degree since credits transfer to more four-year colleges and universities both in and out of state than ever before.
- With such variety and flexibility, students can choose the education that is right for them.

Information provided by the Community College Web site:  
[www.ccindiana.net](http://www.ccindiana.net)

# The Armed Forces: Another Choice

Another option available for young adults is to attend the training program of one of the armed services before going to college. This is a great opportunity, as tuition is sometimes reimbursed through these organizations. The armed services may be just the road younger adults who are undecided in their future may choose first. After all, the armed services trains young minds and rewards them with compensation, as well as the experiences of a lifetime.

## Each of the following offers two, four or six-year programs:

### Army

1-800-USA-ROTC

The Army defends the interests of the United States and its allies through land-based operations around the world.

The **Indiana Army National Guard** provides similar opportunities. However, the National Guard allows their enlistees to attend the state college of their choice on a full or part time basis while serving **with 100 percent tuition paid**.

### Navy

1-800-USA-NAVY

The Navy defends the right of our country and its allies to travel and trade freely on the world's oceans.

Enlistment Prerequisites:

- You must be at least 17 to join.
- Stay in school. Education is very important in the Navy.
- Consider what you'd like to do in the Navy.
- Keep in shape or start a fitness program.

## Research Your Options!

You may visit any of these web sites for additional information:

## Coast Guard

The Coast Guard protects U.S. coastlines and inland waterways. Founded in 1876, the United States Coast Guard Academy has a proud tradition as one of the finest and most selective colleges in America.

The smallest of the five Federal Service Academies, the Coast Guard provides a four-year Bachelor of Science program with a full scholarship for each individual. Unlike the other Federal Service Academies, however, there are no congressional appointments.

## Marines

1-800-MARINES

The only service tasked to be able to operate combined arms in air, land, and sea. The Marines focus on their role as the nation's premier crisis response force, whether it be defending our nation in war, aiding with natural disaster relief overseas, or calming political unrest.

## Air Force

1-800-522-0033 ext.2091

The mission of the Air Force is to preserve national security through the use of advanced aerospace forces.
