(b) Except as provided in subsection (q) for Clifty Falls State Park and Fort Harrison State Park, a deer may be lawfully taken under this SECTION only by the use of a firearm that may be lawfully used to hunt deer in Indiana.

(c) In order to apply for a license under this SECTION, an individual must satisfy both of the following requirements:

- (1) Possess at least one (1) valid resident license issued under [312 IAC 9-3-3](#), [312 IAC 9-3-4](#), or [IC 14-22-12-7](#) to take deer.
- (2) Be at least eighteen (18) years old by November 26, 2007.

(d) For each state park other than Clifty Falls State Park and Fort Harrison State Park, the department shall determine the participants for the hunt by first selecting individuals who have completed a course of instruction in hunter safety under [IC 14-22-35](#). If more than the maximum number of individuals who have completed this course apply for a license under this SECTION, the department shall select the participants for that state park by a drawing from those individuals who have completed the course. If fewer than the maximum number of individuals who have completed this course apply for a license, the department shall supplement the participation list with applicants who have not completed a course of instruction in hunter safety. If supplementing the participation list with applicants who have not completed a course of instruction results in more applications than the maximum number of individuals who may be issued a license, the department shall select the supplemental participants by a drawing from those individuals who have not completed the course.

(e) An application for a license under this SECTION must be completed on a department form as

described in this subsection as follows:

- (1) A department form is available:
 - (A) at all state parks and reservoirs;
 - (B) at the Customer Service Center in the Indiana Government Center-South, 402 West Washington Street, Room W160, Indianapolis, Indiana 46204;

- (2) In order to qualify an applicant for a license, an application must be submitted as follows:

(f) An individual may file no more than three (3) separate applications for three (3) individual applicants. Up to three (3) applications may be submitted as a unit so that all or none of the applicants will be selected to participate in the hunt. The submission by an individual of more than one (1) application per period disqualifies the individual (and any other individual submitting as a unit with the individual) from participating in the drawing. For the purposes of this subsection, one (1) period is November 26 through November 27, 2007, and the other period is December 10 through December 11, 2007.

(g) Any drawing required by this SECTION shall be conducted on a random basis. Written notice will be mailed by the department to successful applicants.

(l) A deer taken under this SECTION does not apply to any bag limit for taking deer established by [312 IAC 9](#).

(m) All deer must be delivered to a designated check station within the state park.

(n) An individual must not enter a state park described in this SECTION during the following periods from:

- (1) 8 p.m. EST (7 a.m. CST) on Sunday, November 25 through 8 a.m. EST on Wednesday, November 28, 2007; or

(c) The department shall determine the participants for the hunt by first selecting individuals who have completed a course of instruction in hunter safety under [IC 14-22-35](#). If more than the maximum number of individuals who have completed this course apply for a license under this SECTION, the department will select the participants for that nature preserve by a drawing from those individuals who have completed the course. If fewer than the maximum number of individuals who have completed this course apply for a license, the department shall supplement the participation list with applicants who have not completed a course of instruction in hunter safety. If supplementing the participation list with applicants who have not completed a course of instruction results in more applications than the maximum number of individuals who may be issued a license, the department shall select the supplemental participants by a drawing from those individuals who have not completed the course.
