This includes the educational and experience requirements found in [864 IAC 1.1-2-2](#) and the passing of the fundamentals of engineering examination and the principles and practice of engineering examination as required by [IC 25-31-1-14](#) and [864 IAC 1.1-4.1-3](#).

(d) Unless the applicant does not qualify for registration for some other appropriate reason, if the educational, experience, and examination requirements described in subsection (c) are met at the time the applicant files the applicant's application with the board, the applicant will qualify for registration.
