

Notice of Public Hearing

LSA Document #07-664

Notice of Public Hearing

Under [IC 4-22-2-24](#), notice is hereby given that on March 20, 2008, at 9:00 a.m., at the Indiana Professional Licensing Agency, Indiana Government Center-South, 402 West Washington Street, Room W064, Indianapolis, Indiana, the State Board of Registration for Professional Engineers will hold a public hearing on the proposed creation of the requirement for continuing education.

The State Board of Registration for Professional Engineers has the authority to promulgate rules in accordance with [IC 25-4-1-3](#) that the Board considers necessary in the performance of its duty and to establish standards for the competent practice of engineering. The proposed rule adds the requirements for continuing education for license renewal. The Board has found that over half of the states currently require continuing education and the trend continues to grow. The Board has also found that it is a way to ensure that engineers remain current and competent on trends in the engineering profession. This proposed rule will impose costs on the regulated entities.

Copies of these rules are now on file at the Indiana Government Center-South, 402 West Washington Street, Room W072 and Legislative Services Agency, One North Capitol, Suite 325, Indianapolis, Indiana and are open for public inspection.

Frances L. Kelly
Executive Director
Indiana Professional Licensing Agency
