(1) The purchaser may submit a hand completed playslip picking up to ten (10) numbers on one (1) or more boards to an authorized draw retailer. If purchaser has not picked all ten (10) numbers on a board, quick pick must also be picked to ensure the terminal will automatically quick pick any remaining numbers to complete a total of ten (10) number selections for each board.

(2) The purchaser may verbally advise an authorized draw retailer of up to ten (10) numbers on one (1) or more plays. The retailer must select quick pick to have the terminal quick pick any remaining numbers to complete a total of ten (10) number selections for each board.

(3) The purchaser may request a quick pick for one (1) or more plays.

(4) The purchaser may purchase a ticket from a player-activated terminal.

(c) If a playslip is used to select a player's numbers for a Quick Draw selection event, the playslip must have been issued by the lottery and completed by hand by the player. The playslip will be scanned by the draw terminal or, in the event of a problem, keyed in by hand by an employee of an authorized lottery retailer.

(d) Unless otherwise indicated on the draw ticket, a draw ticket for Quick Draw is effective for the next scheduled Quick Draw selection event.

(e) The commission may offer multi-draw tickets for Quick Draw. The selection of the multi-draw option on a playslip will apply to all boards played on that playslip.

(f) The draw ticket for Quick Draw shall be cancelable for up to sixty (60) minutes after the transaction or up to the Quick Draw selection event cut-off time, whichever is first. The draw ticket for Quick Draw can only be cancelled from the terminal in which it was sold.
