RE: LSA Document #09-871 – Amendments to the Indiana Elevator Safety Code

Dear Representative Pelath:

On behalf of the Fire Prevention and Building Safety Commission (Commission), I am submitting this notice to the Administrative Rules Oversight Committee in compliance with [IC 4-22-2-25](#), because the Commission has determined that the promulgation of the captioned rule may not be completed within one year after publication of the Notice of Intent to Adopt a Rule.

The Commission published its Notice of Intent to Adopt a Rule for the captioned document on November 4, 2009 (DIN: [20091104-IR-675090871NIA](#)). This rule is being adopted, in part, to comply with the requirements of [IC 22-13-2-2](#). In order to ensure that the fiscal impact of the new and amended portions of the Elevator Safety Code is based on accurate information, the Commission may have to take additional time for the final adoption of this rule. Thus promulgation of this rule may not be completed by November 4, 2010. The Commission expects that the rule can be approved by the Governor by March 31, 2011.

This notice setting forth the expected date of approval of LSA Document #09-871 as March 31, 2011, is being submitted in a timely manner. July 13, 2010, is the two hundred fiftieth day after publication of the Notice of Intent to Adopt a Rule.

Yours truly,

Mara J. Snyder, Director
Legal and Code Services
Indiana Department of Homeland Security
