IC 4-22-2.1-5 Statement Concerning Rules Affecting Small Businesses

Estimated Number of Small Businesses Subject to this Rule:

There are no new costs or requirements for small businesses as a result of this rule. However, the rule proposal governing wild turkeys will have an indirect positive effect on businesses that provide a service as a turkey check station or sell turkey hunting licenses, or both. These businesses may have additional customers come in to their place of business and purchase other products while checking in a harvested turkey, plus sell additional turkey hunting licenses. Businesses volunteer to be a check station and are already open for deer hunters who will be checking in a harvested deer during the same time period. Businesses who sell hunting licenses are able to keep \$0.75 from each license sold, plus the customer may purchase additional items while in the place of business.
