(g) The amount of the maintenance payment and the amount of the payment for enhanced supervision will be reviewed annually.

(h) To the extent consistent with the child's assessed needs, a foster parent may also receive payment for costs of caring for a child that are not included in the maintenance payment, if such costs are determined by the department to be prudent and reasonably necessary in order to serve the child's needs in connection with the child's permanency plan or other plan of care and treatment. specified by the department and executed by the parties.

(c) The department will maintain and publish a list of all CPA administrative payments.

(d) Each CPA shall submit to the department a cost report on an annual basis at the time and in the form required by the department. Failure to submit the cost report timely may result in delay in payment or nonpayment by the department for administrative costs incurred or services rendered by the CPA.

(e) The department will review each cost report for reasonableness and eligibility under Title IV-E and other federal guidance. The department may, in its discretion, adjust historical costs to reflect current costs. For costs that are not eligible under Title IV-E, the department will review the cost report for allowability as determined by the department. Based on that review, the department will submit to the CPA a final approved cost report that the department will use in calculating the applicable rates.

(f) To be allowable, a cost must relate to one (1) or more of the categories described in section 3 of this rule. The cost must also satisfy the following criteria:

(g) The department will mail to the CPA a letter (notice letter) stating the administrative payment or payments that the department agrees to pay, for each applicable program for children whom the department has placed or may place with the CPA. The notice letter will include the effective date of the new approved administrative payment or payments as approved by the department. The effective date will be the first day of a calendar month that is not less than thirty (30) days after the date of the letter.

(h) If the CPA accepts the administrative payment offered by the department in the notice letter, such administrative payment shall amend any agreement containing payment rates that include administrative costs for placements currently in effect between the CPA and the department.

(i) If the CPA does not accept the administrative payment offered by the department in the administrative payment notice letter, the CPA must notify the department no later than thirty (30) days following the CPA's receipt of the administrative payment notice letter that was mailed to the CPA in accordance with subsection (g). Upon receipt of such notification, the department will no longer make recommendations for placement of children with the CPA for services to which the rejected administrative payment would apply.

(j) If a court orders placement of a child with a CPA contrary to the recommendation of the department, the department will be responsible for payment only in the amount stated in the most recent administrative payment notice letter that was mailed to the CPA in accordance with subsection (g).

(k) The department will continue to pay the CPA an administrative payment applicable to any child placed with the CPA, based on the administrative payment in effect at the time of placement, if the CPA does not accept a new administrative payment specified in an administrative payment notice letter described in subsection (g). However, the department may, subject to approval of the court having jurisdiction over the child, move the child to another placement, if the change of placement is consistent with the welfare and best interests of the child.

(l) Each cost report submitted under subsection (d) is subject to further review or audit by the department. Such a review or audit may result in an administrative payment adjustment as specified in a new administrative payment notice letter issued and mailed to the CPA.

(m) If the CPA has not been licensed, or operated a program for which an administrative payment is required, for a period of at least twelve (12) months before the cost report is due to the department, the CPA shall submit a cost report utilizing a comprehensive twelve (12) month operating budget for the new program at least ninety (90) days before the start of the program. The department will utilize its rate setting methodology as provided herein to establish an administrative payment for the new program. The

cost report shall be in the form specified or approved by the department.

(b) Applicable credits refers to those receipts, or reduction of expenditures that operate to offset or reduce expense items that are allocable to awards as direct or indirect costs. Typical examples of such transactions include, but are not limited to, the following:
