
TITLE 465 DEPARTMENT OF CHILD SERVICES

Change in Notice of Public Hearing
LSA Document #10-463

The Department of Child Services gives notice that the date of the public hearing for LSA Document #10-463, posted at [20100825-IR-465100463PRA](#), has been changed. The changed Notice of Public Hearing appears below:

Notice of Public Hearing

Under [IC 4-22-2-24](#), notice is hereby given that on **November 15, 2010, at 9:00 a.m. EST**, at the **Indiana Government Center South, 302 West Washington Street, Conference Center Room B**, Indianapolis, Indiana, the Department of Child Services will hold a public hearing on a proposed new rule, [465 IAC 2-18](#), to establish mechanisms and procedures the department will use for setting maintenance payments and other payments to foster parents in licensed homes supervised by the department, on behalf of children placed in those homes by the department for foster care.

The proposed rule provides for an annual public hearing and independent contractor study of reasonable costs of caring for a foster child in Indiana, based on requirements and guidelines applicable to Title IV-E of the federal Social Security Act. The contractor will construct a model of maintenance payments for foster children to inform the department in establishing appropriate rates. The rule provides for an assessment of every child using an approved assessment tool to determine the appropriate placement and level of supervision that the child needs, and periodic reassessment of the child during placement. Payments will be based in part on the level of supervision that the child needs as determined by the assessment. The rule also provides a procedure for a foster parent to request and receive, following initial placement and periodically thereafter, a department review of a foster child's approved category of supervision, based on new information about the child's supervisory needs and, where appropriate, a new assessment of those needs.

The department expects that this rule will not impose additional cost or requirements on foster parents, since it does not increase their duties and responsibilities in caring for foster children that are currently in effect under the department's policies and licensing rules.

In compliance with [IC 4-22-2-24\(d\)\(3\)](#), the department advises that it has consulted and utilized information from various sources, including, but not limited to, the following, in determining that the requirements related to payments to licensed foster parents as specified in this rule are necessary and appropriate:

- (1) Title 42 United States Code Sections 672 and 675.
- (2) Guidance relating to allowable costs of maintaining foster children in a home that are claimable for reimbursement under Title IV-E of the federal Social Security Act, as contained in applicable sections of the Child Welfare Policy Manual published by the Children's Bureau of the United States Department of Health and Human Services.
- (3) Report of the Children's Rights organization titled "Hitting the M.A.R.C. – Establishing Foster Care Minimum Adequate Rates for Children" (October 2007).
- (4) United States Department of Agriculture, Center for Nutrition Policy and Promotion, publication titled "Expenditures on Children by Families, 2009," Miscellaneous Publication Number 1528-2009 (June 2010).
- (5) Statutes, administrative rules, and policies relating to payment rates for foster homes in other states, including but not limited to Iowa, Minnesota, Missouri, and Oregon.
- (6) Entry Granting a Preliminary Injunction, filed in the United States District Court, Southern District of Indiana, on January 26, 2010, in the consolidated cases of C.H. et al. v. Payne, no. 1:09-cv-1574-SEB-JMS, and IARCCA v. Indiana Department of Child Services, formerly no. 1:09-cv-1580-WTL-DML (published at 683 F.Supp.2d 865).
