RE: LSA Document #11-666 – Adds [290 IAC 2](#) concerning severe weather warning sirens.

Dear Representative Thompson:

On behalf of the Indiana Department of Homeland Security, I am submitting this notice to the Administrative Rules Oversight Committee in compliance with [IC 4-22-2-25](#), because the agency has determined that the promulgation of the captioned rule may not be completed within one year after publication of the Notice of Intent to Adopt a Rule.

The agency published its Notice of Intent to Adopt a Rule for LSA Document #11-666 on October 19, 2011, at DIN: [20111019-IR-290110666NIA](#). The rule creates a new planning process for outdoor severe weather warning sirens at the county level. The evaluation of the fiscal impact is taking an extended period of time, longer than the agency anticipated. In order to ensure that the fiscal impact is accurately evaluated, the agency expects that the rule will be approved by the Governor not later than February 28, 2013.

This notice setting forth the expected date of approval of LSA Document #11-666 as February 28, 2013, is being submitted in a timely manner. According to my calculations, June 25, 2012, is the two hundred fiftieth day after publication of the Notice of Intent to Adopt a Rule.

Yours truly,

George Thompson
General Counsel
Indiana Department of Homeland Security
