Regulatory Flexibility Analysis of Alternative Methods:

The alternative to this proposed rule is leaving the term "state park" undefined. This lack of definition could leave an ambiguity about what "state parks" are covered under [IC 7.1-3-17.8](#). To ensure the legislative intent is upheld, DNR proposes to define "state park" and create this list of applicable DNR properties for the purposes of [IC 7.1-3-17.8](#). This determination by DNR leadership is within its statutory and administrative discretion.
