**[71 IAC 4-3-15](#) Pylons**

**Authority:** [IC 4-31-3-9](#)

**Affected:** [IC 4-31](#)

Sec. 15. (a) If, at a race track that has pylon demarcations, a horse or the horse's sulky leaves the course by going inside of a pylon, **when not forced to do so as a result of another driver or horse**, that horse may be penalized by a placing by the judges.

(b) For purposes of placing, the term "going inside of a pylon" means any instance where a wheel goes completely inside the inner limits of the course without striking the base of a pylon, and the following shall apply:

- (1) Only the pylons set in accordance with subsection (g)(3) and (g)(4) shall be considered for placings or violations, or both.
- (2) If a horse, while on stride, goes inside two (2) consecutive pylons, the offending horse shall be placed behind all horses that are lapped on to the offending horse at the wire.
- (3) If a horse, while on stride, goes inside three (3) or more consecutive pylons, the offending horse may be placed last.
- (4) If a horse, while on stride, goes inside a pylon or pylons and that action gave the horse an unfair advantage over other horses in the race or the action helped improve its position in the race, the horse may be placed at the discretion of the judges.

(c) If the driver goes inside the pylons and does not immediately correct position, the horse may be penalized by a placing.

(d) Horses using the inside to pass must have complete clearance of the pylons.

(e) Drivers striking pylons but not gaining an unfair advantage may be fined.

(f) When an act of interference causes a horse or part of the horse's sulky to be in violation of this title and the horse is disqualified, the offending horse shall be placed behind the horse with which it interfered.

(g) Pylons shall be spaced consistently and shall be:

- (1) thirty (30) inches above ground level;
- (2) at a thirty (30) degree angle, facing inward to the track surface on the turns;
- (3) forty (40) feet apart on the turns; and

(4) sixty (60) feet apart on the straightaway.

SECTION 6. [71 IAC 8-3-5](#) IS AMENDED TO READ AS FOLLOWS:

**71 IAC 8-3-5 Out of competition testing****Authority:** [IC 4-31-3-9](#)**Affected:** [IC 4-31-12](#)

Sec. 5. (a) Any horse eligible to race in Indiana under this subsection is subject to testing without advance notice for prohibited substances, practices, and procedures as specified in subsection (f), while the horse is located on the grounds of a racetrack under the jurisdiction of the commission, or stabled off association grounds while under the care or control of trainer or owner licensed by the commission under the restrictions listed in subsection (e). A horse is eligible to race in Indiana if it is listed:

- (1) on an owner's or trainer's license application;
- (2) on a stall application or nomination list; or
- (3) on the horse sign-in sheet at any time during the meet;

or has raced at any Indiana race meet during the preceding three hundred sixty-five (365) days. A horse shall be presumed eligible if it is a racing breed, at least two (2) years old, and an Indiana bred or sired horse. The owner of such an Indiana bred or sired horse may render the horse ineligible for the testing as described in this rule by indicating in writing the Indiana bred or sired horse is not intended to race in Indiana under subsection (b) provided that the owner of such an Indiana bred or sired horse provides ~~such~~ written notice to the office of the commission thirty (30) days before the horse turns two (2) years old or within thirty (30) days after the owner acquires the horse. In this event, the horse shall be deemed ineligible for racing in Indiana as provided for in subsection (b).

(b) If a horse to be tested is not covered under subsection (a), the executive director or judges may nevertheless test any such horse as eligible to race in Indiana for prohibited substances, practices, and procedures specified in subsection (f), unless the owner or trainer or other authorized representative or designee of such horse immediately represents in writing that the horse is not intended to be, and will not be, raced in Indiana for a minimum of three hundred sixty-five (365) days. If the owner, trainer, or other authorized representative or designee so represents, the horse shall be deemed ineligible for racing in Indiana for no less than three hundred sixty-five (365) days from that date. This three hundred sixty-five (365) day ineligibility to race in Indiana shall follow the horse even if sold or transferred to another owner or trainer. An owner or trainer may, however, consent to the collection of a sample from a horse selected for testing under this rule, even if the horse is not presently intended to be raced in Indiana, and if such horse tests negative, it will remain eligible to race in Indiana.

(c) The executive director or judges may order any horse of a licensed trainer or owner to report to a track under the jurisdiction of the commission for out of competition testing. The trainer or owner is responsible to have the horse or horses available at the designated time and location. In the event that a horse is ordered to report to a track pursuant to the authority granted by this subsection, a licensed trainer or owner is entitled to reimbursement by the commission for mileage (at the current rate paid by the state of Indiana as specified in the current Indiana financial management circular) to and from the location where the horse was stabled when the horse was ordered to report to the track. Under no circumstances will a trainer or owner be entitled to reimbursement for mileage in excess of the actual mileage to the track from the place where the horse was stabled when ordered to report and from the track to the place where the horse is first stabled following the testing. The trainer or owner is not entitled to receive reimbursement from the commission for any other expense relating to any order under this subsection to report to a track for out of competition testing.

(d) The official veterinarian, a licensed veterinarian authorized by the commission, **or** a veterinary technician under the direct supervision of the official veterinarian or a licensed veterinarian authorized by the commission may take a urine, blood, or hair sample from a horse for testing as provided for in this section.

(e) Unless sample collection occurs on the grounds of a racetrack or other location within Indiana under the commission's jurisdiction, the commission's representatives ~~must~~ **may** arrive **at a reasonable time** for the taking of blood, urine, or hair samples from an eligible horse, as defined in subsection (a) or (b), ~~only between the hours of 7:00 a.m. and noon~~, after announcing their presence at the premises where the horse or horses to be tested are located and showing their credentials to collect samples from the horse or horses selected for testing for prohibited substances, practices, and procedures as specified in subsection (f). The commission's representatives or designees will request to meet with the trainer or owner of the selected horse or horses. If neither is available, the collection will be deferred until the trainer or owner, or both, or their representative or designee, becomes reasonably available, but the collection must occur not later than one (1) hour after the commission's designee

arrives at the premises in the case of an eligible horse under subsection (a), and not later than two (2) hours in the case of an eligible horse under subsection (b). If the collection does not occur within the time provided for in this subsection, any horse that would have been subject to testing and eligible to race in Indiana will be deemed to be ineligible for racing in Indiana pursuant to the provisions of subsections (a) and (b). In addition, the owner or trainer, or both, of the horses may be subject to any other sanctions allowed by Indiana law and regulations, including, but not limited to, a fine, suspension, or summary suspension. It is a defense to any action brought against an owner or trainer, or both, for sanctions or as a result of any declaration a horse is ineligible because the sample collection did not occur within the time provided for by this subsection that good cause existed that prohibited the owner or trainer or their representative or designee from complying with the time limits set forth in this subsection. The owner or trainer or their representative or designee has the burden of proving the good cause defense by a preponderance of the evidence.

(f) Prohibited substances, practices, methods, and procedures are defined as the following:

- (1) Blood doping agents, including, but not limited to, erythropoietin (EPO), darbepoetin, Oxyglobin, Hemopure, Aranesp, or any substance that abnormally enhances the oxygenation of body tissues.
- (2) Gene doping agents or the nontherapeutic use of genes, genetic elements, or cells, or all, that have the capacity to enhance athletic performance or produce analgesia.
- (3) Naturally produced venoms, synthetic analogues of venoms, derivatives of venoms, or synthetic analogues of derivatives of venoms.
- (4) Substances capable of producing a repartitioning effect that are not FDA-approved for use in horses, including, but not limited to, ractopamine, zilpaterol, or any similar agent.
- (5) Androgenic-anabolic steroids (AAS) other than endogenous concentrations of the naturally occurring substances as defined in [71 IAC 8-1-8](#) or AAS in a horse placed on the veterinarian's list in accordance with [71 IAC 8-1-8\(f\)](#).
- (6) Cobalt in excess of the threshold provided in [71 IAC 8-1-9](#). In the event a sample from a horse results in cobalt in excess of the threshold, the horse shall be placed on the veterinarian's list until the concentration of cobalt in serum has fallen below the designated threshold, or until the conclusion of the race meet. However, horses testing at a concentration of one hundred (100) parts per billion shall be placed on the veterinarian's list for a minimum of thirty (30) days.
- (7) Any substance or method not otherwise referenced in this rule, which is present on Version 8.5 of the Association of Racing Commissioners International Model Rules of Racing Annex I (Prohibited Substances).
- (8) The presence in a horse of any substance at any time listed in subdivision (1), (2), (3), (4), (5), or (7) in an eligible **horse**, as defined in subsections (a) and (b), is prohibited and is a violation of this rule.
- (9) The use of a prohibited method, as defined in Version 8.5 of the Association of Racing Commissioners International Model Rules of Racing Annex I (Prohibited Substances), on an eligible horse, as defined in subsections (a) and (b), is prohibited and is a violation of this rule.

(g) The trainer or owner or his or her designees shall cooperate with the official veterinarian or any licensed veterinarian or licensed veterinary technician authorized by the commission or any commission employee by:

- (1) assisting in the immediate location and identification of the eligible horse selected for out of competition testing; and
- (2) providing a stall or safe location to collect the samples.

The executive director or judges may summarily suspend, exclude, or otherwise penalize any trainer or other authorized representative or designee who does not fully cooperate with a commission employee or representative in assisting and identifying an eligible horse or providing a safe stall to collect samples in a timely fashion. If any such person is summarily suspended, excluded, or otherwise penalized, she or he shall be entitled to a hearing in accordance with Indiana law and regulations. A summary suspension, exclusion, or sanctions for failure to cooperate shall not issue, however, if a horseman meets his or her burden to establish the good cause defense set forth under subsection (e). This provision does not apply to an owner or trainer who timely provides written notice under subsection (a) or (b) that a horse sought to be tested is not intended to be raced in Indiana and thereby renders the horse ineligible pursuant to subsection (b).

(h) The collection of blood or urine samples under this rule shall be collected as provided by [71 IAC 8-4-1](#) and shall be analyzed as follows:

- (1) Approved primary laboratory for screening.
- (2) Approved primary laboratory for confirmation.
- (3) Approved laboratory for split sample testing as chosen by the owner or trainer.

The commission shall approve the laboratories for screening, confirmation, and split sample testing.

(i) The collection of hair samples under this rule shall be collected as provided by [71 IAC 8-4-1](#) and shall be analyzed as follows:

- (1) Approved primary laboratory for screening.
- (2) Approved primary laboratory for confirmation.

The commission shall approve the primary laboratories for screening and confirmation. A hair sample shall be ineligible for split sample testing.

(j) The licensed trainer of the horse is responsible for the condition of the horse sampled for an out of competition test while on the grounds of a licensed training facility or racetrack as follows:

- (1) If the horse is sampled while not on the grounds of a licensed facility or racetrack, then the licensed owner shall be presumed to be the responsible person unless the owner can establish by substantial evidence that another licensed person had accepted the responsibility for the care, custody, and control of the horse, making such person the responsible person.
- (2) If a horse sampled for an out of competition test was claimed, sold, or otherwise transferred during the time the substance giving rise to the positive test may have been administered, then the commission shall investigate to determine, by a preponderance of the evidence, the identity of the responsible person at the time such substance may have been administered.
- (3) If the commission cannot determine a responsible person, then the commission may deem the owner responsible and place the horse on the veterinarian's list for such time as is necessary to protect the integrity of racing.
- (4) A claimed horse is ineligible to be subjected to out of competition testing in the forty-eight (48) hours post claim unless the horse was subjected to post race testing.

(k) In the absence of extraordinary mitigating circumstances, a minimum penalty of a ten (10) year suspension will be assessed for any violation of subsection (f)(1) and (f)(2). The Association of Racing Commissioners International, Inc. Uniform Classification Guidelines for Foreign Substances and Recommended Penalties and Model Rule will be considered for violations of subsection (f)(3), (f)(4), and (f)(5) with additional penalties for any drug not FDA approved for use in horses.

### **[71 IAC 8-10-6](#) Penalties**

**Authority:** [IC 4-31-3-9](#)

**Affected:** [IC 4-31](#)

Sec. 6. (a) Upon a finding of a positive test, the judges or commission shall, to the extent of its regulatory authority, impose the following sanctions:

- (1) For a licensee's first violation, he or she shall be suspended for thirty (30) days and, **in order for the suspension to be lifted**, shall be subject to a mandatory drug retest after thirty (30) days from the first violation of this article. Such additional drug test, **known as the standard drug test**, shall be done by the commission testing laboratory at the licensee's expense. Until such retest **using the standard drug test**

achieves negative results, the licensee shall remain suspended **with the following exceptions:**

**(A) For a licensee's first violation, he or she may take a drug test after thirty (30) days from the first violation of this article known as the immediate drug test. Provided the immediate drug test is negative, the licensee's suspension will be lifted, by amending the initial ruling, while the results of the standard drug test are pending. If the licensee's standard drug test returns a negative result, the licensee's suspension remains lifted.**

**(B) If the standard drug test returns a positive result, the judges will enter an amended ruling suspending the licensee until such time as a standard drug test, which shall be done by the commission testing laboratory at the licensee's expense, returns a negative result.**

**The licensee is only allowed one (1) immediate drug test, which is to be taken at the end of the initial thirty (30) day suspension.**

(2) For a second violation, the licensee shall be suspended for a minimum of sixty (60) days and shall be required to enroll in a substance abuse treatment program approved by the commission. It shall be the licensee's responsibility to provide the commission with written notice of his or her enrollment, weekly status reports, and written notice that he or she has successfully completed the program and has been discharged. The licensee shall remain suspended until the requirements have been fulfilled. The requirements shall include an additional drug test with negative results. Such test shall be under the supervision or approval of the commission.

(3) For a third violation, the licensee will receive a mandatory suspension of his or her license for a period of one (1) year and shall not be eligible to reapply for his or her license until the applicant pays for and submits to two (2) urine or saliva samples, or both, thirty (30) days apart with both samples failing to show any trace of a controlled substance or prescription drug. All such samples shall be obtained and tested by the commission or approved by the commission at a location and in a manner prescribed by the commission and at the expense of the licensee. After the licensee has received two (2) negative tests, he or she may reapply for a license unless his or her continuing participation at a race meeting shall be deemed by the commission director of security or his or her designee to be detrimental to the best interest of horse racing.

(b) Prior human controlled substance or prescription drug violations reflected on a person's racing record from any jurisdiction recognized by the commission, including Indiana, shall be counted as violations when determining appropriate penalties as set forth in subsection (a).

(c) In determining the penalty to impose for an offense covered by this rule, the judges or the commission may consider any mitigating ~~and/or~~ **or** exacerbating, **or both**, circumstances and make an appropriate adjustment to the penalties ~~which that~~ are set forth in subsection (a).

#### **[71 IAC 8.5-2-5](#) Out of competition testing**

**Authority:** [IC 4-31-3-9](#)

**Affected:** [IC 4-31-12](#)

Sec. 5. (a) Any horse eligible to race in Indiana under this subsection is subject to testing without advance notice for prohibited substances, practices, and procedures as specified in subsection (f), while the horse is located on the grounds of a racetrack under the jurisdiction of the commission, or stabled off association grounds while under the care or control of a trainer or owner licensed by the commission under the restrictions listed in subsection (e). A horse is eligible to race in Indiana if it is listed:

- (1) on an owner's or trainer's license application;
- (2) on a stall application or nomination list; or
- (3) on the horse sign-in sheet at any time during the meet;

or has raced at any Indiana race meet during the preceding three hundred sixty-five (365) days. A horse shall be presumed eligible if it is a racing breed, at least two (2) years old, and an Indiana bred or sired horse. The owner of such an Indiana bred or sired horse may render the horse ineligible for the testing as described in this rule by

indicating in writing the Indiana bred or sired horse is not intended to race in Indiana under subsection (b) provided that the owner of such an Indiana bred or sired horse provides ~~such~~ written notice to the office of the commission thirty (30) days before the horse turns two (2) years old or within thirty (30) days after the owner acquires the horse. In this event, the horse shall be deemed ineligible for racing in Indiana as provided for in subsection (b).

(b) If a horse selected to be tested is not covered under subsection (a), the executive director or stewards may nevertheless test any such horse as eligible to race in Indiana for prohibited substances, practices, and procedures specified in subsection (f), unless the owner or trainer or other authorized representative or designee of such horse immediately represents in writing that the horse is not intended to be, and will not be, raced in Indiana for a minimum of three hundred sixty-five (365) days. If the owner, trainer, or other authorized representative or designee so represents, the horse shall be deemed ineligible for racing in Indiana for no less than three hundred sixty-five (365) days from that date. This three hundred sixty-five (365) day ineligibility to race in Indiana shall follow the horse even if sold or transferred to another owner or trainer. An owner or trainer may, however, consent to the collection of a sample from a horse selected for testing under this rule, even if the horse is not presently intended to be raced in Indiana, and if such horse tests negative, it will remain eligible to race in Indiana.

(c) The executive director or stewards may order any horse of a licensed trainer or owner to report to a track under the jurisdiction of the commission for out of competition testing. The trainer or owner is responsible to have the horse or horses available at the designated time and location. In the event that a horse is ordered to report to a track pursuant to the authority granted by this subsection, a licensed trainer or owner is entitled to reimbursement by the commission for mileage (at the current rate paid by the state of Indiana as specified in the current Indiana financial management circular) to and from the location where the horse was stabled when the horse was ordered to report to the track. Under no circumstances will a trainer or owner be entitled to reimbursement for mileage in excess of the actual mileage to the track from the place where the horse was stabled when ordered to report and from the track to the place where the horse is first stabled following the testing. The trainer or owner is not entitled to receive reimbursement from the commission for any other expense relating to any order under this subsection to report to a track for out of competition testing.

(d) The official veterinarian, a licensed veterinarian authorized by the commission or a veterinary technician under the direct supervision of the official veterinarian or a licensed veterinarian authorized by the commission may take a urine, blood, or hair sample from a horse for testing as provided for in this section.

(e) Unless sample collection occurs on the grounds of a racetrack or other location within Indiana under the commission's jurisdiction, the commission's representatives ~~must~~ **may** arrive **at a reasonable time** for the taking of blood, urine, or hair samples from an eligible horse, as defined in subsection (a) or (b), ~~only between the hours of 7:00 a.m. and noon~~, after announcing their presence at the premises where the horse or horses to be tested are located and showing their credentials to collect samples from the horse or horses selected for testing for prohibited substances, practices, and procedures as specified in subsection (f). The commission's representatives or designees will request to meet with the trainer or owner of the selected horse or horses. If neither is available, the collection will be deferred until the trainer or owner, or both, or their representative or designee, becomes reasonably available, but the collection must occur not later than one (1) hour after the commission's designee arrives at the premises in the case of an eligible horse under subsection (a), and not later than two (2) hours in the case of an eligible horse under subsection (b). If the collection does not occur within the time provided for in this subsection, any horse that would have been subject to testing and eligible to race in Indiana will be deemed to be ineligible for racing in Indiana pursuant to the provisions of subsections (a) and (b). In addition, the owner or trainer, or both, of the horses may be subject to any other sanctions allowed by Indiana law and regulations, including, but not limited to, a fine, suspension, or summary suspension. It is a defense to any action brought against an owner or trainer, or both, for sanctions or as a result of any declaration a horse is ineligible because the sample collection did not occur within the time provided for by this subsection that good cause existed that prohibited the owner or trainer or their representative or designee from complying with the time limits set forth in this subsection. The owner or trainer or their representative or designee has the burden of proving the good cause defense by a preponderance of the evidence.

(f) Prohibited substances, practices, methods, and procedures are defined as the following:

- (1) Blood doping agents, including, but not limited to, erythropoietin (EPO), darbepoetin, Oxyglobin, Hemopure, Aranesp, or any substance that abnormally enhances the oxygenation of body tissues.
- (2) Gene doping agents or the nontherapeutic use of genes, genetic elements, or cells, or all, that have the

capacity to enhance athletic performance or produce analgesia.

(3) Naturally produced venoms, synthetic analogues of venoms, derivatives of venoms, or synthetic analogues of derivatives of venoms.

(4) Substances capable of producing a repartitioning effect that are not FDA-approved for use in horses, including, but not limited to, ractopamine, zilpaterol, or any similar agent.

(5) Androgenic-anabolic steroids (AAS) other than endogenous concentrations of the naturally occurring substances as defined in [71 IAC 8.5-1-8](#) or AAS in a horse placed on the veterinarian's list in accordance with [71 IAC 8.5-1-8\(f\)](#).

(6) Cobalt in excess of the threshold provided in [71 IAC 8.5-1-9](#). In the event a sample from a horse results in cobalt in excess of the threshold, the horse shall be placed on the veterinarian's list until the concentration of cobalt in serum has fallen below the designated threshold, or until the conclusion of the race meet. However, horses testing at a concentration of one hundred (100) parts per billion shall be placed on the veterinarian's list for a minimum of thirty (30) days.

(7) Clenbuterol in excess of the threshold provided in [71 IAC 8.5-1-4.2\(5\)](#) for a quarter horse. In the event a sample from a quarter horse results in clenbuterol in excess of the threshold, the quarter horse shall be placed on the veterinarian's list as provided in [71 IAC 8.5-8-1.5](#).

(8) Albuterol in excess of the threshold provided in [71 IAC 8.5-1-4.2\(2\)](#) for a quarter horse. In the event a sample from a quarter horse results in albuterol in excess of the threshold, the quarter horse shall be placed on the veterinarian's list as provided in [71 IAC 8.5-8-1.5](#).

(9) Any substance or method not otherwise referenced in this rule, which is present on Version 8.5 of the Association of Racing Commissioners International Model Rules of Racing Annex I (Prohibited Substances).

(10) The presence in a horse of any substance at any time listed in subdivision (1), (2), (3), (4), (5), or (9) in an eligible horse, as defined in subsections (a) and (b), is prohibited and is a violation of this rule.

(11) The use of a prohibited method, as defined in Version 8.5 of the Association of Racing Commissioners International Model Rules of Racing Annex I (Prohibited Substances), on an eligible horse, as defined in subsections (a) and (b), is prohibited and is a violation of this rule.

(g) The trainer or owner or his or her designees shall cooperate with the official veterinarian, or any licensed veterinarian or licensed veterinary technician authorized by the commission, or any commission employee by:

(1) assisting in the immediate location and identification of the eligible horse selected for out of competition testing; and

(2) providing a stall or safe location to collect the samples.

The executive director or stewards may summarily suspend, exclude, or otherwise penalize any trainer or other authorized representative or designee who does not fully cooperate with a commission employee or representative in assisting and identifying an eligible horse or providing a safe stall to collect samples in a timely fashion. If any such person is summarily suspended, excluded, or otherwise penalized, she or he shall be entitled to a hearing in accordance with Indiana law and regulations. A summary suspension, exclusion, or sanctions for failure to cooperate shall not issue, however, if a horseman meets his or her burden to establish the good cause defense set forth under subsection (e). This provision does not apply to an owner or trainer who timely provides written notice under subsection (a) or (b) that a horse sought to be tested is not intended to be raced in Indiana and thereby renders the horse ineligible pursuant to subsection (b).

(h) The collection of blood or urine samples under this rule shall be collected as provided by [71 IAC 8.5-3-1](#) and shall be analyzed as follows:

(1) Approved primary laboratory for screening.

(2) Approved primary laboratory for confirmation.

(3) Approved laboratory for split sample testing as chosen by the owner or trainer.

The commission shall approve the laboratories for screening, confirmation, and split sample testing.

(i) The collection of hair samples under this rule shall be collected as provided by [71 IAC 8.5-3-1](#) and shall be analyzed as follows:

(1) Approved primary laboratory for screening.

(2) Approved primary laboratory for confirmation.

The commission shall approve the primary laboratories for screening and confirmation. A hair sample shall be ineligible for split sample testing.

(j) The licensed trainer of the horse is responsible for the condition of the horse sampled for an out of competition test while on the grounds of a licensed training facility or racetrack as follows:

(1) If the horse is sampled while not on the grounds of a licensed training facility or racetrack, then the

licensed owner shall be presumed to be the responsible person unless the owner can establish by substantial evidence that another licensed person had accepted the responsibility for the care, custody, and control of the horse, making such person the responsible person.

(2) If a horse sampled for an out of competition test was claimed, sold, or otherwise transferred during the time the substance giving rise to the positive test may have been administered, then the commission shall investigate to determine, by a preponderance of the evidence, the identity of the responsible person at the time such substance may have been administered.

(3) If the commission cannot determine a responsible person, then the commission may deem the owner responsible and place the horse on the veterinarian's list for such time as is necessary to protect the integrity of racing.

(4) A claimed horse is ineligible to be subjected to out of competition testing in the forty-eight (48) hours post claim unless the horse was subjected to post race testing.

(k) In the absence of extraordinary mitigating circumstances, a minimum penalty of a ten (10) year suspension will be assessed for any violation of subsection (f)(1) and (f)(2). The Association of Racing Commissioners International, Inc. Uniform Classification Guidelines for Foreign Substances and Recommended Penalties and Model Rule will be considered for violations of subsection (f)(3), (f)(4), and (f)(5) with additional penalties for any drug not FDA approved for use in horses.
